*Danger!* Arthur Conan Doyle,2022-05-12 First published in 1918 ‘Danger! And Other Stories’ is a collection of short stories by Sherlock Homes creator Sir Arthur Conan Doyle. The titular tale was originally published in 1914 in the Strand Magazine, and was intended to publicise the risk of submarine warfare which could threaten the country. Demonstrating incredible foresight, Conan Doyle recognised the risks that German U-Boats would surely pose, and these risks are central to the plot of this tale. Other stories in the collection include ‘One Crowded Hour’, ‘The Horror of the Heights’, and ‘The Surgeon of Gaster Fell’. Full of daring and adventure, this is a gripping short story collection from the much-loved author. Sir Arthur Conan Doyle (1859-1930) was a British author, best known as the creator of the world-famous detective Sherlock Holmes. Born in Edinburgh, he was educated in England and Austria before studying medicine at the University of Edinburgh. It was during his time at university that Doyle began writing short stories, submitting them to magazines and journals. His first Sherlock Holmes novel, ‘A Study in Scarlet’ was written in just three weeks and published in 1887 to favourable reviews, and more Sherlock adventures followed. By 1893, Doyle was growing tired of Sherlock and attempted to kill him off in the story ‘The Final Problem’, but public outcry caused him to resurrect the famous detective. He featured in a total of 56 short stories and four novels along with his trusty sidekick Dr Watson and made Doyle one of the best-paid authors of the time. The stories have been adapted multiple times; most recently in the successful BBC series ‘Sherlock’ starring Benedict Cumberbatch and Martin Freeman. Later literary works included the Professor Challenger series which began with ‘The Lost World’, in which Challenger sets out to find evidence of prehistoric life. The book inspired numerous adaptations, including the films ‘Jurassic Park’ and ‘The Lost World’. In later life Doyle became captivated by the world of spiritualism and the occult and published non-fiction works about his beliefs including ‘The Coming of the Fairies’. Arthur Conan Doyle died at home in 1930.

*Danger! and Other Stories* Conan Doyle,2020-08-13 A collection of short stories, some of which have to do with the war. The longest and most noteworthy of the ten tales which make up this book is the one which gives its name to the collection. Danger!. The most notable thing about Danger! is the fact that it was written about a year and a half before the outbreak of the great war. The events related in it resemble so closely those which have actually transpired during those four years; but when one recollects that no one of these had happened at the date when it was written, it becomes a very remarkable bit of prophecy.

And Other Stories The Title story of this volume was written about eighteen months before the outbreak of the war, and was intended to direct public attention to the great danger which threatened this country. It is a matter of history how fully this warning has been justified and how, even down to the smallest details, the prediction has been fulfilled. The writer must, however, most thankfully admit that what he did not foresee was the energy and ingenuity with which the navy has found means to meet the new conditions. The great silent battle which has been fought beneath the waves has ended in the repulse of an armada far more dangerous than that of Spain.
