Darkland Liz Williams,2013-10-24 In the far-distant future Vali Hallsdottir, assassin of an organisation known as the Skald, is sent on a mission to the world of Nhem. Her assignment is to eliminate the destructive patriarchal regime of the Hierolath. But shortly after her arrival, Vali finds herself betrayed by her mission partner, who is not the man he seems. Frey, once Vali's lover, has undergone a genetic transformation to disguise himself and has his own agenda for travelling to Nhem. After Vali's escape from the clutches of the Hierolath's militia she goes in search of Frey in order to discover the reasons for his betrayal. Her journey takes Vali to Darkland, where sinister forces known as the vitki wreak havoc... Praise for Liz Williams and her novel BANNER OF SOULS: 'A vivid adventure . . . that lingers long after the last page is turned' K. J. Bishop 'A gothic feast for the imagination that places Liz Williams in the first rank of visionary science fiction writers' Charles Stross 'Liz Williams is this generation's answer to Margaret Atwood and Sheri Tepper' Chris Moriarty

Hex Jenni Fagan,2022-03-03 A powerfully poignant tale of one of the most turbulent moments in Scotland's history: the North Berwick Witch Trials. IT'S THE 4TH OF DECEMBER 1591. On this, the last night of her life, in a prison cell several floors below Edinburgh's High Street, convicted witch Geillis Duncan receives a mysterious visitor – Iris, who says she comes from a future where women are still persecuted for who they are and what they believe. As the hours pass and dawn approaches, Geillis recounts the circumstances of her arrest, brutal torture, confession and trial, while Iris offers support, solace – and the tantalising prospect of escape. Hex is a visceral depiction of what happens when a society is consumed by fear and superstition, exploring how the terrible force of a king's violent crusade against ordinary women can still be felt, right up to the present day. 'This series has already produced two works of note and distinction. It raises the question – if a country cannot re-tell its history, will it be stuck forever in aspic and condemned to be nothing more than a shortbread tin illustration? Hex and Rizzio are showing the way towards a reckoning, and about time too' – Stuart Kelly, Scotland on Sunday

Nothing Left to Fear from Hell Alan Warner,2023-04-06 A battle lost. A daring escape. A long walk into obscurity. The ultimate failure.... In the aftermath of the disastrous Battle of Culloden, a lonely figure takes flight with a small band of companions through the islands and mountains of the Hebrides. His name is Charles Edward Stuart: better known today as Bonnie Prince Charlie. He had come to the country to take the throne. Now he is leaving in exile and abject defeat. In prose that is by turns poetic, comic, macabre, haunting and humane, multi- award-winning author Alan Warner traces the frantic last journey through Scotland of a man who history will come to define for his failure. 'Written in carefully crafted prose shot through with cleverly-deployed alliteration and assonance, this reimagining of Charles Edward Stuart's escape from Culloden is a triumph' – Stuart Kelly, The Scotsman

His decision however, was motivated by a multitude of reasons; Some were noble, while others simply stemmed from a desire to escape the direction his life was taking.He never knew the far-reaching implications that his decision would have, or that it would one day land him at the legendary Clouds College of Magic. The Hero of Aridhold is the first book into a fantasy epic that explores the desperate situation of mankind and the other estranged civilised races of Thylacine. Their survival exists among hostile territories dominated by scaleskins, roachkin and now demons too. To make matters worse, schemes and greed fester in Conorbata - the largest and most sheltered city on The Plateau - where the need for unity is greatest.
