Harriet L. Schwartz

Global English Slang Julie Coleman, 2014-01-10 Global English Slang brings together nineteen key international experts and provides a timely and essential overview of English slang around the world today. The book illustrates the application of a range of different methodologies to the study of slang and demonstrates the interconnection between the different sub-fields of linguistics. A key argument throughout is that slang is a function played by specific words or phrases rather than a characteristic inherent in the words themselves- what is slang in one context is not slang in another. The volume also challenges received wisdom on the nature of slang: that it is short-lived and that slang is restricted to verbal language. With an introduction by editor Julie Coleman, the topics covered range from Inner City New York slang and Hip Hop Slang to UK student slang and slang in Scotland. Authors also explore slang in Jamaica, Australia, New Zealand, India and Hong Kong and the influence of English slang on Norwegian, Italian and Japanese. A final section looks at slang and new media including online slang usage, and the possibilities offered by the internet to document verbal and gestural slang. Global English Slang is an essential reference for advanced undergraduates, postgraduates and researchers working in the areas of lexicology, slang and World Englishes.

Country Dezeebob Cowboy Chromicals 9 Desi Northup, 2013-06-06 From cover to cover, you'll never get bored reading the quotes, quips, cartoons and down to earth good old fashioned common sense country sayings. They provide insight into the ways things used to be, when a man was a man and a cowboy was a cowboy. There are generational truths that society has lived by for centuries, all brought back to life in this entertaining and ever changing presentation. These books you won't want to "shelf" after you read through them one time. Anybody, anywhere, anytime can pick up this book, or any other book in the series, and just start enjoying on any page.

Exploring Space Andrzej Ciuk, Katarzyna Molek-Kozakowska, 2013-02-14 Exploring space: Spatial notions in cultural, literary and language studies falls into two volumes and is the result of the 18th PASE (Polish Association for the Study of English) Conference organized by the English Department of Opole University and held at Kamień Śląski in April 2009. The first volume embraces cultural and literary studies and offers papers on narrative fiction, poetry, theatre and drama, and post-colonial studies. The texts and contexts explored are either British, American or Commonwealth. The second volume refers to English language studies and covers papers on lexicography, general linguistics and rhetoric, discourse studies and translation, second language acquisition/foreign language learning, and the methodology of foreign language teaching. The book aims to offer a comprehensive insight into how the category of space can inform original philological research; thus, it may be of interest to those in search of novel applications of space-related concepts, and to those who wish to acquire an update on current developments in English Studies across Poland (from the Preface).

National (un)Belonging: Bengali American Women on Imagining and Contesting Culture and Identity Roksana Badruddoja, 2022-07-18 In National (un)Belonging, Badruddoja focuses on the intersections of race, ethnicity, gender, sexuality, religion, citizenship, and nationalism among contemporary South Asian American women. Critiquing binary and hierarchical thinking prominent in cultural discourse, Badruddoja conveys the multidimensional nature of identity and draws a compelling illustration of why difference matters.

The Oxford Handbook of American Folklore and Folklife Studies Simon J. Bronner, 2019-08-06 The Oxford Handbook of American Folklore and Folklife Studies surveys the materials, approaches, concepts, and applications of the field to provide a sweeping guide to American folklore and folklife, culture, history, and society. Forty-three comprehensive and diverse chapters delve into significant themes and methods of folklore and folklife study; established expressions and activities; spheres and locations of folkloric action; and shared cultures and common identities. Beyond the longstanding arenas of academic focus developed throughout the 350-year legacy of folklore and folklife study, contributors at the forefront of the field also explore exciting new areas of attention that have emerged in the twenty-first century such as the Internet, bodylore, folklore of organizations and networks, sexual orientation, neurodiverse identities, and disability groups. Encompassing a wide range of cultural traditions in the United States, from bits of slang in private conversations to massive public demonstrations, ancient beliefs to contemporary viral memes, and a simple handshake greeting to group festivals, these chapters consider the meanings in oral, social, and material genres of dance, ritual, drama, play, speech, song, and story while drawing attention to tradition-centered communities such as the Amish and Hasidim, occupational groups and their workaday worlds, and children and other age groups. Weaving together such varied and manifest traditions, this handbook pays significant attention to the cultural diversity and changing national boundaries that have always been distinctive in the American experience, reflecting on the relative youth of the nation; global connections of customs brought by immigrants; mobility of residents and their relation to an indigenous, urbanized, and racialized population; and a varied landscape and settlement pattern. Edited by leading folklore scholar Simon J. Bronner, this handbook celebrates the extraordinary richness of the American social and cultural fabric, offering a valuable resource not only for scholars and students of American studies, but also for the global study of tradition, folk arts, and cultural practice.

Decoding Destiny Pooja Mankani Uchil, 2017-06-16 Decoding Destiny is the story of Yana, Sanaya and Ritu, who live in Dubai – the City of Dreams. Yana, an ex-airhostess, has given up her glamorous job in the skies to follow her two goals; one, to start her own event management company and two, to find the old-fashioned bookish kind of love. She lands in a complete mess when she is smitten by Abhilash, whose friend, Kapil, ends up having a crush on her. In the midst of all this drama, Ritu, who hails from a traditional Gujarati family, and had almost been married at eighteen, ends up having a secret affair with an upcoming model. Sanaya, who has put her dreadful past behind, is now a certified counselor, who doesn't like risking anything in life. Will she be able to guide her friends through their mess? Will Ritu's involvement cost her more than she bargained for? Will Yana find her old-fashioned, bookish kind of love while focusing on her career goals?

The Intelligible Metropolis Nora Pleßke, 2014-08-31 Writings on the metropolis generally foreground illimitability, stressing thereby that the urban ultimately remains both illegible and unintelligible. Instead, the purpose of this interdisciplinary study is to demonstrate that mentality as a tool offers orientation in the urban realm. Nora Pleßke develops a model of urban mentality to be employed for cities worldwide. Against the background of the Spatial Turn, she identifies dominant urban-specific structures of London mentality in contemporary London novels, such as Monica Ali's »Brick Lane«, J.G. Ballard's »Millennium People«, Nick Hornby's »A Long Way Down«, and Ian McEwan's »Saturday«.

Suburban Sahibs S. Mitra Kalita, 2005 Focuses on three waves of immigration in the post-civil rights era through the stories of three families: the Kotharis, Patels and Sarmas. This book attempts to answer the question of how and why they arrived, and it offers a window into what America has become; a nation of suburbs as well as a nation of immigrants.

Desi Rap Ajay Nair, Murali Balaji, 2008 Desi Rap is a collection of essays from South Asian American activists, academics, and hip-hop artists that explores four main ideas: hip-hop as a means of expression of racial identity, class status, gender, sexuality, racism, and culture; the appropriation of Black racial identity by South Asian American consumers of hip-hop; the furthering of the discourse on race and ethnic identity in the United States through hip-hop; and the exploration of South Asian Americans' use of hip-hop as a form of social protest. Ultimately, Desi Rap is about broadening our horizons through hip-hop and embracing the South Asian American community's polycultural legacy and future.--BOOK JACKET.

Desi Land Shalini Shankar, 2008-10-27 Desi Land is Shalini Shankar's lively ethnographic account of South Asian American teen culture during the Silicon Valley dot-com boom. Shankar focuses on how South Asian Americans, or "Desis," define and manage what it

means to be successful in a place brimming with the promise of technology. Between 1999 and 2001 Shankar spent many months “kickin’ it” with Desi teenagers at three Silicon Valley high schools, and she has since followed their lives and stories. The diverse high-school students who populate Desi Land are Muslims, Hindus, Christians, and Sikhs, from South Asia and other locations; they include first- to fourth-generation immigrants whose parents’ careers vary from assembly-line workers to engineers and CEOs. By analyzing how Desi teens’ conceptions and realizations of success are influenced by community values, cultural practices, language use, and material culture, she offers a nuanced portrait of diasporic formations in a transforming urban region. Whether discussing instant messaging or arranged marriages, Desi bling or the pressures of the model minority myth, Shankar foregrounds the teens’ voices, perspectives, and stories. She investigates how Desi teens interact with dialogue and songs from Bollywood films as well as how they use their heritage language in ways that inform local meanings of ethnicity while they also connect to a broader South Asian diasporic consciousness. She analyzes how teens negotiate rules about dating and reconcile them with their longer-term desire to become adult members of their communities. In *Desi Land* Shankar not only shows how Desi teens of different socioeconomic backgrounds are differently able to succeed in Silicon Valley schools and economies but also how such variance affects meanings of race, class, and community for South Asian Americans.

Voices of the Asian American and Pacific Islander Experience [2 volumes] Sang Chi, Emily Moberg Robinson, 2012-02-13 This unique work presents an extraordinary breadth of contemporary and historical views on Asian America and Pacific Islanders, conveyed through the voices of the men and women who lived these experiences over more than 150 years. In 1848, the First Wave of Asian immigration arrived in the United States. By the first decade of the 21st century, Asian Americans were the nation's fastest growing racial group. Through a far-ranging array of primary source documents, *Voices of the Asian American and Pacific Islander Experience* shares what it was like for these diverse peoples to live and work in the United States, for better and for worse. Organized chronologically by ethnicity, the book covers a panoply of ethnic groups, including recent Asian immigrants and mixed race/mixed heritage Asian Americans. There is also a topical section that showcases views on everything from politics to class to gender dynamics, underscoring that the Asian American population is not—nor has it ever been—monolithic. In choosing material, the editors strove to make the volume as comprehensive as possible. Thus, readers will discover documents written by transnational, adopted, and homosexual Asian Americans, as well as documents written from particular religious positions.

Feminist Food Studies Barbara Parker, Jennifer Brady, Elaine Power, Susan Belyea, 2019-08-21 This expansive collection enriches the field of food studies with a feminist intersectional perspective, addressing the impacts that race, ethnicity, class, and nationality have on nutritional customs, habits, and perspectives. Throughout the text, international scholars explore three areas in feminist food studies: the socio-cultural, the corporeal, and the material. The textbook’s chapters intersect as they examine how food is linked to hegemony, identity, and tradition, while contributors offer diverse perspectives that stem from biology, museum studies, economics, popular culture, and history. This text’s engaging writing style and timely subject-matter encourage student discussions and forward-looking analyses on the advancement of food studies. With a unique multidisciplinary and global perspective, this vital resource is well-suited to undergraduate students of food studies, nutrition, gender studies, sociology, and anthropology.

Regional Language Television in India Mira K. Desai, 2021-11-21 This book examines the evolution and journey of regional language television channels in India. The first of its kind, it looks at the coverage, uniqueness, ownership, and audiences of regional channels in 14 different languages across India, covering Hindi, Bengali, Marathi, Telugu, Tamil, Urdu, Assamese, Bhojpuri, Gujarati, Kannada, Kashmiri, Odia, Punjabi, and Malayalam. It brings together researchers, scholars, media professionals, and communication teachers to document and reflect on language as the site of culture, politics, market, and social representation. The volume discusses multiple media histories and their interlinkages from a subcontinental perspective by exploring the trajectories of regional language television through geographical boundaries, state, language, identities, and culture. It offers comparative analyses across regional language television channels and presents interpretive insights on television culture and commerce, contemporary challenges, mass media technology, and future relevance. Rich in empirical data, this book will be an essential read for scholars and researchers of media studies, television studies, communication studies, sociology, political studies, language studies, regional studies, and South Asian studies. It will also be useful to professionals and industry bodies in television media and is broadcasting, journalists, and television channels.

The Bride from India Kulbir Padda, 2011-09-12 The Bride from India is a story of the ambitions and conflicts of the people from different cultures as they melt in the US pot. Manjit and Raj Pandher are Indian immigrants living in Houston, Texas. They succeed in marrying their son, Paul to Simmi from Punjab, after an elaborate Indian arranged matrimonial process, completely oblivious to the surprise awaiting them. On the other hand, the concept of the life in America that Simmi had developed in her mind from TV and internet is not what she encounters when she lands in the US. She renews her contact with her old lover in India..

Bollywood Weddings Kavita Ramdya, 2009-12-03 *Bollywood Weddings* explores how Indian-American Hindus negotiate two vastly different wedding cultures: those of mainstream America and of Hindu India. Based on extensive ethnographic fieldwork and drawing on recent advances in material culture studies, Ramdya suggests that Bollywood, whose Indian origins grants it authenticity from the Hindu perspective and whose emphasis on romance accommodates American values, emerges as the key mediating third culture that allows Indian-American Hindus to reinforce their community's identity as ethnic and American even as it confirms that success in America need not be bought at the expense of one's religious background and cultural heritage.

Eurasia's Regional Powers Compared - China, India, Russia Shinichiro Tabata, 2014-12-17 Taking a long view, and a wide perspective, this book by Japan's leading scholars on Asia and Eurasia provides a comprehensive and systematic comparison of the three greatest powers in the region and assesses how far the recent growth trajectories of these countries are sustainable in the long run. The book demonstrates the huge impact on the region of these countries. It examines the population, resource and economic basis for the countries' rise, considers political, social and cultural factors, and sets recent developments in a long historical context. Throughout, the different development paths of the three countries are compared and contrasted, and the new models for the future of the world order which they represent are analysed.

Dreaming in Canadian Faiza Hirji, 2010-10-27 As various nations wrestle with issues of immigration, integration, and pluralism, second-generation immigrants are exploring new ways to make sense of who they are and where they belong in the face of competing cultural demands. *Dreaming in Canadian* turns the spotlight on the role of Bollywood cinema in the production of cultural, religious, and national identities among South Asian youth in Toronto, Vancouver, and Ottawa. By documenting the voices of these young adults and how they draw on media in the formation of uniquely hybrid identities, this book interrogates the realities that underpin media portrayals of diaspora, nationalism, and multiculturalism.
