*Amazing Dessert recipes: raw vegan chocolates, cakes, cookies and ice cream* ,2023-12-26 welcome to my sweetly raw kitchen I’ve had a sweet tooth my entire life. I come by it honestly, as the whole Pace family has a love for sugar. My earliest kitchen memories are of standing beside my mom while she baked chocolate chip cookies just so that I could lick the beaters. My childhood was filled with blueberry pancakes drenched in pure maple syrup that my mom made after going blueberry picking in the forest, frosty vanilla milkshakes from the lakefront restaurant in my town that is only open during the summertime, and hot chocolate with a doughnut after swimming lessons in the lake. I no longer eat those kind of treats, but I still have a mega sweet tooth and I indulge in dessert every day. The difference is that now I eat raw vegan desserts that are made with real food, packed with nutrition, and void of most common allergens. I’m fortunate enough to have started eating this way purely by choice. At the age of fourteen, I was introduced to the idea of eating whole, fresh foods instead of packaged, pasteurized, and animal-based foods. The idea resonated with me so much that I naturally made the transition to a vegan diet and started cooking for myself. Many people are drawn to raw food due to weight problems, allergy, or illness and have great success in healing with this diet. Regardless of your reason for wanting to make raw desserts, I’m here to show you how easy and delicious they can be. The recipes in this book are free of gluten, dairy, eggs, grains, refined sugar, soy, and corn. It’s time to throw away the notion that dessert is “bad.” This style of eating is both healthy and delicious. You’ll notice that your body responds differently to raw desserts than it does to regular cooked ones. You’ll feel light and energetic after eating them instead of tired and heavy. Enjoy a fresh fruit pudding or parfait for breakfast, eat a superfood bar for an afternoon snack, indulge in a piece of cheesecake for dessert—and you’ll probably lose a few pounds along the way. Just remember that even these desserts are a treat. Eat your veggies, too! If you’re new to the world of raw desserts, you’ll be amazed at how delicious a few simple ingredients can be and you may quickly come to appreciate the taste and satisfaction of fruit and nuts as an alternative to sugary snacks. If you’ve been into raw food for a while, you already know what a treat you’re in for with raw desserts. Regardless of your kitchen experience and your palate, I can assure you that there are recipes in this book for you. You’ll find everything from one-step desserts to more elaborate preparations that require several steps, and even some special-occasion-worthy desserts that take a few days to make. My wish for you is to play with these recipes using them as a launching pad to create versions that will suit your taste and accommodate ingredients you have on hand. Substitute an ingredient, find a new way to present a dessert, and most of all, be fearless in the kitchen. Take a risk. You never know what delicious treat you might come up with. In my experience, raw desserts are the best introduction to raw food for most people. Share your dessert creations with friends and family, and watch their faces light up as they take a bite. When they ask what’s in it, you have the perfect opportunity to tell them about raw food!

**Flavorful** Tish Boyle,2015 More than 150 recipes for desserts of all kinds celebrating America's nine favorite flavors, from chocolate and vanilla to caramel and coffee, organized into chapters by flavor.

**Vegan Desserts** Hannah Kaminsky,2013-11-01 Featuring more than one hundred simple but scrumptious recipes, Vegan Desserts offers alternatives to treats that are normally heavily laden with butter, eggs, and other animal products. With an emphasis on fresh fruits, vegetables, and herbs, this is a cookbook that any dessert lover will enjoy. Kaminsky insists that fresh, local produce—at the peak of ripeness—offers incomparable flavors that cannot be replicated with any amount of sugar, salt, or any baking extracts. As a result, her creative recipes will appeal to health-conscious bakers (all recipes are low in cholesterol and many feature natural sweeteners and whole grains), though even the sweetest sweet teeth among us will be more than satisfied by these tantalizing treats. From luscious lemon mousse and roasted apricot ice cream to black velvet cupcakes and almond chocolate blossoms, readers will find exciting new desserts as well as 100 percent–vegan versions of old favorites. Clear, precise directions guide readers through every step, and a mouthwatering photo accompanies each recipe. Golden saffron pound cake, no-bake pumpkin crème brûlée, black pearl truffles, chai poached pears, apricot frangipane tart—this cookbook has something for every dessert lover.

**Gluten and Yeast Free VEGAN DESSERTS** Barbara De Filippis,2020-09-08 Welcome to my collection of vegan, gluten-free and yeast-free desserts recipes!In this cookbook you'll find recipes for cakes, biscuits, muffins, cupcakes, fritters, donuts, spoon desserts, christmas holiday cakes, ice creams, granites, sorbets, and raw desserts... Italian homegrown versions and traditional recipes from all around the world: you just have to choose where to start from!If you are interested in the reason why I wrote this book....let me satisfy your curiosity! Everything dates back in 2014, when I started eating vegan (for ethical reasons), gluten free and yeast-free (for health reasons), and therefore had to try out new ways of preparing both salty and sweet dishes. I went through many experiments, failures, successes, changes, adaptations...I went on for a long collecting just for myself on my notebook those, among my recipes, whose final result was deliciously tasting and particularly good looking, until that moment when I realized... that my personal recipes collection was becoming so so so huge, and that it would have been truly silly to keep all that magic for myself only. That's why I decided to divide my recipes by topic (salty, sweet, etc.) and to publish them in user friendly e-formats and paper books. To some of you this book will provide a sort of big relief (I hope so!): so it would have been for me when I started eating vegan and had to start gluten and yeast free also...I would have loved to find a complete collection of recipes totally suitable for me...and above all a real desserts cookbook where each recipe did not contain at all neither animal derivatives, nor gluten, nor yeast. But things went differently and it came out that I be the person to write such a desirable recipes collection and...that's okay, that's life :) !The thing is... when you make a compassionate and conscious food choice, such as the vegan one, and when you find yourself with a series of food intolerances, preparing desserts can become really complicated. It is true that it's fun to experiment, modernize, change, the many recipes that are on the web, but it is also true that often you just want to prepare a nice cake for breakfast, without wasting time, relying on a safe recipe. And that's what really prompted me to create this book: the desire to give others the opportunity to have a reliable and ready-to-use cookbook. All you have to do now is get the ingredients, weigh them, and follow the steps I'll explain, and voilà ... On your table many beautiful and above all super tasty cakes will appear! All the time you would have had to use in culinary experiments now can be used for yourself and your family.Enjoy this book and your meal!...About the author: Barbara De Filippis, born in 1973, from Rome, graduated in Foreign Languages and Literature with a philological-literary orientation, specialized in Literary Translation and, subsequently, in Education for Peace, Cooperation and Sustainable Development, lives in Sardinia (Italy) with her husband and son. She is already known in the world of literature for her many novels (including some romances published under the pseudonym of Paulina B. Lawrence), for her books on conscious nutrition and natural

healing, and for her bedtime stories for children (English version available).
