

Diamonds Story

Tijl Vanneste

The Story Behind Diamonds Heidi Moore,2009-01-01 Discusses the history, scientific makeup, and cultural significance of diamonds, and includes information on their uses and stories about famous diamonds.

Precious Objects Alicia Oltuski,2012-07-03 A tour of the diamond industry explores the historically rich network connecting Communist Siberia, Israel, and New York's diamond district, and profiles some of the industry's more colorful characters, including the author's father.

The Story of Diamonds Jean Milne,2000 Discusses the history, scientific makeup, and cultural significance of diamonds, their uses, and stories about famous diamonds.

The Story of Diamonds Arthur Cecil Austin,Marion Mercer,1948

Diamonds Jack Ogden,2018-05-08 A lavishly illustrated, in-depth early history covering two thousand years of diamond jewelry and commerce, from the Indian mines to European merchants, courts, and workshops This richly illustrated history of diamonds illuminates myriad facets of the “king of gems,” including a cast of larger-than-life characters such as Alexander the Great, the Mughal emperor Jahangir, and East India Company adventurers. It’s an in-depth study tracing the story of diamonds from their early mining and trade more than two thousand years ago to the 1700s, when Brazil displaced India as the world’s primary diamond supplier. Jack Ogden, a historian and gemologist specializing in ancient gems and jewelry, describes the early history of diamond jewelry, the development of diamond cutting, and how diamonds were assessed and valued. The book includes more than one hundred captivating images, from close-up full-color photographs of historic diamond-set jewelry (some previously unpublished), to photomicrographs of individual gems and illustrations of medieval manuscripts, as well as diagrams depicting historical methods of cutting and polishing diamonds.

Acres of Diamonds Russell H. Conwell,1915 Russell H. Conwell Founder Of Temple University Philadelphia.

Brilliance and Fire Rachelle Bergstein,2016-06-07 From the author of *Women from the Ankle Down* comes a lively cultural biography of diamonds, which explores our society’s obsession with the world’s most brilliant gemstone and the real-world characters who make them shine. “A diamond is forever.” Who among us doesn’t recognize this phrase and, with it, the fascination that these shiny gemstones hold in our collective imagination as symbols of royalty, stars, and eternal love? But who gave us this catchphrase? Where do these gemstones and their colorful legacies originate? How did they become our culture’s symbol of engagement and marriage? Why have they retained their coveted status throughout the centuries? Rachelle Bergstein’s cultural biography of the diamond illuminates the enticing, often surprising story of our society’s enduring obsession with the hardest gemstone—and the people who have worked tirelessly to ensure its continued allure. From the South African mines where most diamonds have been sourced since the late 1890s to the companies who have fought to monopolize them; from the stars who have dazzled in them to the people behind the scenes who have carefully crafted our understanding of their value—*Brilliance and Fire* offers a glittering history of the world’s most coveted gemstone and its greatest champions and most colorful enthusiasts. *Brilliance and Fire* is illustrated with 16 pages of color photographs.

The Story of Diamonds Arthur Cecil Austin,Marion Mercer,1935

Young Skins Colin Barrett,2015-03-03 A blockbuster collection from one of Ireland’s most exciting young voices: “Sharp and lively . . . a rough, charged, and surprisingly fun read” (Interview). A National Book Foundation 5 Under 35 Honoree * Winner of the Frank O’Connor International Short Story Award * Winner of the Guardian First Book Award * Winner of the Rooney Prize for Irish Literature Enter the small, rural town of Glanbeigh, a place whose fate took a downturn with the Celtic Tiger, a desolate spot where buffoonery and tension simmer and erupt, and booze-

sodden boredom fills the corners of every pub and nightclub. Here, and in the towns beyond, the young live hard and wear the scars. Amongst them, there's jilted Jimmy, whose best friend Tug is the terror of the town and Jimmy's sole company in his search for the missing Clancy kid; Bat, a lovesick soul with a face like "a bowl of mashed up spuds" even before Nubbin Tansey's boot kicked it in; and Arm, a young and desperate criminal whose destiny is shaped when he and his partner, Dymrna, fail to carry out a job. In each story, a local voice delineates the grittiness of post boom Irish society. These are unforgettable characters rendered through silence, humor, and violence. "Lyrical and tough and smart . . . What seems to be about sorrow and foreboding turns into an adventure, instead, in the tender art of the unexpected." —Anne Enright, Man Booker Prize Award-winning author "Sometimes comic, sometimes melancholy, *Young Skins* touches the heart, as well as the mind." —Irish American Post

Diamond Emily Hahn, 1956

Diamonds Renee Newman, 2021-10 The beauty and sparkle and mystique of diamonds is unmatched by that of any other gem in the world. Since early times, diamonds have been treasured as good luck charms, remarkable tools and status symbols and have been worn, collected and presented as lavish gifts. Today, diamonds remain among the most sought-after gemstones and continue to hold their value through good times and bad. In *Diamonds*, author Renée Newman, a graduate gemologist and author of many trade-level handbooks on gemstones, invites the reader on a journey into the fascinating world of diamonds. This lavishly illustrated guide -- which features hundreds of photos, maps and diagrams -- covers everything from mining, cutting and evaluating diamonds to the romantic histories of some of the world's most valuable stones. *Diamonds* includes chapters on: What a diamond is -- its significance from antiquity to the present day and what it represents from different perspectives The process and history of mining diamonds -- the locations (both modern and historical) as well as the techniques used to mine diamonds The evolution of diamond cutting -- how a diamond is processed and what are the key cuts and shapes to know Diamond jewelry through the ages -- how diamonds have been used in jewelry from pre-Georgian times to today Evaluating and pricing diamonds -- how diamonds are priced based on their many value factors, such as color, carat weight, cut, clarity, and so on Man-made diamonds The remarkable benefits of diamonds. As beautiful as they are precious and as useful as they are decorative, diamonds continue to fascinate and allure. *Diamonds* will be a welcome guide for anyone who has felt the romance and power of these fascinating gems. It will also be a useful resource for professionals in the jewelry trade.

A Sky of Diamonds Camille Gibbs, 2015-02-21 When Mia learns that her mother has died, all the colour in her world changes to a dreary grey. She feels guilty, angry, sad and lost (sometimes all at once!), and she doesn't know what to do to feel better. Little by little, with the help of her Dad, Mia learns how to cope with her difficult feelings. Together, they remember her mother by creating memory boxes, and they even get rid of anger by crazily sloshing paints and punching holes in newspapers! In the end, Mia finds her own, very special way of coping. When she feels sad or lonely, she looks up to the stars. Full of practical strategies, this storybook for children aged 5-9 addresses loss, grief and hope. Written from the perspective of Mia who has experienced the sudden death of her mother, it covers the different stages of grief, from initial disbelief, anger and sadness to resolution and hope. The book highlights the importance of giving children the time and space to work through their feelings and provides a host of thoughtful activities to help them cope. It also addresses some of the questions children commonly ask about death. Uniquely illustrated, this book will be an invaluable resource for anyone supporting a grieving child, especially bereavement counsellors, social workers, teachers and other school staff, as well as parents.

Flawless Scott Andrew Selby, Greg Campbell, 2012 Tells the story with the gripping pace of a true-crime 'Ocean's Eleven.' The New York Post • Like a diamond, this true-life caper is clear, colorful, and brilliant. Publishers Weekly [Starred Review] The Antwerp Diamond Center was one of the most secure buildings in the world. With hundreds of millions of dollars' worth of diamonds stored in its subterranean vault, it had to be. Located in

the heart of Belgium's ultra-secure Antwerp Diamond District, it benefited from two police stations, armed patrols, extensive video surveillance, and vehicle barriers securing an area where 80 percent of the world's diamonds traded hands. But on February 15, 2003, a band of skilled Italian thieves — fronted by the charming Leonardo Notarbartolo, who spent over two years clandestinely casing the building — subverted every one of the Diamond Center's defenses and made off with a record amount of loot. Experts estimate they got away with nearly half a billion dollars in diamonds, cash and other valuables. They'd pulled off the biggest heist in history--everybody loves diamonds and they now had more than any thief before them. The robbers did it with stealth and smarts; no one was hurt or even threatened during what was quickly labeled the largest diamond heist in history. The bandits — members of a group of professional thieves known as The School of Turin — used cunning in lieu of violence, successfully evading security cameras, thwarting an array of electronic sensors, and penetrating a vault protected by a double-locked foot-thick steel door. Even when the police zeroed in on who committed the crime, how it was done remained a mystery, like something out of a heist movie or TV show. Flawless is a fast-paced global scavenger hunt uncovering the truth behind the daring Valentine's Day weekend heist. Tracking clues, sources, and documents throughout Europe — from seedy cafés in Turin, Italy to sleek diamond offices in Antwerp, Belgium — authors Scott Selby and Greg Campbell retrace Notarbartolo's careful discovery of the building's security flaws. They recreate the heist and its aftermath — detailing how the thieves brilliantly neutralized each element of the security protecting the Diamond Center's vault while inviting the readers into the secretive world of diamonds and diamond dealing. The result is a thrilling ride through the better-than-fiction heist of the century. Fans of caper books and movies will be in seventh heaven. Booklist [Starred Review]

Blood, Sweat and Earth Tjil Vanneste, 2021-09-16 A sweeping history of our enduring passion for diamonds—and the exploitative industry that fuels it. Blood, Sweat and Earth is a hard-hitting historical exposé of the diamond industry, focusing on the exploitation of workers and the environment, the monopolization of uncut diamonds, and how little this has changed over time. It describes the use of forced labor and political oppression by Indian sultans, Portuguese colonizers in Brazil, and Western industrialists in many parts of Africa—as well as the hoarding of diamonds to maintain high prices, from the English East India Company to De Beers. While recent discoveries of diamond deposits in Siberia, Canada, and Australia have brought an end to monopolization, the book shows that advances in the production of synthetic diamonds have not yet been able to eradicate the exploitation caused by the world's unquenchable thirst for sparkle.

Diamonds, 1964

Fire in the Earth James Remington McCarthy, 2012-10 A Comprehensive Look Into The Precious Stone Known As The Diamond. The Book Examines Famous Diamonds Of The World, The Mining Of Diamonds, Diamonds Used For Fashion, Industrial Diamonds, And How To Buy Diamonds. Included Are Photographs, Bibliography, And Index.

Crystal Clear Victor Argenzio, 1977 Describes the formation, properties, and uses of diamonds, where they are found, how they are cut, and stories of the great diamonds of the world.

Marley Was a Saint I. G. Snyder, 2016-06-14 You admire people who live life to the fullest. Individuals who wake up each morning excited about what the coming day will bring. Diamond was this kind of a dog. Every day was a new adventure in the life of Diamond. He lived life with gay abandon, pushing himself to the limit, trying something new, while at the same time pushing his owners to their limits. He was an incredible athlete, perfecting, creating, and developing every kind of retrieving ever imagined. He was bred to retrieve, born to retrieve, loved to retrieve and lived to retrieve. This perfection, this obsession was almost the undoing of Diamond and the residents of the stone cottage. If you enjoyed Marley & Me, you will find reading this story of an even wilder Labrador retriever thoroughly amusing. You will feel better about your dogs rambunctious or unusual

behavior after you compare your puppys behavior to that of Diamond. And in the end, I hope you adopt Diamonds outlook on life: Every day was the first day of the rest of his life. Every day was another page in the book of his marvelous adventure called life. There were no regrets; there was no looking back. He just looked forward to the fun and joy the next sunrise would bring.

Argyle Stuart Kells,2021-03 The remote Kimberley region of Western Australia has a rich history and unique geography. In the 1960s De Beers, the world's largest diamond company, sent gem-hunters to the area but they came away empty-handed. It was a vast region to survey, and they'd overlooked something vital. A few years later, a team of Australian geologists with a tiny budget searched for even tinier mineral clues. Those clues led them to the earth's largest diamond deposit and the world's richest source of rare pink diamonds. Based on in-depth research and interviews-including with Alan King Jones, Bill Leslie and 'the father of Australian diamonds', Ewen Tyler-Argyle: The Impossible Story of Australian Diamonds details the almost overwhelming challenges with realising a diamond mining venture in Australia, shows how these obstacles were overcome, and explores the mine's impact and legacy.

Diamonds in the Desert Olga Levinson,1983 This well written anecdotal account of the early days of diamond production in Namibia focuses on the settler pioneer August Stauch, who has also become a legend among the settler community today. The author gives a vivid description of the major diamond discoveries and the rush for claims in 1908, followed by the struggle for control and monopoly which eventually led to the takeover by De Beers. It also deals with the political career of August Stauch as a member of the old Landesrat and of the Legislative Assembly established in 1926, and describes the fall of his business empire in Germany and Namibia in the interwar period. The biography glorifies a time which, in the overall history of diamond mining in Namibia, is relatively unimportant, and tends to reinforce dearly held colonial myths (the men who made South West). It is lavishly illustrated with photos, drawings and facsimile prints of documents. (Eriksen/Moorsom 1989).

Whispering the Strategies of Language: An Mental Journey through **Diamonds Story**

In a digitally-driven earth wherever displays reign great and quick communication drowns out the subtleties of language, the profound secrets and mental subtleties hidden within words frequently move unheard. However, located within the pages of **Diamonds Story** a charming fictional treasure pulsating with organic emotions, lies an extraordinary journey waiting to be undertaken. Composed by a talented wordsmith, this enchanting opus attracts viewers on an introspective journey, delicately unraveling the veiled truths and profound influence resonating within the very material of each word. Within the psychological depths of the touching evaluation, we can embark upon a heartfelt exploration of the book is core themes, dissect its captivating publishing style, and fail to the powerful resonance it evokes strong within the recesses of readers hearts.
