14.0px} Alisik awakes in a cemetery. Frightened, she tries to flee

only to discover that nobody can see her, touch her, or help her...

Alisik is dead. Worse, she is trapped between worlds, between hell

and paradise, awaiting a judgement which is slow to come. "A sad

and sweet allegory for teenage isolation, Alisik has the look of a

Tim Burton fable, but a strange morality that's all its own." – Edie

Nugent, The Comics Beat "A charmingly beautiful foray into the

afterlife... a mixture of Tim Burton, Stephen Gammell, Wang Zhijie,

and Mark Ryden." – Jonathan Barkan, Dread Central

Beyond the Blue Border Dorit Linke,2021-09-07 Hanna and

Andreas will do anything to leave oppressive East Germany

behind. There's one escape route open to them, but can they

survive it? Hanna and Andreas have always been friends. When

they're expelled from school for activism directly challenging the

socialist state in East Germany, they end up doing factory work.

But what kind of life do they have to look forward to without

education or opportunity? Especially when they aren't allowed a

voice? The choice to risk imprisonment or death by escaping to the democratic West seems like a risk worth taking. They set out to swim twenty-five hours across the choppy waters of the Baltic Sea. Linke's storytelling achieves a delicate balance between heightened moments of danger--searchlights, jellyfish, a Russian helicopter, a violent summer storm--and the monotony, ineffable fatigue, physical pain, cramping, fear, and hope that fill the rest of the journey. A memorable tale of two people risking all for a chance at freedom.

Roy & Al Ralf König, 2006-09-01 *Roy & Al* is the first English-language book by Europe's most popular gay cartoonist, Germany's Ralf König, whose collections have sold over 250,000 copies and have been translated into five languages. *Roy & Al* is a hilarious, erotically charged series of gay comics starring two dogs whose owners are dating. Al, a purebred, is rather fey, and treats the unsophisticated with disdain, while Roy, a mongrel, is coarser and more down-to-earth (and a tad overweight). Any similarities between masters and dogs are strictly intentional. *Roy & Al* is an uproarious vision of contemporary gay life through the eyes of man's best friend.

Maybe-- Maybe Not, Again! Ralf König, 1999 Germany's most

popular cartoonist tells the uproarious tale of a heterosexual man who may or may not stay that way. This book and its sequel were the basis for the largest grossing movie in German history.

It's Good We Talked about That Centrala,2022-02-22

The Center of the World Andreas Steinhofel,2008-12-10

Seventeen-year-old Phil has felt like an outsider as long as he can remember. All Phil has ever known about his father is that he was Number Three on his mother's long list—third in a series of affairs that have set Phil's family even further apart from the critical townspeople across the river. As for his own sexuality, Phil doesn't care what the neighbors will think; he's just waiting for the right guy to come along. But Phil can't remain a bystander forever. Not when he's surrounded by his mother, Glass, who lives by her own rules and urges Phil to be equally strong; his sister, Dianne, who is abrupt and willful, with secrets to share; his uncle Gable, a restless mariner, defined by his scars; his best friend, Kat, who is generous but possessive. And finally, there is distant Nicholas, with whom Phil falls overwhelmingly in love—until he faces the ultimate betrayal and must finally find his worth . . . and place in the world.

The Automatic Detective A. Lee Martinez,2008-02-05 From the award-winning author of Gil's All Fright Diner comes a fantastic sci-

fi mystery read *The Automatic Detective* Even in Empire City, a town where weird science is the hope for tomorrow, it's hard for a robot to make his way. It's even harder for a robot named Mack Megaton, a hulking machine designed to bring mankind to its knees. But Mack's not interested in world domination. He's just a bot trying to get by, trying to demonstrate that he isn't just an automated smashing machine, and to earn his citizenship in the process. It should be as easy as crushing a tank for Mack, but some bots just can't catch a break. When Mack's neighbors are kidnapped, Mack sets off on a journey through the dark alleys and gleaming skyscrapers of Empire City. Along the way, he runs afoul of a talking gorilla, a brainy dame, a mutant lowlife, a little green mob boss, and the secret conspiracy at the heart of Empire's founders---not to mention more trouble than he bargained for. What started out as one missing family becomes a battle for the future of Empire and every citizen that calls her home. The Mentor Daniel Kehlmann, 2017-05-04 Benjamin Rubin is a cantankerous old writer, whisky aficionado and pedant, still basking in the reflected glory of long-ago success. Martin Wegner is a

rising young literary star, heralded as 'the voice of his generation'. When Martin is given the opportunity to develop his new play under the mentorship of his idol, the writers meet in a dilapidated art-nouveau villa somewhere in the German countryside. Two massive egos are set on a collision course in this perceptive and compelling comedy about art and artists and the legacy of fame. Christopher Hampton's translation of *The Mentor* by Daniel Kehlmann premiered at the Ustinov Studio, Theatre Royal Bath, in April 2017.

Inkdeath (Inkheart Trilogy, Book 3) Cornelia Funke, 2011-10-01

The masterful conclusion to the epic, award-winning, NYT bestselling INKHEART trilogy by internationally acclaimed author Cornelia Funke. The Adderhead--his immortality bound in a book by Meggie's father, Mo--has ordered his henchmen to plunder the villages. The peasants' only defense is a band of outlaws led by the Bluejay--Mo's fictitious double, whose identity he has reluctantly adopted. But the Book of Immortality is unraveling, and the Adderhead again fears the White Women of Death. To bring the renegade Bluejay back to repair the book, the Adderhead kidnaps all the children in the kingdom, dooming them to slavery in his silver mines unless Mo surrenders. First Dustfinger, now Mo: Can

anyone save this cursed story?

Affairs of State Dominique Manotti, 2009-12-01 Dominique Manotti is back on form with a tale of intrigue and corruption. A call-girl whose black book lists her elite international clients is found murdered in an underground garage; a plane bound for Iran laden with illegal arms disappears from the skies over Turkey, and the president's closest adviser Bornard, head of a controversial Elysee security unit, manipulates the system with consummate ease - and illegality. Until the day when rookie investigator Noria Ghozali determines to untangle the threads which bind these events together. In doing so she penetrates the Elysee's innermost system, confronts the workings of money and corruption within government, and in the process is forced to combat the institutional - and overt - racism which repeatedly stalls her.

Gil's All Fright Diner A. Lee Martinez, 2006-06-27 Bloodier than Fried Green Tomatoes! Funnier than The Texas Chainsaw Massacre! Welcome to Gil's All Night Diner, where zombie attacks are a regular occurrence and you never know what might be lurking in the freezer . . . Duke and Earl are just passing through

Rockwood county in their pick-up truck when they stop at the Diner for a quick bite to eat. They aren't planning to stick around-until Loretta, the eatery's owner, offers them \$100 to take care of her zombie problem. Given that Duke is a werewolf and Earl's a vampire, this looks right up their alley. But the shambling dead are just the tip of a particularly spiky iceberg. Seems someone's out to drive Loretta from the Diner, and more than willing to raise a little Hell on Earth if that's what it takes. Before Duke and Earl get to the bottom of the Diner's troubles, they'll run into such otherworldly complications as undead cattle, an amorous ghost, a jailbait sorceress, and the terrifying occult power of pig-latin. And maybe--just maybe--the End of the World, too. Gory, sexy, and flat-out hilarious, Gil's All Fright Diner will tickle your funnybone--before ripping it out of its socket! At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Orange Trees of Versailles Annie Pietri, 2009-04-23 When Marion Dutilleul enters the service of the Marquise de Montespan, she never imagines that her ability to recognize scents and to blend them into perfumes will win her the favor of Louis XIV's mistress. But the marquise quickly has the young girl creating new

perfumes for her. Eager to please and hopeful that her olfactory gifts will win her recognition, Marion concocts memorable fragrances. Then, to her horror, credit is bestowed on someone else. Marion feels betrayed. Now Marion opens her eyes and ears (in addition to her nose!) and realizes that beneath the splendor of palace life is a place teeming with deceit. To survive, she must use her keen sense of smell not to create perfumes, but to thwart those who would do her—and one of France's beloved monarchs—great harm.

Alien: Out of the Shadows (Novel#1) Tim Lebbon, 2014-01-28

THE FIRST IN AN ALL NEW, OFFICIAL TRILOGY SET IN THE ALIEN UNIVERSE! Featuring the iconic Ellen Ripley in a terrifying new adventure that bridges the gap between Alien and Aliens. Officially sanctioned and true to the Alien cannon, *Alien: Out of the Shadows* expands upon the well-loved mythos and is a must for all Alien fans.

The Years Annie Ernaux, 2017-11-21 WINNER OF THE 2022

NOBEL PRIZE IN LITERATURE Shortlisted for the 2019 Man Booker International Prize Considered by many to be the iconic French memoirist's defining work and a breakout bestseller when published in France in 2008 *The Years* is a personal narrative of

the period 1941 to 2006 told through the lens of memory, impressions past and present—even projections into the future—photos, books, songs, radio, television and decades of advertising, headlines, contrasted with intimate conflicts and writing notes from 6 decades of diaries. Local dialect, words of the times, slogans, brands and names for the ever-proliferating objects, are given voice here. The voice we recognize as the author's continually dissolves and re-emerges. Ernaux makes the passage of time palpable. Time itself, inexorable, narrates its own course, consigning all other narrators to anonymity. A new kind of autobiography emerges, at once subjective and impersonal, private and collective. On its 2008 publication in France, *The Years* came as a surprise. Though Ernaux had for years been hailed as a beloved, bestselling and award-winning author, *The Years* was in many ways a departure: both an intimate memoir written by entire generations, and a story of generations telling a very personal story. Like the generation before hers, the narrator eschews the I for the we (or they, or one) as if collective life were inextricably intertwined with a private life that in her parents' generation ceased to exist. She writes of her parents' generation (and could be writing of her own book): From a common fund of hunger and fear,

everything was told in the we and impersonal pronouns. Co-winner of the 2018 French-American Foundation Translation Prize in Nonfiction Winner of the 2017 Marguerite Yourcenar Prize for her entire body of work Winner of the 2016 Strega European Prize

The Oblong Box Edgar Allan Poe, 2024-03-07 The Oblong Box is a short story by Edgar Allan Poe that explores human mysteries and obsessions. The narrative follows a man who, during a sea voyage, becomes intrigued by a strange oblong box brought on board by a friend, triggering a series of enigmatic events and surprising revelations.

Ghosthunters and the Totally Moldy Baroness! Cornelia Funke, 2007 Mrs. Worm and Gloomsburg castle are taken over by ghosts.

Inkspell Cornelia Funke, 2011-11-03 Although a year has passed, not a day goes by without Meggie thinking of the extraordinary events of Inkheart, and the story whose characters strode out of the pages, and changed her life forever. But for Dustfinger, the fire-eater, torn from his world of words, the need to return has become desperate. When he finds a crooked storyteller with the magical ability to read him back, he sets in motion a dangerous reversal that sees the characters of Inkheart transported

to a charmed Inkworld, about to be fought over by rival rebels and princes. But can Meggie, Farid and Fenoglio 'write' the wrongs of a charmed world about to be fought over by rival princes and rebels?

The Snowball Alice Schroeder, 2009-09-16 Shortlisted for the Financial Times and Goldman Sachs Business Book of the Year Prize 2008 *The Snowball* is the first and will be the only biography of the world's richest man, Warren Buffett, written with his full cooperation and collaboration. Combining a unique blend of The Sage of Omaha's business savvy, life story and philosophy, *The Snowball* is essential reading for anyone wishing to discover and replicate the secrets of his business and life success. Warren Buffett is arguably the world's greatest investor. Even as a child he was fascinated by the concept of risk and probability, setting up his first business at the age of six. In 1964 he bought struggling Massachusetts textile firm Berkshire Hathaway and grew it to be the 12th largest corporation in the US purely through the exercise of sound investing principles - a feat never equalled in the annals of business. Despite an estimated net worth of around US\$62 billion, Buffett leads an intriguingly frugal life taking home a salary of only £50,000 a year. His only indulgence is a private jet, an extravagance he wryly acknowledges by calling it *The Indefensible*.

In 2006, he made the largest charitable donation on record, with most of it going to the Bill & Melinda Gates Foundation. The Snowball provides a comprehensive, richly detailed insight one of the world's most extraordinary and much loved public figures.
