How Star Wars Conquered the Universe Chris Taylor, 2015-10-06 In 1973, a young filmmaker named George Lucas scribbled some notes for a far-fetched space-fantasy epic. Some forty years and 37 billion later, Star Wars -- related products outnumber human beings, a growing stormtrooper army spans the globe, and Jediism has become a religion in its own right. Lucas's creation has grown into far more than a cinematic classic; it is, quite simply, one of the most lucrative, influential, and interactive franchises of all time. Yet incredibly, until now the complete history of Star Wars -- its influences and impact, the controversies it has spawned, its financial growth and long-term prospects -- has never been told. In *How Star Wars Conquered the Universe*, veteran journalist Chris Taylor traces the series from the difficult birth of the original film through its sequels, the franchise's death and rebirth, the prequels, and the preparations for a new trilogy. Providing portraits of the friends, writers, artists, producers, and marketers who labored behind the scenes to turn Lucas's idea into a legend, Taylor also jousts with modern-day Jedi, tinkers with droid builders, and gets inside Boba Fett's helmet, all to find out how Star Wars has attracted and inspired so many fans for so long. Since the first film's release in 1977, Taylor shows, Star Wars has conquered our culture with a sense of lightness and exuberance, while remaining serious enough to influence politics in far-flung countries and spread a spirituality that appeals to religious groups and atheists alike. Controversial digital upgrades and poorly

received prequels have actually made the franchise stronger than ever. Now, with a savvy new set of bosses holding the reins and Episode VII on the horizon, it looks like Star Wars is just getting started. An energetic, fast-moving account of this creative and commercial phenomenon, *How Star Wars Conquered the Universe* explains how a young filmmaker's fragile dream beat out a surprising number of rivals to gain a diehard, multigenerational fan base -- and why it will be galvanizing our imaginations and minting money for generations to come.

Survivor's Quest: Star Wars Legends Timothy Zahn, 2011-06-28 The specter of the menacing Grand Admiral Thrawn looms over Luke and Mara Jade Skywalker as they embark on a journey to recover an important piece of Jedi history. Sometimes it seems a Jedi's work is never done, and Luke and Mara Jade Skywalker know this only too well. Despite the bond they share in the Force, the Jedi Master and his wife are still learning the ropes of being a couple after three years of marriage—and struggling to find time together between the constant demands of duty. But all that will change when they're united on an unexpected mission: They must pool their exceptional skills to combat an insidious enemy and salvage a part of Jedi history. Whatever may await, the Skywalkers will not face it alone. Joining them on the strange and solemn journey are an officer of the post-Palpatine Empire escorted by a detachment of Imperial stormtroopers; a party of diplomats from a gentle alien species that reveres the fallen Jedi for saving them from bloodthirsty conquerors; and a New Republic ambassador who harbors his own mysterious agenda. Soon enough, suspicion, secrecy, and an unknown saboteur run rampant aboard the isolated ship. But the gravest danger lies within the derelict walls of Outbound Flight, buried for half a century on a desolate planetoid. As the marooned hulk yields up stunning revelations and unexpected terrors to its visitors, Luke and Mara find all that they stand for—and their very existence—brutally challenged. The ultimate test will be surviving the deathtrap carefully laid by foes who are legendary for their ruthlessness, and determined to complete the job

Thrawn began: exterminating the Jedi.

Betrayal: Star Wars Legends (Legacy of the Force) Aaron Allston, 2008-04-29 This is the era of Luke Skywalker’s legacy: the Jedi Master has unified the order into a cohesive group of powerful Jedi Knights. But as the new era begins, planetary interests threaten to disrupt this time of relative peace, and Luke is plagued with visions of an approaching darkness. Evil is rising again—out of the best intentions—and it looks as if the legacy of the Skywalkers may come full circle. Honor and duty will collide with friendship and blood ties as the Skywalker and Solo clans find themselves on opposing sides of an explosive conflict with

potentially devastating repercussions for both families, for the Jedi order, and for the entire galaxy. When a mission to uncover an illegal missile factory on the planet Adumar ends in a violent ambush—from which Jedi Knight Jacen Solo and his protégé and cousin, Ben Skywalker, narrowly escape with their lives—it's the most alarming evidence yet that sparks of political unrest are threatening to ignite into total rebellion. The governments of numerous worlds are chafing under the strict regulations of the Galactic Alliance, and diplomatic efforts to enforce compliance are failing. Fearing the worst, the Alliance readies a preemptive display of military might in a bid to bring the rogue worlds in line before an uprising erupts. The designated target of this exercise: planet Corellia—renowned for the brash independence and renegade spirit that have made its favorite son, Han Solo, a legend. Something of a rogue himself, Jacen is nevertheless duty bound as a Jedi to stand with his uncle, Jedi Master Luke Skywalker, on the side of the Galactic Alliance. But when the wary Corellians launch a counterstrike, the Alliance's show of force—and a secret mission to disable Corellia's crucial Centerpoint Station—give way to an armed skirmish. Once the smoke clears, the battle lines are drawn. Now the specter of full-scale war looms between a growing cadre of defiant planets and the Galactic Alliance that some fear is becoming a new Empire. And even as both sides struggle to find a diplomatic solution, mysterious acts of treachery and sabotage threaten peace efforts at every turn. Determined to root out those behind the mayhem, Jacen follows a trail of cryptic clues to a dark rendezvous with the most shocking of revelations . . . while Luke grapples with something even more troubling: dream visions of a shadowy figure whose Force power and ruthlessness remind him of Darth Vader—a lethal enemy who strikes like a dark spirit on a

mission of doom. An agent of evil who, if Luke's visions come to pass, will bring untold pain to the Jedi Master . . . and to the entire galaxy. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!
