

Dog World

Tommy Greenwald

A Dog's World Jessica Pierce, Marc Bekoff, 2023-04-18 From two of the world's leading authorities on dogs, an imaginative journey into a future of dogs without people What would happen to dogs if humans simply disappeared? Would dogs be able to survive on their own without us? A Dog's World imagines a posthuman future for dogs, revealing how dogs would survive—and possibly even thrive—and explaining how this new and revolutionary perspective can guide how we interact with dogs now. Drawing on biology, ecology, and the latest findings on the lives and behavior of dogs and their wild relatives, Jessica Pierce and Marc Bekoff—two of today's most innovative thinkers about dogs—explore who dogs might become without direct human intervention into breeding, arranged playdates at the dog park, regular feedings, and veterinary care. Pierce and Bekoff show how dogs are quick learners who are highly adaptable and opportunistic, and they offer compelling evidence that dogs already do survive on their own—and could do so in a world without us. Challenging the notion that dogs would be helpless without their human counterparts, A Dog's World enables us to understand these independent and remarkably intelligent animals on their own terms.

Weekly Reader Children's Book Club Presents The Ugliest Dog in the World James Holding, 1979-01-01 The ugliest dog in the world seeks the secret of success.

It's a Doggy Dog World (Crimebiters #2) Tommy Greenwald, 2016-10-11 From the author of Charlie Joe Jackson's Guide to Not Reading comes the second book in the humorous & illustrated new series about a boy whose new dog may or may not be a crimefighting vampire. Jimmy is sure that his dog Abby is special. After all, it was Abby who (with the help of Jimmy & friends) helped nab the criminal Barnaby Bratford and shut down Barnaby's babysitting service, a front for robbing the nice folks of Quietville. Jimmy's parents, on the other hand, are starting to feel

like Abby is one destructive little dog (she chewed up Mom's entire shoe collection!) and they insist on enrolling Abby in obedience training. The only problem is that the longer Abby's in class, the more normal (read: boring) she becomes. Jimmy's superhero crime-fighting vampire dog is slowly becoming just like every other dog. She doesn't even sneak out at night anymore! At the same time Jimmy's friends (the Crimebiters) are realizing that there's just not very much crime to fight in their tiny town. But when Jimmy joins the lacrosse team & mysterious things start happening on and off the field, the Crimebiters realize that Abby better get back to her crime-fighting ways... and fast!

The Dog Who Saved the World Ross Welford,2020-12-22 In this fast-paced time travel adventure into the future, a girl and her dog

set out to save the world from a deadly plague. He smells terrible. He'll eat literally anything. And he's humanity's only hope.... A Boy and His Dog at the End of the World C. A. Fletcher,2019-04-23 A suspenseful, atmospheric tale. . .punctured by a gut-punch twist (Entertainment Weekly), *A Boy and His Dog at the End of the World* is a story of survival, courage and hope amid the ruins of our world. My name's Griz. I've never been to school, I've never had friends, and in my whole life I've not met enough people to play a game of football. My parents told me how

crowded the world used to be, before all the people went away. But we were never lonely on our remote island. We had each other, and our dogs. Then the thief came. This unputdownable story has everything -- a well-imagined post-apocalyptic world, great characters, incredible suspense, and, of course, the fierce love of some very good dogs. -- Kirkus (starred review)

World of Dogs Lara Shannon, 2021-09 A gorgeous gift book or self-purchase for dog lovers.

'Dog World' Annual Dog World Publications, 1970

Dog World Alfred Gingold, 2005-02-08 "I fuss over George when he's sick and I fuss over him when he's well. I send him to a play group several days a week to give him intraspecies quality time. I will discuss the state of his bowels with anyone who cares to engage me on the subject. Just when my days of browsing endless rows of overpriced kid's toys are over, I am browsing endless rows of overpriced doggie toys. And sometimes I buy them, particularly if they have a good squeak. "Like many neophyte dog owners, I've gone a little nutty. For example, one of my great pleasures in life has always been people watching. I've spent innumerable hours walking happily around the city, scoping the passing parade. Now, when I walk down the street, my gaze rarely rises above knee-level. I'm looking at dogs, not people. Who knew there were so many around? Familiarity has not bred contempt. It's bred affection, indulgence, and boundless curiosity.... "This book is the story of a journey into dog personhood. I would like to say it is a journey that has left me older but kinder, wiser, and with enhanced respect for all living creatures in the great chain of being. It's certainly left me older and, if not wiser, at least more knowledgeable about this new society of which I've become a part." – from Dog World hilarious excursion through the studied, obsessive, colorful, demanding, occasionally lunatic world of contemporary dog ownership. In the fall of 2001, Alfred Gingold found himself succumbing to the undeniably endearing behavior of his family's new Norfolk Terrier,

George, and becoming a member of what he calls Dog Nation: the 43 million dog owners and their 55 million dogs living in America today. In a matter of weeks, Gingold had become a firsthand ethnographer of the passions (read: idiosyncrasies) that define dog owners everywhere. It was literally a case of puppy love. The result of Gingold's shrewd observation is *Dog World*, which is structured around the loose chronology of dog ownership: choosing and finding a dog; feeding, walking, and cleaning up after a dog; the literal and emotional obstacle course that is training a dog; and on to the larger cultural realms of dog racing and, of course, dog kitsch and memorabilia. But the real delight of *Dog World* is in Alfred Gingold's narrative excursions through the canine universe, whereby he reports (and occasionally pontificates) on topics such as the untold history of dogwalking, how dog food came to be, the urban art of scooping poop, and an analysis of the relationships great historical figures have had with their dogs. Like Bill Bryson or Calvin Trillin, Alfred Gingold brings a particularly wry and comic perspective to the world. And whether one is a dog lover or a dog agnostic, *Dog World* will be a tremendously entertaining journey into mankind's canine love affair.

It is a Dog-eat-dog World Bob Balaban, 2004 McGraw-Hill, a bionic super dog, tries to decide if his new neighbors are really as friendly as they appear to be or if they are hatching a sinister plan.
