The English Church, 940-1154 H.R. Loyn,2014-06-11 This book discusses the development of the English Church during a rich and turbulent two centuries of European history. It provides a comprehensive survey covering the late Anglo-Saxon period through the Norman Conquest and right across the Anglo-Norman period. Professor Loyn addresses major themes in medieval history. He begins with the pre-1066 period looking at the great Benedictine monastic revival; he looks at the role of the Church in the Conquest itself; the evidence of the Domesday Book and then considers the activities of the Church in the turbulent years of the Conqueror's successors. The book concludes with a discussion of doctrine, belief and ritual.

Fantasie in F Minor, Op. 103, D. 940 Franz Schubert,Maurice Hinson,Allison Nelson,2011-08-16
The Fantasie in F Minor, Op. 103, is Franz Schubert's most-often performed piano duet and is

considered one of the great masterpieces of ensemble piano repertoire. Schubert completed the Fantasie in 1828, just a short time before his death later that year. The work demonstrates his mature style and is filled with some of his best writing. Its four connected movements contain lovely and enticing melodies, dramatic gestures in French overture style, a brilliant scherzo and trio, and a virtuosic fugue.
