Joy Deja King

Drake Joy Deja King, 2019-04-03 In the mean streets of Philadelphia, everyone is not cut out for living that cold, calculating thug life. Drake, a man who believes he has the game all figured out, has to learn the hard way, that no matter how much money you're making, the takers can get taken. Cindy, an ambitious hustler, pushes her way through the ranks, wanting nothing less than to control the lucrative drug trade in Philly. But will her thirst to be the ultimate boss cost Cindy her life? Prepare yourself for this gripping street tale, in the gut wrenching story of Drake.

Ever After Drake Keary Taylor, 2014 It was my first day as a brand new high school teacher. But I got dumped that morning. Via text. And then one of my students hit on me. And the rest of the day was a complete mess. The beautifully single Mr. Drake McCain found me in my classroom, feeling sorry for myself. And not sixty seconds later he had me laughing and electricity racing through my blood. My family is broken and complicated. I literally don't know my biological father's name. My mother is absent and my half-brother barely knows who she is. But Drake? He's not complicated. He's sweet and kind and insanely adorable, and comes from a wonderful family. He is everything I want. The chemistry between us? It's there in spades. I keep telling myself that I should be feeling really awful and depressed since I just got dumped a few days ago. But I keep getting this ridiculous smile on my face every time Drake is around and it's kind of hard to keep telling

myself that. I'm Kaylee Ray. I believe in fairy tales and happily ever after's, and maybe the search for Prince Charming is over. Cue reality check.

Drake Part 2 Joy Deja King, 2022-09-14 Drake was left for dead but he survived, unfortunately the same couldn't be said for his fiancé and newborn son. With the help of Cindy he has rebuilt his life but the taste of revenge is still what he craves. But will Drake's quest for retribution be his ultimate downfall? Cindy continues to chase the money and power that comes with running the lucrative drug trade in Philadelphia. She believes she has the game all figured out but with a ruthless boss who is unwilling to relinquish his control and a friend who might actually be the enemy, Cindy's rise to the top might be cut short. Will Cindy be able to maneuver through the madness and dominate the streets or will she have to accept defeat? Find out in the conclusion of Drake.

How to Write One Song Jeff Tweedy,2020-10-13 There are few creative acts more mysterious and magical than writing a song. But what if the goal wasn't so mysterious and was actually achievable for anyone who wants to experience more magic and creativity in their life? That's something that anyone will be inspired to do after reading Jeff Tweedy's *How to Write One Song*. Why one song?

Because the difference between one song and many songs isn't a cute semantic trick—it's an important distinction that can simplify a notoriously confusing art form. The idea of becoming a capital-S songwriter can seem daunting, but approached as a focused, self-contained event, the mystery and fear subsides, and songwriting becomes an exciting pursuit. And then there is the energizing, nourishing creativity that can open up. *How to Write One Song* brings readers into the intimate process of writing one song—lyrics, music, and putting it all together—and accesses the deep sense of wonder that remains at the heart of this curious, yet incredibly fulfilling, artistic act. But it's equally about the importance of making creativity part of your life every day, and of experiencing the hope, inspiration, and joy available to anyone who's willing to get started.

Lonely Avenue Alex Halberstadt, 2009-04-28 One of the most original, influential, and commercially successful American songwriters, Doc Pomus (1927-1991) was a role model for several generations of composers, renowned for his mastery of virtually every popular style, and for the numerous hits he wrote during rock 'n' roll's first decade. But despite his successes, few knew that this writer of jukebox hits led one of the most dramatic lives of his time. Spanning the extremes between extravagant wealth and desperate poverty, suburban family life and the depths of New York's underworld, enduring love and persistent loneliness, and touching on more than a half-century of American popular music, *Lonely Avenue* reveals with novelistic flair the whole of Doc's experience-one of the great untold American stories.
