Drive Daniel H. Pink, 2011-04-05 The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of *When: The Scientific Secrets of Perfect Timing* Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of *To Sell Is Human: The Surprising Truth About Motivating Others*). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction—at work, at school, and at home—is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He examines the three elements of true motivation—autonomy, mastery, and purpose—and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.

Driving Out the Kings Kevin E. Stafford, 2011-12 Some may read the title of this book and think this is some sort of book that deals with a monarch figure of English folklore that was terrorizing a colony set in the medieval times. Then, there are those that have read the introduction and expect a dissertation on the brain and multiple personalities. Guess what? You are going to get a taste of all of that in the pages to follow. Based on the fact that people have been dealing with the fight within since the beginning, of time this subject matter has been approached from many angles. From the Apostle Paul, to Plato, to Aristotle to Sigmund Freud, many have tried to self-examine mankind and design a road map detailing how to navigate the rugged terrain of this thing we call life. It was while I was trying to negotiate my own inner battles that I was led by the Holy Spirit to an interesting time and period in the Bible where the Israelites were faced with a very demanding task. They were challenged to do something that would prove to be critical for them to take possession of a land that promised a better existence and abundant resources to make life more prosperous for them. In my studies, I found a provocative Biblical story that has a potentially broader impact for mankind, if we can open ourselves to embrace the deeper implications. As the dramatic story unfolded, I soon determined that the plight of the Israelites could actually be indicative of an individual's internal battle and inward journey towards personal growth and development. Inspired by God, I decided to write a sermon series about it entitled *Driving out the KINGS*. In this series, I dissect the mission the Israelites were given in order to possess the land promised to them by God. This mission I found to run parallel with that of a person trying to take control of their life and be the best that they can be in the good and bad of life. Join me in the following pages to seek the better you for the best life of your dreams.

Driving out Fear with Hope Rebecca Renkema, 2022-12-05 While doing two years' Bible research for finding how our bodies are made in very similar

fashion to principles seen in the Bible, I started getting more and more interested in the verses related to hope. I started to write a daily devotional book on hope but then started to see more and more verses that did not have the word “hope” in them but spoke to me on important principles of hope. I also started to notice different verses that discussed different types of fear, what we are to fear and what we shouldn’t fear. With this, I saw just how much fear is on the other side of hope. I also saw just how much God wants to give us hope through Him. The writing of this book was a truly evolving process. I wanted to combine my paintings with these verses so that people might notice the verses more when highlighted by color, starting with just a “verse of the day.” My family led me to write more about why I picked the verses I picked, so the second part of this process turned into me writing about what I saw in these verses, turning into a starting point for journaling. I want this book to be a starting point to help people journal as they see these verses and what I felt reading them, able to add what they see. Beyond this, I want it to be a starting point for people to want to look more into the Bible and what is put in there for us. Each time I read some of my favorite passages, I’m able to see more and learn more. I want each reader to enjoy the same opportunities of this journey of walking with God through His Word. This last three years has taken a toll on a lot of people. I want this book to help encourage people to not give up, to hold on to what God offers us, even when things get tough and confusing. All pictures in this book are my paintings, and I’m hoping they will be a way to help people stay interested in all the verses on hope and how to drive out fear.

Drive Dull Care Away Edward D. Ives, University of Prince Edward Island. Institute of Island Studies, 1999 Like many other folklorists of his time, the author started out as a folksinger--guitar, levis, and all--but it wasn't long before his folksinging led him to folksong collecting. This book is a record of that collecting in Prince Edward Island, starting with his memorable trip up the Western Road in 1957, accompanied by the legendary Big Jim Pendergast. Based on his journals, field recordings (fourteen of which are included on an accompanying CD), and a prodigious memory, the author has reconstructed those visits to Prince Edward Island. This book is not only a collection of folksongs from Canada's smallest province, but also an account of the people he met and the adventures he had along the way. Part social history, part memoir, this book explores a traditional culture on the cusp of dramatic change.

Help Me Find My Car Keys and We Can Drive Out! Jon Konrath, 2017-12-30 Absurdist writer Jon Konrath is back with thirty pieces of flash, micro-fiction, and other post-apocalyptic weirdness. Bigger than a zine, more concentrated and complex than a novel, this new collection of bite-sized pieces is the perfect stop-gap measure between Konrath's larger works. It's also a perfect introduction to his eccentric style of random and absurd fiction. In the same tradition as the wildly popular and now out of print zine *Mandatory Laxative*, *Help Me Find My Car Keys And We Can Drive Out* is a collection of bite-sized, gonzo, Neo-dada fiction. The author of *Atmospheres* and cult classic *Rumored to Exist* weaves a chaotic nonlinear tapestry of pop culture, heavy metal, and offensive absurdity. In addition to the titular piece, this also includes *Any Religion That Promises Slaves In The Afterlife Most Likely Does Not Have Good Refreshments*, *Never Trust A Colon Cancer Self-Test Purchased At A Drug Store That Is 85% Minions Merchandise*, *Konrath Writes Too Many Stories Involving Lawn Equipment Because He Is An Idiot*, and *Untitled*. This is an unorthodox and unconventional collection practically designed to confuse and offend. Like the rest of Konrath's work, it is a wild ride through the surreal and unconventional.

Out Think G. Shawn Hunter,2013-06-14 We've entered a new era. Call it the age of imagination, ideation, conceptualization, creativity, innovation—take your pick. Creativity, mental flexibility, and collaboration have displaced one-dimensional intelligence and isolated determination as core ingredients of competitive advantage. But these 21st century methods and mindsets needed to drive innovation are only found by tapping into the discretionary levels of passion and initiative within us. This is where Out Think leadership comes in. Out Think presents big ideas along with actionable advice to drive unique value and innovation in today's chaotic marketplace. In each chapter a key idea, behavior, or mindset shift is discussed. The shift is illustrated through proprietary interviews with business leaders conducted by the author. Techniques are described to show how the shift or idea can be implemented, with real-world examples. Assessments, exercises, and actionable messaging are highlighted throughout the book. While some books address the changing economic landscape and the challenges of the creative age, Out Think is unique in the author's unparalleled access, spanning more than a decade, to executives and thought-leaders who are, in fact, making a measurable difference. Through interviews and collaboration with these individuals, Hunter has assembled insights, stories, and actionable take-aways, with an emphasis on results that can drive the change that leaders want and need in their organizations.
