Dubai Syed Ali,2010-05-28 This revealing portrait of the famously wealthy Persian Gulf city investigates the human cost of its miraculous rise to global prominence. In less than two decades, Dubai has transformed itself from an obscure territory of the United Arab Emirates into a global center

for business, tourism, and luxury living. With astonishing skyscrapers and tax-free incomes, its rulers have made Dubai into a playground for the global elite while skillfully downplaying its systemic human rights abuses and suppression of dissent. It is a fascinating case study in light-speed urban development, massive immigration, and vertiginous inequality. In *Dubai: Gilded Cage*, sociologist Syed Ali delves beneath the dazzling surface to analyze how—and at what cost—Dubai has achieved its success. Ali brings alive a society rigidly divided between expatriate Westerners enjoying opulent lifestyles on short-term work visas, native Emiratis who are largely passive observers, and workers from the developing world who provide the manual labor and domestic service needed to keep the emirate running, often at great personal cost. “At last, a comprehensive expose of the economic and sexual exploitation that erected this utopia of greed. Syed Ali has seen the future in Dubai and it doesn’t work.” —Mike Davis, author of *Planet of Slums*

*Expatriate Identities in Postcolonial Organizations* Pauline Leonard, 2016-04-15 Expatriate Identities in Postcolonial Organizations offers a timely and contemporary discussion of the role of organizations in maintaining or challenging structures and cultures based on racism and discrimination. It offers a key exploration of the relations between whiteness, identity and organization in migratory contexts. It delves into the experiences of expatriates in Hong Kong and the ways in which new identities are constructed in the destinations of migration by exploring the renegotiation of white identities and racialized relationships, and the extent to which colonial imaginations still inform contemporary organizations. By drawing on existing theoretical and empirical material on post-colonialism, identity-making, privileged migration, relocation, transnational work and organizations, this volume brings disparate discussions together in a new and accessible way. It will appeal to a range of

sociology scholars as well as to those working in the fields of migration, gender studies, and cultural geography.

*International Tourism Development and the Gulf Cooperation Council States* Marcus L.

Stephenson, Ala Al-Hamarneh, 2017-07-14 This book examines the challenges facing the development of tourism in the six member states of the Gulf Cooperation Council (GCC): Bahrain, Kuwait, Oman, Qatar, Saudi Arabia and the United Arab Emirates (UAE). This region, which largely comprises the Arabian Peninsula, possesses some of the fastest growing economies in the world and is remarkably unique. It shares similar associations and affinities: tribal histories, royal kinship, political associations, Bedu cultural roots, Islamic heritage, rapid urbanization, oil wealth, rentier dynamics, state capitalist structures, migrant labour, economic diversification policies and institutional restructuring. Therefore, this volume takes the study of tourism away from its normative unit of analysis, where tourism in the

region is being examined within the context of the Middle East and the wider Islamic and Arab world, towards an enquiry focusing on a specific geo-political territory and socially defined region. Although international tourism development in the region embodies a range of challenges, complexities and conflicts, which are deeply contextualized in this volume, the approach overall does not endorse the normative ‘Gulf bashing’ position that has predominated within the critical enquiries in the region. It presents a forward-looking and realistic assessment of international tourism development, examining development potentialities and constructive ways forward for GCC states and the region as a whole. This edited volume provides a real attempt to examine critically ways in which tourism and its development intersect with the socio-cultural, economic, political, environmental and industrial change that is taking place in the region. By doing so, the book provides a theoretically engaged analysis of the social transformations and discourses that shape our contemporary understanding of tourism development within the GCC region. Moreover, it deciphers tourism development’s role within the context of the GCC states undergoing rapid transformation, urbanization, ultra-modernization,

internationalization and globalization. In addition to state-specific illustrations and destination case studies, the work provides insights into relatable themes associated with international tourism development in the region, such as tourism's relationship with religion, heritage and identity, the environment and sustainability, mobility and cross-border movements, the transport industry, image production and destination branding, mega-development and political stability and instability. The book combines theory with diverse case study illustrations, drawing on disciplinary knowledge from such fields as sociology, political economy and social geography. This timely and original contribution is essential reading for students, researchers and academics in the field of tourism studies and related subject areas, along with those who have regional interests in Middle East studies, including Gulf and Arabian Peninsula studies.

**Dubai Dreams** Raymond Barrett, 2010-12-15 This is Dubai: a place where the confines of the imagination no longer apply. Dubai has become the watchword for all things new, glittering and very bling - a billionaire's dream world and a haven for international expatriates promising a fantasy land of

tax-free fun, sun and sin. In less than a generation, this small city-state on the Arabian Gulf has been transformed from a sleepy smuggler's cove to a global financial and entertainment hub home to a number of world records, including the world's tallest building, the largest man-made island and the biggest shopping mall. But what is life really like for the people who live and work in the city of Dubai, beyond the towering skyscrapers, luxury resorts and opulent mansions? Rather than just desert Sheikhs and designer-clad Emiratis, Raymond Barrett also encounters a dizzy melange of expatriates - Iranians, Ethiopians, Indians, Afghans, British and Chinese - all living their own version of The Dubai Dream. Behind the hyperbole and marketing spin, what are the real stories the city has to tell? From seven-star hotels to immigrant labour camps, from Sunni mosques to Hindu temples and from the courthouse to a back-alley speakeasy, Barrett draws a fascinating picture of the brave new world emerging from these desert sands. He reveals the hidden side of this playboy paradise and considers whether Dubai is a doomed Plastic Arabia or an authentic 21st century success story.

*Sustainable Destination Branding and Marketing* Anukrati Sharma, Juan Ignacio Pulido-

Fernández,Azizul Hassan,2019-12-21 Destination branding and marketing form the backbone of tourism industry growth, but it is increasingly important that the strategies employed consider and promote sustainable solutions. This book provides a comprehensive set of tools and techniques for branding and marketing for sustainable tourism development. It blends tourism and marketing strategies with practical, innovative information technology solutions and a psychological perspective, providing illustrative case studies and examples to aid understanding. Addressing opportunities and challenges across the field, it also reviews how different types of tourism such as community based, accessible, film, agricultural and cultural-heritage tourism entail unique issues for development.

*Culture and Customs of the Arab Gulf States* Rebecca L. Torstrick,Elizabeth Faier,2009-03-20 Names such as Dubai and Abu Dhabi have been emerging in the world's eye over the past decade as exotic hotspots, wealthy from oil production and advanced in the means of technology. However, at the same time, the Arab Gulf States have managed to maintain their traditional culture, adapting it to modern life. With complete coverage on Oman, Qatar, Bahrain, Kuwait, and the United Arab Emirates,

Culture and Customs of the Arab Gulf States is a must-have for every high school and public library shelf. Clear and vivid descriptions of contemporary life in the Arab Gulf help students discover how traditions of the past have evolved into customs today. This exhaustive volume covers topics such as religion, festivals, cuisine, fashion, family life, literature, the media, and music, among many others.
