La Prensa latina en Miami - un análisis del diario El Nuevo Herald Ida Krenzlin, 2004-08-06 Seminar paper del año 2004 en el tema Romanística - Español, literatura, cultura general, Nota: 1,3, Humboldt-Universität zu Berlin (Institut für Romanistik), Materia: Los medios de comunicación en EE.UU., Idioma: Español, Resumen: La Prensa en EE.UU. El sistema de los medios de comunicación en EE.UU. no es comparable con el que tenemos en Alemania o en otros países de Europa. Para entender como un diario noangloparlante como el Nuevo Herald en EE.UU. puede tener un éxito tan grande hay que entender los mecanismos detrás de los medios de comunicación, en referencia a su historia, la economía y las leyes del mercado de la prensa. Desde el principio de los medios de comunicación hasta hoy en día EE.UU. tiene un papel destacado en este campo, incluso se puede decir un “papel vanguardista” (Kleinstaub 2004: 1081). Fue el primer país que cimentó la libertad de prensa en su constitución. El desarrollo de los medios a medios de comunicación en gran tirada1 tuvo lugar en EE.UU. 2. También la fundación y el gran desarrollo de los medios comerciales (la televisión y la radio) tiene sus raíces en EE.UU. y por fin como un desarrollo más reciente la era de los medios digitales tiene su origen en EE.UU..

The Miami Herald Report Martin Merzer, Miami Herald Staff, 2001-06-02 After one of the closest elections in U.S. history, the attention of American people shifted to Florida, the fourth most populous state in the Union, and one of the most diverse, divided, and fastest growing: its 25 electoral votes could have put either candidate into the White House. The Miami Herald Report finally provides the answers that Americans have been demanding since the night of November 7, 2000. Including: * The inside stories of Florida Secretary of State Katherine Harris and Palm Beach County Elections Supervisor Theresa LePore * The full investigation of alleged abuses regarding absentee ballots * And much more.

Reclaiming Paris Fabiola Santiago, 2008-09-16 Men are like perfumes. In an instant, with nothing but a whiff of judgment, I either love them or discard them. Marisol is an exuberant poet and historical archivist living in contemporary Miami. Like her adopted city, she's a sensual free spirit. Born in Cuba and transplanted at an early age to Florida, she nurses a nostalgia for the legendary island birthplace she barely remembers. She also harbors a passion for scents, donning a new perfume each time she takes on a new relationship. After the death of her beloved grandmother and a series of sensuous but disappointing romances, Marisol realizes that she must break free from the shackles of her history, abandon lost causes, and embrace the only real home she's ever had -- her own wandering heart. Freed at last from yearning for old Havana, the Paris of the Caribbean, this romantic exile must embrace a new life. Although she cannot reclaim Havana, she can experience the real thing -- Paris -- so Marisol sets out with an open ticket to chart the course of her future. Bridging the divide between the effervescent Miami of today and the mystical Cuba of yesteryear, Reclaiming Paris is a paean to place and memory, rich with humor, passion, and unforgettable characters.

Cuban Americans and the Miami Media Christine Lohmeier, 2014-02-01 This book makes a contribution to the debates on diasporic identities and transnational communication. It provides an analysis of the Cuban American community and its relationship to Miami-based English- and Spanish-language media. Based on extensive ethnographic data, the author demonstrates how different media have been used, produced and influenced by segments of the Cuban American community in Miami. After establishing the significance of Miami as a locale to receive a high number of migrants after the Cuban revolution in 1959, what follows is an exploration of the interplay of collective Cuban American identity and the evolution of an exile community on the one hand and media institutions and their output on the other. In doing so, Miami-based press, radio, network television and online media are examined. The author moreover shows how mediated memories of pre-revolutionary Cuba have been kept alive in Miami and over time became more inclusive through the use of new media technologies.

A Dedicated Life David Lawrence, 2018-08-31 In this inspiring memoir, “an unfailing champion for all children . . . shares his ever-committed life story . . . What an example he is for all of us” (Marian Wright Edelman, President of the Children’s Defense Fund). After spending three decades in journalism as a newspaper reporter, editor and publisher, Dave Lawrence dedicated his life to a new mission: making sure every child has a real chance to succeed. A prominent advocate for children across the country, David helped found The Children’s Movement of Florida, an organization that launched in 2010 with the purpose of making Florida’s children, especially in their early years, the top priority for state investment. In A Dedicated Life, David tells his story from his time at the Detroit Free Press and the Miami Herald to his “retirement” at fifty-six, when he transitioned into his new calling and began making significant strides in Florida’s pre-K programs, parent skill-building, and so much more. “This special book is the story of a good man who has lived an impressive, fascinating, full life dedicated to his family, his profession, his faith and his service to others, especially the youngest and most vulnerable among us.” —Jeb Bush, Florida’s 43rd Governor “[A] highly principled man applying his talents and values in a transitioning America.” —Bob Graham, Florida’s 38th Governor and former Senator

Cuba and Africa, 1959-1994 Kali Argyriadis, Giulia Bonacci, Adrien Delmas, 2020-11-01 A history of Atlantic solidarity between Cuba and Africa, in struggle for African independence from colonial powers The Cuban people hold a special place in the hearts of the people of Africa. The Cuban internationalists have made a contribution to African independence, freedom, and justice, unparalleled for its principled and selfless character.’ As Nelson Mandela states, Cuba was a key participant in the struggle for the independence of African countries during the Cold War and the definitive ousting of colonialism from the continent. Beyond the military interventions that played a decisive role in shaping African political history, there were many-sided engagements between the island and the continent. Cuba and Africa, 1959-1994 is the story of tens of thousands of individuals who crossed the Atlantic as doctors, scientists, soldiers, students and artists. Each chapter presents a case study – from Algeria to Angola, from Equatorial Guinea to South Africa – and shows how much of the encounter between Cuba and Africa took place in non-militaristic fields: humanitarian and medical, scientific and educational, cultural and artistic. The historical experience and the legacies documented in this book speak to the major ideologies that shaped the colonial and postcolonial world, including internationalism, developmentalism and South-South cooperation. Approaching African-Cuban relations from a multiplicity of angles, this collection will appeal to an equally wide range of readers, from scholars in black Atlantic studies to cultural theorists and general readers with an interest in contemporary African history.

Cuba Confidential Ann Louise Bardach,2007-12-18 From America’s number one Cuba reporter, PEN award-winning investigative journalist Ann Louise Bardach, comes the big book on Cuba we’ve all been waiting for. An incisive and spirited portrait of the twentieth century’s wildest political survivor and his fiefdom, Cuba Confidential is the gripping story of the shattered families and warring personalities that lie at the heart of the forty-three-year standoff between Miami and Havana. Famous to many Americans for her cover stories and media appearances, Ann Louise Bardach has been covering Cuba for a decade. She’s talked to the crooks, spooks and politicians who have made history, and to their hired assassins and confidants. Based on exclusive interviews with Fidel Castro, his sister Juanita, his former brother-in-law Rafael Díaz-Balart, the family of Elián González, the friends and family of the legendary American fugitive Robert Vesco, the intrepid terrorist Luis Posada Carriles, and the inner circles of Jeb Bush and the late exile leader Jorge Mas Canosa, Cuba Confidential exposes the hardball take-no-prisoners tactics of the Cuban exile leadership, and its manipulation and exploitation by ten American presidents. Bardach homes in on Fidel Castro and his cronies, taking us closer than we’ve ever been—and on the militant exiles who have devoted their lives, with CIA connivance, to trying to eliminate him. From Calle Ocho to Juan Miguel González’s kitchen table in Cárdenas, from Guantánamo Bay to Union City to Washington, D.C., Ann Louise Bardach serves up an unforgettable portrait of Cuba and its exiles.

The Racial Politics of Division Monika Gosin,2019-06-15 The Racial Politics of Division deconstructs antagonistic discourses that circulated in local Miami media between African Americans, white Cubans, and black Cubans during the 1980 Mariel Boatlift and the 1994 Balsero Crisis. Monika Gosin challenges exclusionary arguments pitting these groups against one another and depicts instead the nuanced ways in which identities have been constructed, negotiated, rejected, and reclaimed in the context of Miami's historical multiethnic tensions. Focusing on ideas of legitimacy, Gosin argues that dominant race-making ideologies of the white establishment regarding worthy citizenship and national belonging shape inter-minority conflict as groups negotiate their precarious positioning within the nation. Rejecting oversimplified and divisive racial politics, The Racial Politics of Division portrays the lived experiences of African Americans, white Cubans, and Afro-Cubans as disrupters in the binary frames of worth-citizenship narratives. Foregrounding the oft-neglected voices of Afro-Cubans, Gosin posits new narratives regarding racial positioning and notions of solidarity in Miami. By looking back to interethnic conflict that foreshadowed current demographic and social trends, she provides us with lessons for current debates surrounding immigration, interethnic relations, and national belonging. Gosin also shows us that despite these new demographic realities, white racial power continues to reproduce itself by requiring complicity of racialized groups in exchange for a tenuous claim on US citizenship.

La Lucha for Cuba Miguel A. De La Torre,2003-10-10 For many in Miami’s Cuban exile community, hating Fidel Castro is as natural as loving one’s children. This hatred, Miguel De La Torre suggests, has in fact taken on religious significance. In La Lucha for Cuba, De La Torre shows how Exilic Cubans, a once marginalized group, have risen to power and privilege—distinguishing themselves from other Hispanic communities in the United States—and how religion has figured in their ascension. Through the lens of religion and culture, his work also unmasks and explores intra-Hispanic structures of oppression operating among Cubans in Miami. Miami Cubans use a religious expression, la lucha, or the struggle, to justify the power and privilege they have achieved. Within the context of la lucha, De La Torre explores the religious dichotomy created between the children of light (Exilic Cubans) and the children of darkness (Resident Cubans). Examining the recent saga of the Elián González custody battle, he shows how the cultural construction of la lucha has become a distinctly Miami-style spirituality that makes el exilio (exile) the basis for religious reflection, understanding, and practice—and that conflates political mobilization with spiritual meaning in an ongoing confrontation with evil.

News, Neoliberalism, and Miami's Fragmented Urban Space Moses Shumow,Robert E. Gutsche, Jr.,2016-11-23 This book examines the forces responsible for emerging inequalities in the rampant development of Miami as a “world city.” Looking at news as central to neoliberal movements in physical geography and collective ideology, the authors analyze intersections of memory, race, capitalism, and journalistic power as Miami’s geography changes due to rising seas.

Making Latino News America Rodriguez,1999-09-16 This book examines Latino news making as part of a larger narrative - the cultural productions and conceptions of Latinos. The author traces historical and commercial contexts of Latino orientated news production, beginning with late 19th century and early 20th century US Spanish language newspapers, examines the production of contemporary Latino news, and postulates future developments in the field.
