

Elephant Chase

Joan Chase Bowden

The Great Elephant Chase Gillian Cross,2004 When the elephant came to town, Tad and Cissie went to the show like everyone else. Little did they know it would change their lives for ever. Because of the elephant, Tad and Cissie get involved in a chase across America, by train, by flatboat, and steam boat. Close behind is Hannibal Jackson, who is determined to have the elephant for himself. And how do you hide a large Indian elephant?BLThis book was the winner of the Whitbread Children's Novel Award and the Smarties Prize. Gillian Cross has also won the Carnegie Medal and is a highly-acclaimed author.

The Great American Elephant Chase Gillian Cross,1994 In 1881, fifteen-year-old Tad, an orphan, helps a girl attempting to get a mighty Indian elephant to friends in Nebraska, all the while pursued by two unscrupulous villains who claim that the elephant is theirs.

The Great Elephant Chase Gillian Cross,1993 In 1881, fifteen-year-old Tad, an orphan, helps a girl attempting to get a mighty Indian elephant to friends in Nebraska, all the while pursued by two unscrupulous villains who claim that the elephant is theirs.

Stomper the Elephant Chase Anderson,2015-05-13 Meet an elephant named Stomper and his silly school friends as they run through waterfalls at recess, play banana dodgeball, and head on an adventure through the jungle to find a red-eyed tree frog for their class pet. They must decode cryptic directions to find their way through a bamboo forest, avoid thorny bushes, and cross a brown mushy swamp to reach their final destination and find their red-eyed tree frog. Come and join them in the fun!

Chasing the Elephant Into the Bush Arthur Kennedy,2009 CHASING THE ELEPHANT INTO THE BUSH is an insider's account of how the governing New Patriotic Party lost power in the closest elections in Africa's history. The writer believes that providing an accurate account will begin the process of correcting the rumours, lies and myths that are out there about the 2008 elections in Ghana. Throughout, the book is liberally sprinkled with quotes and historical references that makes it very informative and interesting. He begins with the state of the nation and the governing party as Ghana approached 2008. He then takes the reader through the NPP primary and his own experiences as a losing candidate. There is candid discussion of the rivalries in the campaign that undermined its effectiveness. He takes the reader inside meetings and quotes some of the key players at key moments in the campaign. There is candid discussion of the roles of the media, the security forces and civil society. The identification of issues and their use in the campaign is discussed thoroughly. While his sympathies are never in doubt, he is very objective and acknowledges the mistakes made by the campaign, the government and the party. He credits the NDC Campaign for doing certain things well. Amongst these are the deployment of President Mills and former President Rawlings as well as Vice-President John Mahama. He reveals the roles of key people, including the President, the Presidential candidate and powerful groups, like the Kyebi Mafia. He offers candid assessments of all the key players. He suggests reasons for the NPP defeat and the way to recapture power. This will be a very significant first cut and reference point for an account of the 2008 Presidential and Parliamentary Elections in Ghana.

Don't Leave an Elephant to Go and Chase a Bird James Berry,1996 Anancy Spiderman trades various items with the people he encounters, until he himself is distracted by a bird and ends up empty-handed.

Chasing Elephants Diane Shainberg,2001-03-21

Elephants for Kids - Amazing Animal Books for Young Readers Kim Chase,John Davidson,2015-09-21 Elephants For Kids - Amazing Animal Books for Young Readers Bestselling author John Davidson presents Elephants For Kids - Amazing Animal Books For Young Readers. Beautiful Pictures and easy reading format will help children fall in love with Elephants. This is one of over 20 books in the Amazing Animal Books for Young Readers Series. <http://AmazingAnimalBooks.com> The series is known as one of the most beautiful on the kindle. The pictures look great even in black and white and are excellent on the full color kindle. Lots of facts and photos will help your children learn about this wonderful animal. Children are given a well-rounded understanding of this beautiful animal: its anatomy, feeding habits and behavior. *** You and your kids will love learning about Elephants*** Table of Contents Introduction Chapter 1 About Elephants Chapter 2 The Evolution of Elephants Chapter 3 Elephant Features Chapter 4 Where Elephants Live Chapter 5 How Elephants Eat Chapter 6 How Elephants Communicate Chapter 7 Life In The Herd Chapter 8 African Elephants Chapter 9 Asian Elephants Chapter 10 Fun Elephant Facts Chapter 11 Elephant Pictures Introduction The world of elephants is a fascinating place! There is so much we can learn about them, and yet there are still mysteries about them waiting to be revealed. There may be stories you have heard about elephants. Now the question is, Are those stories fact or fiction? Are they true or false? One bit of information you may have heard is that elephants have a good memory. That is very true! It is so true, that it is believed that elephants have a better memory than humans do. Elephants can remember other elephants that they may not have seen in years. They can also remember being treated unkindly by someone even though many years may have passed. Another story that is often thought about with elephants is, Are they afraid of mice? You might have heard that elephants fear mice because they can run up the elephant's trunk. But the answer here is that this story is not true, and there is no proof of any kind to support this. It may not surprise you know that the elephants of today are related to the Ice Age Mammoth. At one time there were over 350 different species of elephants, yet today we have only two species left! Can you name the two species? What you may be surprised to learn is that elephants were not always the large creatures you see today. In fact, in prehistoric times, the elephant was as small as the size of a cow or pig. Would it surprise you to learn that the elephants of today are related to the sea cow known as the Manatee? Did you know that when the elephants flap their ears they do it for a reason? Or do you know what jobs the elephants use their tusks for? An elephant's tusk can be smaller on one side than the other. Do you know the reason why? Did you know that a female elephant will spend her whole life in one herd, while the male elephant usually live their lives alone sometime after the age of 14? As you can see, there are many interesting things that can be learned about this tremendous sized animal with the ivory tusks.

To the Elephant Graveyard Tarquin Hall,2020-03-03 "Introduces us to the darker side of the Asian elephant. It is more of a thriller than a straightforward travel book . . . insightful and sensitive." —Literary Review On India's northeast frontier, a killer elephant is on the rampage, stalking Assam's paddy fields and murdering dozens of farmers. Local forestry officials, powerless to stop the elephant, call in one of India's last licensed elephant hunters and issue a warrant for the rogue's destruction. Reading about the ensuing hunt in a Delhi newspaper, journalist Tarquin Hall flies to Assam to investigate. To the Elephant Graveyard is the compelling account of the search for a killer elephant in the northeast corner of India, and a vivid portrait of the Khasi tribe, who live intimately with the elephants. Though it seems a world of peaceful coexistence between man and beast, Hall begins to see that the elephants are suffering, having lost their natural habitat to the destruction of the forests and modernization. Hungry, confused, and with little forest left to hide in, herds of elephants are slowly adapting to domestication, but many are resolute and furious. Often spellbinding with excitement, like "a page-turning detective tale" (Publishers Weekly), To the Elephant Graveyard is also intimate and moving, as Hall magnificently takes us on a journey to a place whose ancient ways are fast disappearing with the ever-shrinking forest. "Hall is to be congratulated on writing a book that promises humor and adventure, and delivers both." —The Spectator "Travel writing that wonderfully hits on all cylinders." —Booklist "A wonderful book that should become a classic." —Daily Mail

Chasing Elephants Brent Crowe,2014-02-27 Many people know what to believe and why to hold to those beliefs. But the majority of them don't know how to do when it comes to the countless decisions we must make that the Bible doesn't specifically address. Chasing Elephants carefully examines the biblical subject of freedom in Christ. Taking into account values, priorities, accountability, and cultural issues, Author Brent Crowe extracts a set of principles to act as a theology of belief for the seemingly gray areas of life. With these principles as a guide, you will be prepared to handle the moral or ethical decisions you will face in life.

Topsy Michael Daly,2013-07-02 The true story of a nineteenth-century elephant caught between warring circuses and battling scientists, from the author of The Book of Mychal. In 1903, on Coney Island, an elephant named Topsy was electrocuted. Many historical forces conspired to bring her, Thomas Edison, and those 6,600 volts of alternating current together that day. Tracing them all in Topsy, journalist Michael Daly weaves together a fascinating popular history, the first book to tell this astonishing tale. At the turn of the century, circuses in America were at their apex with P. T. Barnum and Adam Forepaugh competing in a War of the Elephants. Their quest for younger, bigger, or more “sacred” pachyderms brought Topsy to America. Fraudulently billed as the first native-born elephant, Topsy was immediately caught between the disputing circuses as well as the War of the Currents, in which Edison and George Westinghouse (and Nikola Tesla) battled over the superiority of alternating versus direct current. Rich in period Americana, and full of circus tidbits and larger than life characters, Topsy is a touching and entertaining read. “A rollicking pachydermal tale . . . A summer escape.” —The New York Times “A nineteenth-century reality show that boggles the mind as the pages fly by with events that have you laughing out loud one moment and gasping in disbelief the next.” —Tom Brokaw “I’ve always respected Michael Daly as a great New York writer . . . He humanizes and speaks for those animals who cannot speak. He touches the hearts of those of us who are not animal activists.” —James McBride “A skillfully told and admirably researched reminder of a time not as long ago as we’d like to think.” —The Wall Street Journal

The Lion and the Elephant Charles John Andersson,1873 The habits of the lion and the elephant, with anecdotes of their pursuit, mainly in South Africa.

Wild Elephant Chase Heinrich Oberjohann,1953

A World Without Elephants? Joan Chase Bowden,1993 Text and pop-up illustrations depict the elephant and six of its ancestors, including the moeritherium and woolly mammoth.

The Elephant of Surprise Joe R. Lansdale,2019-03-19 The latest roaring, rollicking adventure from Edgar Award-winner Joe R. Lansdale, featuring odd-couple P.I.s Hap and Leonard. Hap and Leonard are an unlikely pair--Hap, a self-proclaimed white trash rebel, and Leonard--a tough-as-nails Black, gay, Vietnam vet and Republican--but they're the closest friend either of them has in the world. After years of crime-solving companionship, something's changed: Hap, recently married to their P.I. boss, Brett, is now a family man. Amidst the worst flood East Texas has seen in years, the two run across a woman who's had her tongue nearly cut out, pursued by a heavily armed pair of goons. Turns out the girl survived a mob hit, and the boss has come to clean up the mess. On a chase that blows even the East Texas swampgrass back, Hap and Leonard must save the girl, and vanquish her foes, before the foes get them first. With a new case to solve, and a brand-new challenge to their relationship, will Hap and Leonard's friendship survive? Will Hap and Leonard survive? The Elephant of Surprise is rich with Lansdale's trademark humor, whip-smart dialogue, and plenty of ass-kicking adventures.

Kari the Elephant Dhan Gopal Mukerji,2021-06-29 Kari the Elephant (1922) is a children’s book by Dhan Gopal Mukerji. Published the year Mukerji moved from San Francisco to New York City, Kari the Elephant is the debut children’s book from the first Indian writer to gain a popular audience in the United States. Although less popular than his novel Gay Neck: The Story of a Pigeon (1927), which won the 1928 Newbery Medal, Kari the Elephant is a beautiful tale of kinship between the human and animal worlds set in the lush forests of the author’s native India. “Kari, the elephant, was five months old when he was given to me to take care of. I was nine years old and I could reach his back if I stood on tiptoe. He seemed to remain that high for nearly two years. Perhaps we grew together; that is probably why I never found out just how tall he was.” Raised side by side, Kari and his handler grow inseparable through their travels in the Indian countryside. As their adventures bring them to cities, jungles, and distant lands, boy and elephant overcome danger and learn the true meaning of friendship. Although he never returned to his native country, Mukerji left an inspiring legacy through his literary achievement and unwavering commitment to Indian independence. With a beautifully designed cover and professionally typeset manuscript, this edition of Dhan Gopal Mukerji’s Kari the Elephant is a classic of Indian American literature reimaged for modern readers.

The Cowboy and His Elephant Malcolm MacPherson,2001-05-09 A chronicle of the American West follows a cowboy as he adopts a baby elephant.

Jimmy and Joe Catch an Elephant Sally Glendinning,1969 Two boys help an old man chase a mischievous elephant around town.

Elephant Chase Introduction

In todays digital age, the availability of Elephant Chase books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Elephant Chase books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Elephant Chase books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Elephant Chase versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Elephant Chase books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Elephant Chase books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000

free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Elephant Chase books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Elephant Chase books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Elephant Chase books and manuals for download and embark on your journey of knowledge?
