The Keepsake Frederic Mansel Reynolds, 1829 Recollections of a Long Life, 1829-1915 Isaac Stephenson, 1915 Born in Fredericton, New Brunswick, Isaac Stephenson (1829-1918) followed his interests as a lumberman, sailor, and entrepreneur to Bangor, Maine and, later, to the northern woods of Wisconsin. In 1858, he purchased a one-quarter interest in the North Ludington Lumber Company in Marinette and went on to become that community's leading citizen. He founded the Stephenson National Bank, donated the Stephenson Public Library, developed the town's retail and commercial district, and used his involvement in local politics as a springboard for state and national office. Stephenson served in the Wisconsin State Assembly (1866-1868), as a U.S. Representative from Wisconsin (1883-1889), and also as a U.S. Senator from that same state (1907-1915). An active participant in the Half-Breed faction of Wisconsin's Republican party that supported Huagen and La Follette in their races for the governorship, he began publishing the Free Press of Milwaukee in 1901 as a means of conveying their reform-minded views to the public. In the Senate, La Follette and Stephenson soon found themselves differing over issues of patronage and efforts to eliminate graft and purify the political process. Stephenson had little interest in a national political agenda. Although much of his autobiography deals with his civic and political life, its first half provides inside perspectives on many aspects of the logging industry and life in the logging camps. There is also considerable information on local Native American groups, especially the Menominee, and the folklife of occupational and family groups in the rapidly developing areas of the Upper Midwest.

Rise of the New West, 1819-1829 Frederick Jackson Turner, 2014-09-01 The history of the United States is the history of a growing nation. Every period of its life is a transitional period, but that from the close of the War of 1812 to the election of Andrew Jackson was peculiarly one of readjustment. It was during this time that the new republic gave clear evidence that it was throwing off the last remnants of colonial dependence. The Revolution had not fully severed the United States from the European state system; but now the United States attained complete independence and asserted its predominance in the western continent. It was in this period that the nation strengthened its hold on the Gulf of Mexico by the acquisition of Florida, recognized the independence of the revolting Spanish-American colonies, and took the leadership of the free sisterhood of the New World under the terms of the Monroe Doctrine.

Rise of the New West 1819 To 1829 Frederick Jackson Turner,2004-06-01 The effect of all this upon New York City was revolutionary. Its population increased from 123,000 in 1820 to 202,000 in 1830. Its real and personal estate rose in value from about seventy million dollars in 1820 to about one hundred and twenty-five million dollars in 1830. The most significant result of the canal was the development of the commerce of New York City, which rose from a market town for the Hudson River to be the metropolis of the north.

Excerpt: ... chapter xix Early events in senatorial career--Failure to arrive at working agreement with La Follette over patronage--Requests for aid for La Follette presidential campaign--Convention of 1908--The La Follette platform--Nomination of Taft--The senatorial campaign of 1908--Announcement of my candidacy. T the outset of my service in the Senate the progress of political events was smooth enough. One of the first men to congratulate me upon my election was Assemblyman Warner who, Senator La Follette had said, was opposed to me in 1905. On the day after the election Senator La Follette himself telegraphed his congratulations and a week or two later he wrote to me in the friendliest possible vein, saying, among other things: My dear Senator: It is good to write that down and to know that nothing can ever change it. At last after a guarter of a century justice has been done. I wanted to visit with you and talk it all out, but it will keep and we shall go over it together many times. It began to appear that, despite the misunderstandings that had arisen and the mistakes that had been made, the prospect was clearing and I was willing to look forward rather than backward. But it was not long

before I became aware that the purposes of La Follette and of the La Follette organization were not my purposes. This became apparent when the problems of patronage, the first to arise, came up for solution. For the convenience of both of us I desired to come to some sort of understanding regarding offices. This could best be accomplished, it seemed to me at the time, by the exchange of districts, La Follette being more familiar with conditions in the Western district, which had been allotted to me, than I was. This or any other definite arrangement he...

Throes of Democracy Walter A.

McDougall,2008-03-11 And then there came a day of fire! From its shocking curtain-raiser—the conflagration that consumed Lower Manhattan in 1835—to the climactic

centennial year of 1876, when Americans staged a corrupt, deadlocked presidential campaign (fought out in Florida), Walter A. McDougall's Throes of Democracy: The American Civil War Era, 1829-1877 throws off sparks like a flywheel. This eagerly awaited seguel to Freedom Just Around the Corner: A New American History, 1585-1828 carries the saga of the American people's continuous self-reinvention from the inauguration of President Andrew Jackson through the eras of Manifest Destiny, Civil War, and Reconstruction, America's first failed crusade to put freedom on the march through regime change and nation building. But Throes of Democracy is much more than a political history. Here, for the first time, is the American epic as lived by Germans and Irish, Catholics and Jews, as well as people of British Protestant and African American stock; an epic defined as much by folks in Wisconsin, Kansas, and Texas as by those in Massachusetts, New York, and Virginia; an epic in which Mormon prophet Joseph Smith, showman P. T. Barnum, and circus clown Dan Rice figure as prominently as Herman Melville, Walt Whitman, and Henry Ward Beecher; an epic in which railroad management and land speculation prove as gripping as Indian wars. Walter A. McDougall's zesty, irreverent narrative says something new, shrewd, ironic, or funny about almost everything as it reveals our national penchant for pretense—a predilection that explains both the periodic throes of democracy and the perennial resilience of the United States.

Stephenson,2015-07-16 Excerpt from Recollections of a Long Life: 1829-1915 In undertaking to set down, so that others may read, the recollections of my own personal

experiences during three-quarters of a century or more, it is not my purpose to tresspass upon the field either of the historian or of the commentator by attempting to interpret the events which came directly or indirectly under my observation. Nor is it my purpose to point a moral. What I have written is no more than a concise narrative of what befell me, of the difficulties I encountered, the disappointments I suffered and the triumphs I achieved, the fortunes and misfortunes that were dealt out to me by my controlling destiny. There are few men living who have had so varied, certainly so long, a career as I. It is a far cry from the agitation over the northeastern boundary controversy in 1889 to the vicissitudes of latter-day politics in 1915. Many things have happened within that space of time. The greater portion of the country has been transformed from a wilderness into a cultivated and settled area. Division and Reunion, 1829-1889; With Five Maps Woodrow Wilson,2023-07-18 Woodrow Wilson's book covers the political and social developments of the United States between 1829 and 1889, with a focus on the causes and consequences of the Civil War. Wilson argues that the war

was necessary to preserve the Union and end slavery, but also that the Reconstruction period following the war was mishandled and led to further social and political strife.
