Peter Mark Roget

Hybrid: the 1200 Word Thesaurus-Dictionary for Easy Memorization (Abstract Ed.) Zac Toa, 2013-01-31 Learn words the efficient way! This Thesaurus-Dictionary is organized by category, not alphabetically. If such an organization is not to your taste, you can pass on this book. If you want to give it a chance, please read on. My goal here is to aid memorization, which is done primarily through three broad processes: association, chunking and differentiation. Association is when two ideas form a connection. Chunking is when specific ideas are united under a general heading. And differentiation is when different traits from similar ideas are drawn out. The traditional alphabetized vocabulary list doesn't utilize any of these processes for the reader. This book does. Instead of organizing by spelling, this book organizes by meaning. First, the table of content lists pairs of opposing general words. Under each pair, there is a list of more specific words with similar but different meanings. Each individual word is clarified by a definition and an example sentence. This organization concept is simple, but as you look through the book, you'll understand why learning words this particular way is easy and effective. Check the preview and decide if it's worth the buy.

Compiled by the eminent lexicographer Laurence Urdang and drawn from the unabridged hardcover edition published by Oxford University Press, The American Century Thesaurus is the most authoritative and easy-to-use synonym finder available. Unlike other books that are indexed by concept, its simple A-to-Z organization allows immediate access to word choices, as well as other useful information and cross-referencing. Just look up the word the way you would in a dictionary... * Synonyms are grouped according to shade of meaning-making it easy to quickly locate the terms you want. * Bubbles (degree marks) indicate other words that have their own listings-making it easy to find related terms quickly. * Italic labels indicate whether a word is colloquial, slang, taboo, archaic, old-fashioned, technical, or literary-making it easy to choose synonyms accurately and precisely.
