**Fast Food** Stephanie Watson,2008-01-15 Explores the dangerous physical and mental effects on a person when indulging too often in fast foods.

Fast Food Andrew F. Smith,2016-04-15 The single most influential culinary trend of our time is fast food. It has spawned an industry that has changed eating, the most fundamental of human activities. From the first flipping of burgers in tiny shacks in the western United States to the forging of neon signs that spell out “Pizza Hut” in Cyrillic or Arabic scripts, the fast food industry has

exploded into dominance, becoming one of the leading examples of global corporate success. And with this success it has become one of the largest targets of political criticism, blamed for widespread obesity, cultural erasure, oppressive labor practices, and environmental destruction on massive scales. In this book, expert culinary historian Andrew F. Smith explores why the fast food industry has been so successful and examines the myriad ethical lines it has crossed to become so. As he shows, fast food—plain and simple—devised a perfect retail model, one that works everywhere, providing highly flavored calories with speed, economy, and convenience. But there is no such thing as a free lunch, they say, and the costs with fast food have been enormous: an assault on proper nutrition, a minimum-wage labor standard, and a powerful pressure on farmers and ranchers to deploy some of the worst agricultural practices in history. As Smith shows, we have long known about these problems, and the fast food industry for nearly all of its existence has been beset with scathing exposés, boycotts, protests, and government interventions, which it has sometimes met with real changes but more often with token gestures, blame-passing, and an unrelenting gauntlet of lawyers and lobbyists. Fast Food ultimately looks at food as a business, an examination of the industry's options and those of consumers, and a serious inquiry into what society can do to ameliorate the problems this cheap and tasty product has created.

**Fast Food Vindication** Lisa Tillinger Johansen (MS, RD.), 2012 For years, dozens of books, documentaries, and magazine articles have targeted the fast food industry as the cause for many of society's ills, ranging from the obesity epidemic to the proliferation of dead-end jobs. Now, hospital dietitian Lisa Johansen makes the bold case that the fast food industry is actually a positive force in society. Johansen takes the reader from the industry's scrappy, entrepreneurial beginnings to its emergence as a global business generating hundreds of billions of dollars annually. Far from a blight on society, the fast food industry has distinguished itself by providing a product that meets high standards of quality and safety, often healthier than meals served at home and in sit-down restaurants. The myth of the McJob is debunked by true-life cases of corporate titans who succeeded by virtue of the fast-food chains' practice of promoting from within. And, relying on her years of counseling patients at one of the nation's largest health networks, Johansen shows the reader just how easily fast food can be incorporated into a healthy lifestyle. Lively and informative, FAST FOOD VINDICATION destroys the media myths and paints the true picture of an industry that touches the lives of millions.

*Brutally Honest Fast Food Reviews: The Best and Worst of Burger King, McDonald's, Taco Bell, and Other Drive-Thru Mainstays* Hyperink Original, 2012-07-25 Congratulations! If you're a connoisseur of fast food, consider this to be your fast food yearbook, allowing you to look back at many of the salty, fatty,

and/or sugary menu items you may have passed through your digestive system, but in a non-artery clogging and non-blood pressure raising way...unless you're eating fast food while reading this. There are dozens of reviews in this book, mostly from fast food behemoths, like McDonald's, Subway, and Taco Bell, but there are also reviews from medium-sized fast food chains, like Jack in the Box and Dunkin' Donuts, and from smaller chains, like Carl's Jr. and Whataburger. Most of the products reviewed can still be found on fast food menu boards, or in the McDonald's McRib's case it comes back every so often for a limited time, but some are buried in the discontinued fast food graveyard, never to be consumed again. These fast food reviews were originally posted on our blog, The Impulsive Buy ([theimpulsivebuy.com](http://theimpulsivebuy.com)), which is one of the internet's premier websites for junk and fast food reviews. Actually, we're not 100 percent sure the last part of the previous sentence is true, but our cumulative blood pressure and cholesterol levels make us feel like we are.

**Fast Food My Way** Jacques Pépin, 2004-09-01 Easy, everyday dishes with a French twist from the multiple James Beard Award-winning chef, “a great teacher and truly a master technician” (Julia Child). In this companion volume to the PBS series, Jacques Pépin shows you how to create great-tasting dishes ranging from stunning salads such as Tomato and Mozzarella Fans to Supreme of Chicken with Balsamic Vinegar and Shallot Sauce to his breathtaking Almond Cake with Berries, all special enough for company, yet easy enough for those weekday evenings when you have no time. Fast food Jacques’s way involves no compromises in taste but saves you hours in the kitchen. His Instant Beef Tenderloin Stew, for instance, not only is far faster to make than traditional versions, but tastes brighter and fresher. With concise, clear directions, Jacques shares the secrets of his kitchen. He teaches you how to season a salmon fillet perfectly and cook it in a low oven, right on the serving platter. You’ll learn how to make a satisfying homemade vegetable soup in seconds, a baked potato

in half the usual time, and a succulent roast that takes minutes, not hours, to prepare. He also shows you how to create elegant meals from convenience foods: a bean dip that will keep guests coming back for more, silky soups, and caramelized peaches made from canned peaches. With Jacques Pépin *Fast Food My Way* at your side, the best food is always the simplest. "French cooking, Pépin reminds us, is not just a matter of technique; it's a matter of chic."—Publishers Weekly

**Fast Food Nation** Eric Schlosser, 2005-07-05 Fast food has hastened the malling of our landscape, widened the chasm between rich and poor, fueled an epidemic of obesity, and propelled American cultural imperialism abroad. That's a lengthy list of charges, but Eric Schlosser makes them stick with an artful mix of first-rate reportage, wry wit, and careful reasoning. Schlosser's myth-shattering survey stretches from California's subdivisions, where the business was born, to the industrial corridor along the New Jersey Turnpike, where many of fast food's flavors are concocted. Along the way, he unearths a trove of fascinating, unsettling truths -- from the unholy alliance between fast food and Hollywood to the seismic changes the industry has wrought in food production, popular culture, and even real estate.

**Fast Food Maniac** Jon Hein, 2016-02-02 The beloved personality from *The Howard Stern Show* celebrates American fast food, exploring the history and secret menu items of both national and regional chains, ranking everything from burgers and fries to ice and mascots, and offering his own expert tips on where to go and what to order. Jon Hein is the ultimate fast food maniac, and in this book he draws on his extensive knowledge of, and love for, both nationwide chains and regional gems, from McDonald's and KFC to In-N-Out Burger and Carvel. He digs into their origin stories; reveals secret menu items; includes best lists for everything from fried chicken and shakes to connoisseur concerns such as straws and biscuits; takes a nostalgic look back at the best giveaways, slogans, and uniforms; and even provides a battle-tested drive-

thru strategy. With behind-the-counter looks at places like the Dunkin' Donuts headquarters and Nathan's original hot dog stand, *Fast Food Maniac* is the definitive, cross-country guide to some of America's best-loved guilty pleasures.

*Fast Food* Tamara Thompson, 2015-04-02 It makes our lives easier, but it also has been proven to be a terribly unhealthy choice. This collection of essays debates fast food. Readers are given both sides to an assertion, allowing them multiple perspectives and a chance to decide for themselves. Essays include what fast food's impact is on our planet, whether marketing should target children, the impact of requiring caloric labels, and if there are benefits to the globalization of fast food.

Fast Food John A. Jakle, Keith A. Sculle, 2002 The authors contemplate the origins, architecture and commercial growth of wayside eateries in the US over the past 100 years. *Fast Food* examines the impact of the automobile on the restaurant business and offers an account of roadside dining.

**Fast Food Facts** Marion J. Franz, 1990-03 The definitive guide to survival in the fast food jungle is updated, containing more than 1,000 menu offerings from the 32 fast food chains based in the United States and Canada.

Fast Food Genocide Joel Fuhrman, M.D., Robert Phillips, 2017-10-17 From the #1 New York Times bestselling author of *Eat to Live* and *The End of Diabetes*, an unflinching, provocative exploration of how our food is killing us and the ways in which we are unwitting participants in an unprecedented and exploding health crisis. Fast food is far more than just the burgers, fries, and burritos served at chain restaurants; it is also the toxic, human-engineered products found in every grocery store across America. These include: cold breakfast cereals; commercial and preserved (deli) meats and cheeses; sandwich breads and buns; chips, pretzels, and crackers; fried foods; energy bars; and soft drinks. Fast foods have become the primary source of calories in the United States and consequently the most far-reaching and

destructive influence on our population. The indisputable truth is that our highly processed diet is the source of a national health crisis that is exploding into a genocide with unseen tragic implications. Heart attacks, strokes, cancer, obesity, ADHD, autism, allergies, and autoimmune diseases all have the same root cause – our addiction to toxic ingredients. New York Times bestselling author, board-certified physician, nutritional researcher, and leading voice in the health field Joel Fuhrman, M.D., explains why the problem of poor nutrition is deeper, more serious, and more pervasive than anyone imagined. *Fast Food Genocide* draws on twenty-five years of clinical experience and research to confront our fundamental beliefs about the impact of what we eat. This book identifies issues at the heart of our country's most urgent problems. Fast food kills, but it also perpetuates bigotry and derails the American dream of equal opportunity and happiness for all. It leaves behind a wake of destruction creating millions of medically dependent and sickly people burdened with poor-quality lives. The solution hiding in plain sight — a nutrientdense healthful diet — can save lives and enable humans to reach their intellectual potential and achieve successful and fulfilling lives. Dr. Fuhrman offers a life-changing, scientifically sound approach that can alter American history and perhaps save your life in the process.

**Fast Food** MURDOCH BOOKS, Murdoch Books Pty Limited, 2002 Tailored to help home cooks find a little more space in a hectic day, each recipe is designed to create a delicious meal with minimum time in the kitchen, leaving more time to spend on the important things in life.

*Drive-Thru Dreams* Adam Chandler, 2019-06-25 “This is a book to savor, especially if you’re a fast-food fan.”—Bookpage This fun, argumentative, and frequently surprising pop history of American fast food will thrill and educate food lovers of all speeds.

—Publishers Weekly Most any honest person can own up to harboring at least one fast-food guilty pleasure. In *Drive-Thru*

Dreams, Adam Chandler explores the inseparable link between fast food and American life for the past century. The dark underbelly of the industry's largest players has long been scrutinized and gutted, characterized as impersonal, greedy, corporate, and worse. But, in unexpected ways, fast food is also deeply personal and emblematic of a larger than life image of America. With wit and nuance, Chandler reveals the complexities of this industry through heartfelt anecdotes and fascinating trivia as well as interviews with fans, executives, and workers. He traces the industry from its roots in Wichita, where White Castle became the first fast food chain in 1921 and successfully branded the hamburger as the official all-American meal, to a teenager's 2017 plea for a year's supply of Wendy's chicken nuggets, which united the internet to generate the most viral tweet of all time. Drive-Thru Dreams by Adam Chandler tells an intimate and contemporary story of America—its humble beginning, its innovations and failures, its international charisma, and its regional identities—through its beloved roadside fare.

**Chew on this** Eric Schlosser, Charles Wilson, 2006 Everything you don't want to know about fast food.

*More Fast Food My Way* Jacques Pépin, 2008-08-12 From the man Julia Child called "a great teacher," an elegant cookbook full of fast-yet-flavorful recipes that take only minutes to make. Jacques Pépin *Fast Food My Way* was an immediate sensation, captivating cooks and critics, who called it "fabulous," "chic," and "elegant." Now America's first and most enduring celebrity chef does himself one better, with recipes that are faster, fresher, and easier than ever. Only Jacques could have come up with dishes so innovative and uncomplicated. You'll find: "Minute recipes": Nearly no-cook recipes fit for company: Cured Salmon Morsels, Glazed Sausage Bits Smashing appetizers: Scallop Pancakes, zipped together in a blender (10 minutes) Almost instant soups: Creamy Leek and Mushroom Soup (7 minutes) Fast, festive dinners: Stuffed Pork Fillet on Grape Tomatoes (18 minutes) Stunning desserts:

Mini Almond Cakes in Raspberry Sauce (15 minutes)

**Fast Food, Fast Talk** Robin Leidner, 1993-08-04 Attending Hamburger University, Robin Leidner observes how McDonald's trains the managers of its fast-food restaurants to standardize every aspect of service and product. Learning how to sell life insurance at a large midwestern firm, she is coached on exactly what to say, how to stand, when to make eye contact, and how to build up Positive Mental Attitude by chanting I feel happy! I feel terrific! Leidner's fascinating report from the frontlines of two major American corporations uncovers the methods and consequences of regulating workers' language, looks, attitudes, ideas, and demeanor. Her study reveals the complex and often unexpected results that come with the routinization of service work. Some McDonald's workers resent the constraints of prescribed uniforms and rigid scripts, while others appreciate how routines simplify their jobs and give them psychological protection against unpleasant customers. Combined Insurance goes further than McDonald's in attempting to standardize the workers' very selves, instilling in them adroit maneuvers to overcome customer resistance. The routinization of service work has both poignant and preposterous consequences. It tends to undermine shared understandings about individuality and social obligations, sharpening the tension between the belief in personal autonomy and the domination of a powerful corporate culture. Richly anecdotal and accessibly written, Leidner's book charts new territory in the sociology of work. With service sector work becoming increasingly important in American business, her timely study is particularly welcome.

*Fast Food, Fast Track* Jennifer Talwar, 2018-03-05 Praise for Fast Food, Fast Track A fine ethnography with both theoretical and advocative significance, representing the best qualitative sociology. — Choice Explores the intimate realities and behind-the-scenes exchanges of a multiethnic work force serving the typical American meal. Through a lively narrative and insightful stories,

Jennifer Parker Talwar gives a full sense of what it's like to live in both a global economy and a local culture. —Sharon Zukin, author of *The Cultures of Cities* No longer just pocket money for American teens, wages paid by multinational fast-food chains are going to a new generation of order-takers, burger-flippers, and basket-fryers—newly arrived immigrants hailing from China, the Caribbean, Latin America, and India, a colorful sea of faces has taken its place behind one of the most ubiquitous American business institutions—the fast-food counter. They have become a vital link between the growing service sector in our cities' ethnic enclaves and the multi-billion dollar global fast-food industry. For four years, sociologist Jennifer Parker Talwar went behind the counter herself and listened to immigrant fast-food workers in New York City's ethnic communities. They talked about balancing their low-paying jobs and monotonous daily reality with keeping the faith that these very jobs could be the first step on the path to the American Dream. In this original and compelling work of ethnography, Talwar shows that contrary to those arguing that the fast-food industry only represents an increasing homogenization of the American workforce, fast-food chains in immigrant communities must and do adapt to their surroundings.
