EA Sports FIFA Raiford Guins, Henry Lowood, Carlin Wing, 2022-07-14 If there is anything close to a universal game, it is association football, also known as soccer, football, fussball, fútbol, fitba, and futebol. The game has now moved from the physical to the digital - EA's football simulation series FIFA - with profound impacts on the multibillion sports and digital game industries, their cultures and players. Throughout its development history, EA's FIFA has managed to adapt to and adopt almost all video game industry trends, becoming an assemblage of game types and technologies that is in itself a multi-faceted probe of the medium's culture, history, and technology. EA Sports FIFA: Feeling the Game is the first scholarly book to address the importance of EA's FIFA. From looking at the cultures of fandom to analyzing the technical elements of the sports simulation, and covering the complicated relations that EA's FIFA has with gender, embodiment, and masculinity, this collection provides a comprehensive understanding of a video game series that is changing the way the most popular sport in the world is experienced. In doing so, the book serves as a reference text for scholars in many disciplines, including game studies, sociology of sports, history of games, and sports research.

Indian Army List January 1919 — Volume 2 Army Headquarters, India, 2012-02-03 Volume 2 of 4. The January and July issues of the Indian Army List contain not only the distribution of officers on the active list of the Army in India, including officers of British army regiments, battalions etc stationed in India, but are supplemented by the addition of Orders of Knighthood, Honours and Awards,

including Foreign Orders, by the non-effective officer list and the War Services of officers of the Indian Army. Details of each officer include dates of birth (except for wartime commissioned officers), date of first commission, of appointment to the Indian Army and dates of promotion. Officers are grouped according to their rank and by seniority within that rank, and are again shown under their regiments/battalions. In the case of British units, their date of arrival in India is shown, and with Indian units their date of formation and changes in title since, plus details of the backgrounds of men recruited, e.g. Sikhs, Punjabis, Dogras, Rajputs, etc. This army list also includes all native Viceroy Commissioned Officers - Subadar Majors, Subadars and Jemadars - and their war services, Major HQs and their staffs, divisional and brigade commanders and their staffs, schools, colleges, Administrative Departments of the Army are all shown. Non-regular Indian Defence Force units such as 22nd Bengal and North-Western railway Battalion, and the Indian Army Reserve of Officers are all there, along with British Warrant Officers serving in departments of the Indian Army. In 1914 there were 116 Indian and 10 Gurkha Regiments, all with one battalion apart from the cavalry, 32 Indian and one Gurkha regiment had been formed and the majority of the original regiments had raised second and sometimes third battalions. This splendid four-volume work reflects the tremendous contribution made by the Indian Army to the Empire's war effort. A full index is included.
