*Breathing Life Into Your Characters* Rachel Ballon,2009-03-01 Create Convincing Characters That Readers—and Editors—Can't Resist! It's the question that eternally plagues all good writers: How can you describe the thoughts and feelings of characters who have backgrounds or psychological aberrations with which you have no personal experience? How can you describe the feelings of a drug addict if you've never been one? How can you write about being a prisoner if you've never been to jail? You can do all the research you want, but the question still remains: How do you convincingly portray characters if you've never lived in their skin? In *Breathing Life Into Your Characters*, writing consultant and professional psychotherapist Rachel Ballon, Ph. D., shows you how to get in touch with the thoughts and feelings necessary to truly understand your characters—no matter what their background or life experiences. She'll show you how to: • Develop a psychological profile for every character • Turn archetypes into conflicted characters • Think like a criminal to convincingly write one • Reveal personalities through the use of nonverbal communication In addition, you'll learn how to effectively use Ballon's Method Writing system—taught previously only in her writing workshops—to explore your own feelings, memories, and emotions to create characters of astonishing depth and complexity!

**The Psychology of Screenwriting** Jason Lee,2013-07-18 The Psychology of Screenwriting is more than an interesting book on the theory and practice of screenwriting. It is also a philosophical analysis of predetermination and freewill in the context of writing and human life in our mediated world of technology. Drawing on humanism, existentialism, Buddhism, postmodernism and transhumanism, and diverse thinkers from Meister Eckhart to Friedrich Nietzsche, Theodor Adorno, Jacques Derrida, Jean Baudrillard and Gilles Deleuze, The Psychology of Screenwriting will be of use to screenwriters, film students, philosophers and all those interested in contemporary theory. This book combines in-depth critical and cultural analysis with an elaboration on practice in an innovative fashion. It explores how people, such as those in the Dogme 95 movement, have tried to overcome traditional screenwriting, looking in detail at the psychology of writing and the practicalities of how to write well for the screen. This is the first book to include high-theory with screenwriting practice whilst incorporating the Enneagram for character development. Numerous filmmakers and writers, including David Lynch, Jim Jarmusch, David Cronenberg, Pedro Almodóvar, Darren Aronofsky, Sally Potter and Charlie Kaufman are explored. The Psychology of Screenwriting is invaluable for those who want to delve deeper into writing for the screen.

*The Trouble with "Truth through Personality"* Charles W. Fuller,2010-04-05 In an era when the cult of personality has overtaken the task of preaching, Charles W. Fuller offers an engaging query into the necessary boundaries between the person of the preacher and the message preached. By thoroughly evaluating Phillips Brooks's classic truth through personality definition of preaching, Fuller brings to light a substantial error that remains in contemporary homiletics: namely, the tenuous correlation between Christ's incarnation and Christian preaching. Ultimately, Fuller asserts a sound evangelical framework for preaching on revelational, ontological, rhetorical, and teleological grounds. Preachers who desire to construct pulpit practice upon a robust evangelical foundation will benefit from Fuller's contribution.
