Robert Jeschonek

Fins, Feathers and Fur ,1918

Two Finger Salute at Agincourt Walter Shields,2014-08-01

This book is a story about an 11 year-old boy who is inspired to become an archer by the stories of battle that are told to him by his father and grandfather. Eager to learn all that he can about the using and making of longbows and arrows the hero of the story, Crispin Bowyer finally achieves his ambition to become an archer in the King's army aged 25, when he takes up a key role in the battle of Agincourt. The Battle of Agincourt has become the most legendary victory in a series of battles between England and France that later became known as The Hundred Years War that occurred between 1337 and 1453. Taking place in a muddy field after heavy rainfall, the battle commenced after a series of taunts from either side. At 11 am on 25th October 1415 thousands of arrows rained down on the French Army. Ragamuffin English peasants, who were greatly outnumbered by the French, fought their way to victory against the odds. Poorly dressed, in ill-health, many with excrement dripping down their legs as they shot arrow after arrow into the French ranks. This legendary battle has been dramatised by Shakespeare in his play Henry V and many a film and educational documentary have portrayed this battle from the perspective of Henry V, in a glamourised account of this historical battle; which over the years has become distorted and most probably inaccurate of the facts. Two Finger Salute at Agincourt greatly differs from what is commonly written about the battle. The author has written this fictional story based around the facts that are most commonly known and apologises if they are not completely correct. Just as the plays and films have been embellished for the sake of good viewing and the facts become tainted, this book makes no excuse for any inaccuracies that the 'historians' may find. The book is written with the young boy in mind and will appeal to youths of 8 -16 years of age in particular. However, anyone who wishes to read about the era, and how life

was for a peasant, would enjoy this book. There are many references to social issues and even the inadvertent creation of the 'V-sign', hence the title of the book. 2015 sees the 600th Anniversary of the battle and will no doubt be celebrated both in England and France. This book celebrates the common man, the peasants who fought disease and dysentery as well as a battle. The ordinary boy, Crispin Bowyer, who grows to be a man, wishing to better himself and join 'the band of brothers'. But where do his allegiances lie, with a French mother and English father? After being part of this victorious, yet dismal conflict, does this Anglo-French man still feel the same way about the glories of war? This book is a good read and opens up opportunities for further discussion, whether for educational reasons or simple interest in battles and bygone times. See the website for points of discussion, details of which are given in the glossary of the book.

Three Finger Cindy Thomson,Scott Brown,2006-01-01 On October 8, 1908, Mordecai Brown clutched a half-dozen notes inside his coat pocket. The message of each was clear: We'll kill you if you pitch and beat the Giants. A black handprint marked each note, the signature of the Italian Mafia. Mordecai Brown—dubbed “Three Finger” because of a childhood farm

injury—was the dominant pitcher for the great Chicago Cubs team of the early twentieth century, a team that from 1906 through 1910 was arguably the best in baseball history. Brown's handicap enabled him to throw pitches with an unconventional movement that left batters bewildered—the curve ball that Ty Cobb once called “the most devastating” he had ever faced. How Brown responded to the Mafia's threats in 1908 mirrored the way he took life in general: with unflappable courage and resolve. Telling his story for the first time, Cindy Thomson and Scott Brown trail Mordecai from the Indiana countryside to the coal mines, from semipro ball to the Majors, from the World Series mound back down to the Minors. Along the way they retrieve the lost lore of one of baseball's greatest pitchers—and chronicle one man's determination to reach a dream that most believed was unreachable.

The Surgical & Medical History of the Naval War Between Japan & China Yasuzumi Baron Saneyoshi, 1901

A Pinstriped Finger's My Only Friend Robert Jeschonek, 2013-07-16 Judd the popular 17-year-old jock has it all figured out. He's the star of his school, the top of the heap...but then the world starts changing around him and won't stop. Without explanation, everyone turns into purple furies...then gas-blasting puffballs...then neurotic lizards. Every time Judd falls asleep, he wakes up in a new and crazier world--a world of godlike super-teens, teenage serial killers, duck people, nudists, monsters, and more. It's like a twisted video game without rhyme or reason. The rules never stop changing, and the only thing he can depend on is his talking pinky finger with a major attitude. Together, he and Pinkerton (the finger prefers the name Killdigit!) fight through the parade of crazy realities, seeking a way to get back to normal. But what if normal just isn't an option anymore? Don't miss this wild fantasy by the award-winning author of *My Favorite Band Does Not Exist*, which won the Forward National Literature Award and was named a Top Ten

First Novel for Youth by Booklist. Reviews Robert Jeschonek is the literary love child of Tim Burton and Neil Gaiman. His fiction is cutting edge, original, and pulsing with dark and fantastical life. – Adrian Phoenix, critically acclaimed author of The Maker's Song series and Black Dust Mambo Robert Jeschonek is a towering talent. – Mike Resnick, Hugo and Nebula Award-winning author Jeschonek's stories are delightfully insane, a pleasure to read... – Fabio Fernandes, Fantasy Book Critic

The Life and Exploits of Three-Finger'd Jack William Burdett, 2021-09-28 The Life and Exploits of Three-Finger'd Jack (1801) is a book by William Burdett. Inspired by tales of legendary slave-turned-rebel Jack Mansong, as well as by a popular pantomime based on Jack's life, Burdett published his book to popular acclaim in England. In late eighteenth-century Jamaica, a runaway slave named Jack "Three-Fingered Jack" Mansong defied British law to establish a community of runaways in the densely forested Blue Mountains of what is now Saint Thomas Parish. Because his actions violated a controversial treaty between the Jamaican Maroons and the colonial authority, Jack and his comrades faced persecution from both groups. Knowing that his only choice was between freedom or death, Jack fought valiantly to the bitter end. In Burdett's version of events, Jack's story begins in Africa, where he goes by the name Mansong. Stolen into slavery and taken to the Caribbean, the war hero prepares to make his break for the mountains. The Life and Exploits of Three-Finger'd Jack also features a romantic subplot between the planter's daughter Rosa and Captain Orford, an Englishman newly arrived in Jamaica. With a beautifully designed cover and professionally typeset manuscript, this edition of William Burdett's The Life and Exploits of Three-Finger'd Jack is a classic of British-Jamaican literature reimagined for modern readers.

Trail of the Viking Finger John Bean, 2016-07-26 As Swiss psychiatrist and psychotherapist, Carl Jung, wrote: "history is not

contained in thick books, but lives in our very blood". Set mainly in Yorkshire and Tyneside, this historical novel deals with the descendants of the Byrne family, whose founder was a Danish Viking – Bjorne the Red. Trail of the Viking Finger follows the lives of the Byrne family over a 900-year period, from 1066 onwards. In particular, John Bean is interested in the shared DNA of the family and comments on how several behavioural characteristics, often violent, move between each generation. Although the story is fictitious, Trail of the Viking Finger uses much of John's own family tree as a basis to this story. John weaves the characters in and out of historical situations throughout the centuries as they deal with the ever-changing society, making it a fascinating, unusual read. In particular, John explores how the Brynes react to British social and political events throughout history including the post-Norman Conquest, the Black Death, the Peasants Revolt, The English Civil War, the Industrial Revolution and World War One. Whilst exploring the family politics of the Byrnes, John also mirrors some of his own life experiences in Trail of the Viking Finger, one of which includes the result of having an unsuccessful operation to cure Dupuytren's Contracture – known as the 'Viking Finger'. After the operation, John learns that his DNA was recognised as being of Anglo-Saxon or Danish Viking origin, something that has been descended from his ancestors. This book will appeal to those who enjoy historical fiction as well as those who are particularly interested in family trees. In addition, readers of Edward Rutherfurd's historical novels may compare Trail of the Viking Finger to his works, not least his first, Sarum, with its 10,000 year storyline.

The World of a Tiny Insect Zhang Daye, 2014-02-01 From the cry of a tiny insect, one can hear the sound of a vast world. . . . So begins Zhang Daye's preface to *The World of a Tiny Insect*, his haunting memoir of war and its aftermath. In 1861, when China's devastating Taiping rebellion began, Zhang was seven years old.

The Taiping rebel army occupied Shaoxing, his hometown, and for the next two years, he hid from Taiping soldiers, local bandits, and imperial troops and witnessed gruesome scenes of violence and death. He lost friends and family and nearly died himself from starvation, illness, and encounters with soldiers on a rampage. Written thirty years later, *The World of a Tiny Insect* gives voice to this history. A rare premodern Chinese literary work depicting a child's perspective, Zhang's sophisticated text captures the macabre images, paranoia, and emotional excess that defined his wartime experience and echoed through his adult life. The structure, content, and imagery of *The World of a Tiny Insect* offer a carefully constructed, fragmented narrative that skips in time and probes the relationships between trauma and memory, revealing both history and its psychic impact. Xiaofei Tian's annotated translation includes an introduction that situates *The World of a Tiny Insect* in Chinese history and literature and explores the relevance of the book to the workings of traumatic memory.

"One Finger's Worth of Historical Events" David Wolff, 2000

New Haven's Civil War Hospital Ira Spar, M.D., 2013-11-08

As the Civil War's toll mounted, an antiquated medical system faced a deluge of sick and wounded soldiers. In response, the United States created a national care system primarily funded and regulated by the federal government. When New Haven, Connecticut, was chosen as the site for a new military hospital, Pliny Adams Jewett, next in line to become chief of surgery at Yale, sacrificed his private practice and eventually his future in New Haven to serve as chief of staff of the new thousand-bed Knight U.S. General Hospital. The "War Governor," William Buckingham, personally financed hospital construction while supporting needy soldiers and their families. He appointed state agents to scour battlefields and hospitals to ensure his state's soldiers got the best care while encouraging their transfer to the hospital in New Haven. This history of the hospital's construction

and operation during the war discusses the state of medicine at the time as well as the administrative side of providing care to sick and wounded soldiers.

student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of

interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Finger Battle PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this

Finger Battle Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a

platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This

convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore,

the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Finger Battle PDF books and manuals is

convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Finger Battle free PDF books and manuals for

download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Finger Battle Books

What is a Finger Battle PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Finger Battle PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that

allows you to save a document as a PDF file instead of printing it on paper.

Online converters:

There are various online tools that can convert different file types to PDF. **How do I**

edit a Finger Battle PDF?

Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like

PDFescape or Smallpdf, also offer basic editing capabilities. **How**

do I convert a Finger Battle PDF to another file format?

There are multiple ways to convert a PDF to another format: Use online converters

like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats.

How do I password-protect a Finger Battle PDF?

Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many

free alternatives for working with PDFs, such as:

LibreOffice: Offers PDF editing

features. PDFsam:

Allows splitting, merging, and editing PDFs. Foxit

Reader: Provides basic PDF viewing and editing

capabilities. **How**

do I compress a PDF file? You can use online tools like Smallpdf,

ILovePDF, or desktop software like Adobe Acrobat

to compress PDF files without

significant quality

loss. Compression reduces the file

size, making it

easier to share and

download. **Can I fill**

out forms in a PDF

file? Yes, most PDF

viewers/editors like

Adobe Acrobat,

Preview (on Mac),

or various online

tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
