*Gooaal!* Tony Rickson, 2020-10-12 Football celebrations are a vital part of the beautiful game. Gooooaaaaaal! The Joy of the Football Celebration is all about what happens in the exhilarating moments after a goal. Where once a firm handshake was the norm—with a brief head nod if it had been a really good goal—today we see backflips, finger-pointing, ear-cuffing, badge-bashing, knee-sliding, camera-mugging, thumb-sucking—and sometimes something entirely original and funny. Often, the celebration is instinctive and all the better for it, but others are carefully planned and designed to make a point. Some are controversial or political, and an unfortunate few have resulted in injuries. Peter Crouch, Wayne Rooney, Paul Gascoigne, Jurgen Klinsmann, Jamie Vardy, Raheem Sterling, Alex Morgan, Beбето, finger-wagging Jimmy Bullard, golf club-waving Craig Bellamy, line-sniffing Robbie Fowler—all of them are among the 200-plus celebrations featured in this book. You'll discover exactly what went on—and why.

Football Bill Gutman,1990 Describes the history and current teams, leagues, and championships of football and provides instruction on how to play the game.

**Glue Fingers** Matt Christopher,2009-12-19 Reluctant to play football because he stutters, Billy Joe's first game discloses that he has no reason to fear ridicule.

**Table Top Football** Klutz Press,1993-03 Although table top football is a game universally played in schools across the land, there has been a distinct lack of uniformity in rule interpretation between districts. Until now. We humbly present the definitive word on the subject, illustrated with a potpourri of wild graphics and packaged with a hand-stitched cowhide finger football.

**Acute and Chronic Finger Injuries in Ball Sports** Grégoire Chick,2013-07-09 Neglected finger injuries may lead to chronic lesions that often have detrimental consequences for the practice of a ball sport, whether at a recreational level or at the top athlete level. The initial injury management is crucial. Depending on the type and the severity of the lesions, different people may get involved: the players themselves or their entourage, physiotherapists, club doctors, emergency physicians, family doctors, sports doctors or hand surgeons. Treatment is usually conservative: the long fingers require rapid mobilization to prevent stiffness and contrary to that, the thumb requires stability. Surgery may be necessary to reach these goals especially for athletes, because of the demands of their sport. Chronic lesions are also in part related to repeated trauma, requiring specialized long-term multidisciplinary treatment. They can often lead to the end of a sporting career, but also may limit the functionality of the fingers at the time of conversion. Dr Chick is Consultant Hand Surgeon in Hôpital de la Tour (Geneva) and Clinique de Genolier, Switzerland, and Visiting Surgeon in Aspetar, Orthopaedic and Sports Medicine Hospital, Doha, Qatar.
