Southern Paiute and Ute Linguistics and Ethnography William Bright,2010-12-14 The works of Edward Sapir (1884 - 1939) continue to provide inspiration to all interested in the study of human language. Since most of his published works are relatively inaccessible, and valuable unpublished material has been found, the preparation of a complete edition of all his published and unpublished works was long overdue. The wide range of Sapir's scholarship as well as the amount of work necessary to put the unpublished manuscripts into publishable form pose unique challenges for the editors. Many scholars from a variety of fields as well as American Indian language specialists are providing significant assistance in the making of this multi-volume series.

The Translator's Mirror for the Romantic Fan Shengyu,2022-05-29 The Translator's Mirror for the Romantic: Cao Xueqin's Dream and David Hawkes' Stone is a book that uses precious primary sources to decipher a master translator's art in Stone, a brilliant English translation of the most famous Chinese classic novel Dream. This book demonstrates a bilingual close reading which sheds light on both the original and its translation. By dividing the process of translation into reading, writing, and revising, and involving the various aspects of Sinological research, textual criticism, recreation, and literary allusions, this book ventures to emphasise the idea of translation as a dialogue between the original and the translated text, between the translator and his former self, and a learning process both for the translator and the reader of his translation. Any student of Chinese language and literature, or Chinese-English translation, will benefit from this book; for students and scholars who want to study David Hawkes and his Stone, this book is an indispensable aid. Readers will be interested to see how a non-theoretical analysis could be used to evaluate this translation, for it makes an extremely important and useful contribution to this subject.

Reflecting these themes this book places emphasis on community wisdom. The underpinning argument is that our instinctive urge for survival may not be enough if we do not share our collective knowledge and learn more about the everyday habits, beliefs and actions of communities spread across the region. Contributions from researchers active within local communities help build knowledge capacity and support for collaborative research.

Factory Girls Leslie T. Chang, 2009-08-04 An eye-opening and previously untold story, Factory Girls is the first look into the everyday lives of the migrant factory population in China. China has 130 million migrant workers—the largest migration in human history. In Factory Girls, Leslie T. Chang, a former correspondent for the Wall Street Journal in Beijing, tells the story of these workers primarily through the lives of two young women, whom she follows over the course of three years as they attempt to rise from the assembly lines of Dongguan, an industrial city in China's Pearl River Delta. As she tracks their lives, Chang paints a never-before-seen picture of migrant life—a world where nearly everyone is under thirty; where you can lose your boyfriend and your friends with the loss of a mobile phone; where a few computer or English lessons can catapult you into a completely different social class. Chang takes us inside a sneaker factory so large that it has its own hospital, movie theater, and fire department; to posh karaoke bars that are fronts for prostitution; to makeshift English classes where students shave their heads in monklike devotion and sit day after day in front of machines watching English words flash by; and back to a farming village for the Chinese New Year, revealing the poverty and idleness of rural life that drive young girls to leave home in the first place. Throughout this riveting portrait, Chang also interweaves the story of her own family's migrations, within China and to the West, providing historical and personal frames of reference for her investigation. A book of global significance that provides new insight into China, Factory Girls demonstrates how the mass movement from rural villages to cities is remaking individual lives and transforming Chinese society, much as immigration to America's shores remade our own country a century ago.

Advances in Neural Network Research and Applications Zhigang Zeng, Jun Wang, 2010-05-10 This book is a part of the Proceedings of the Seventh International Symposium on Neural Networks (ISNN 2010), held on June 6-9, 2010 in Shanghai, China. Over the past few years, ISNN has matured into a well-established premier international symposium on neural networks and related fields, with a successful sequence of ISNN series in Dalian (2004), Chongqing (2005), Chengdu (2006), Nanjing (2007), Beijing (2008), and Wuhan (2009). The recent developments of science and technology, including neuroscience, computer science, cognitive science, nano-technologies and engineering design, among others, has provided significant new understandings and technological solutions to move the neural network research toward the development of complex, large scale, and networked brain-like intelligent systems. This long-term goals can only be achieved with the continuous efforts from the community to seriously investigate various issues on neural networks and related topics.

101 Wet Playtime Games and Activities Therese Hoyle, 2022-09-16 Picture this, you are a busy classroom teacher, it's almost lunchtime on a Tuesday and it has started to pour with torrential rain. If your school has a wet playtime policy then everyone in the school will be clear about the procedures, your wet play box will be organised and children will have a stimulating, rewarding playtime experience. However, if you are like a lot of schools across the country you will be scrambling around trying to find activities to entertain the children or you will have just discovered your wet play box needs replenishing! The problem with wet playtimes is that they happen haphazardly, we never know when they are going to occur and often we are completely unprepared. The aim of this book is to make sure you are prepared and that you have a wealth of ideas up your sleeve. Through intensive research, the author gathered feedback from teachers, children, lunchtime supervisors, parents and classroom assistants and discovered that you wanted a book that is inspiring, user friendly, and packed with activities, games and ideas that are easy to implement. To make it as easy as possible to use, it includes lots of copiable activities and ideas that support schools in creating a wet playtime policy that will lead to happier playtimes. It includes the following: Easy to run, stimulating activities and games that can be quickly organised at short notice. A selection of copiable resources that can be quickly printed off the CD-ROM or photocopied from the book. Ideas to help implement a wet playtime policy. Creative ideas to support you in organising wet play. Structures for behaviour management at wet playtimes including rewards and encouragers to celebrate children who play well. Suggestions for wet play activity boxes and lots of creative ideas for your wet play themed boxes. So here it is, jam packed with creative ideas, activities, games and activity pages to make those rainy days rainbow filled. Have fun and remember, 'Play is regarded as essential to life long learning, creativity and wellbeing,' Wood (2007).

A Pinstriped Finger's My Only Friend Robert Jeschonek, 2013-07-16 Judd the popular 17-year-old jock has it all figured out. He's the star of his school, the top of the heap...but then the world starts changing around him and won't stop. Without explanation, everyone turns into purple furries...then gas-blasting puffballs...then

neurotic lizards. Every time Judd falls asleep, he wakes up in a new and crazier world--a world of godlike super-teens, teenage serial killers, duck people, nudists, monsters, and more. It's like a twisted video game without rhyme or reason. The rules never stop changing, and the only thing he can depend on is his talking pinky finger with a major attitude. Together, he and Pinkerton (the finger prefers the name Killdigit!) fight through the parade of crazy realities, seeking a way to get back to normal. But what if normal just isn't an option anymore? Don't miss this wild fantasy by the award-winning author of *My Favorite Band Does Not Exist*, which won the Forward National Literature Award and was named a Top Ten First Novel for Youth by Booklist. Reviews Robert Jeschonek is the literary love child of Tim Burton and Neil Gaiman. His fiction is cutting edge, original, and pulsing with dark and fantastical life. – Adrian Phoenix, critically acclaimed author of *The Maker's Song* series and *Black Dust Mambo* Robert Jeschonek is a towering talent. – Mike Resnick, Hugo and Nebula Award-winning author Jeschonek's stories are delightfully insane, a pleasure to read... – Fabio Fernandes, *Fantasy Book Critic*

A Handbook of Chinese Cultural Terms Dr. Wanlong, Mrs. Aiqin, Dr. Weightman,2012-03-22 This handbook is specially designed to meet the needs of both Chinese and English readers, researchers, and translators who are interested in Chinese culture. The Chinese cultural terms included in this book cover almost all the aspects of Chinese culture, literary, artistic, religious, philosophical, folkloric, classical, vernacular and so on. As many of them have not their English equivalents, the authors have tried to find the corresponding English terms for them as much as possible so that they can be conducive to the readers' grasp of the Chinese cultural terms and phrases when they read or translate a Chinese book about Chinese culture. This book is indispensable and very useful to sinologists, Chinese-English translators and tour guides.

Journey to the West, Volume 3 Cheng'en Wu,1977 The Journey to the West, volume 3, comprises the third twenty-five chapters of Anthony C. Yu's four-volume translation of Hsi-yu Chi, one of the most beloved classics of Chinese literature. The fantastic tale recounts the sixteen-year pilgrimage of the monk Hsüan-tsang (596-664), one of China's most illustrious religious heroes, who journeyed to India with four animal disciples in quest of Buddhist scriptures. For nearly a thousand years, his exploits were celebrated and embellished in various accounts, culminating in the hundred-chapter Journey to the West, which combines religious allegory with romance, fantasy, humor, and satire.
