**The Persecution of the Knights Templar: Scandal, Torture, Trial** Alain Demurger,Teresa Lavender Fagan,2019-01-01 The definitive account of history's most infamous trial, following the doomed Order of the Knights Templar from scandal to suppression. The trial of the Knights Templar is one of the most infamous in history. Accused of heresy by the king of France, the Templars were arrested and imprisoned, had their goods seized and their monasteries ransacked. Under brutal interrogation and torture, many made shocking confessions: denial of Christ, desecration of the Cross, sex acts, and more. This narrative follows the everyday reality of the trial, from the early days of scandal and scheming in 1305, via torture, imprisonment and the dissolution of the order, to 1314, when leaders Jacques de Molay and Geoffroy de Charnay were burned at the stake. Through first-hand testimony and written records of the interrogations of 231 French Templars, this book illuminates the stories of hundreds of ordinary members, some of whom testified at the trial, as well as the many others who denied the charges or retracted their confessions. This is a deeply researched and immersive account that gives a striking vision of the relentless persecution, and the oft-underestimated resistance, of the once-mighty Knights Templar.

Pakistan International Monetary Fund,2004-07-21 This paper assesses Pakistan’s Eighth Review Under the Three-Year Arrangement Under the Poverty Reduction and Growth Facility (PRGF) and Request for Waivers and Modification of Performance Criteria (PCs). Implementation of the PRGF program in Pakistan remains broadly on track. All quantitative performance criteria for end-December 2003 were met, and it seems that most indicative targets for end-March 2004 were also met. Structural reforms are advancing, albeit only slowly in the energy sector. Four structural performance criteria were breached, but the slippages were minor and mainly reflected timing issues.
