*Flores de Mexico Flowers of Mexico Mini* ,2003-05 In this 2004 calendar Mexico is ablaze with beautiful, brightly colored flowers that paint the landscape pink, purple, red, white, and orange.

*The Mexican Revolution in Chicago* John H Flores,2018-03-21 Few realize that long before the political activism of the 1960s, there existed a broad social movement in the United States spearheaded by a generation of Mexican immigrants inspired by the revolution in their homeland. Many revolutionaries eschewed U.S. citizenship and have thus far been lost to history, though they have much to teach us about the increasingly international world of today. John H. Flores follows this revolutionary generation of Mexican immigrants and the transnational movements they created in the United States. Through a careful, detailed study of Chicagoland, the area in and around Chicago, Flores examines how competing immigrant organizations raised funds, joined labor unions and churches, engaged the Spanish-language media, and appealed in their own ways to the dignity and unity of other Mexicans. Painting portraits of liberals and radicals, who drew support from the Mexican government, and conservatives, who found a homegrown American ally in the Roman Catholic Church, Flores recovers a complex and little known political world shaped by events south of the U.S border.

*Flor de México* Maricela R Loaeza,2021-08-21 Este libro nos habla de la magia de las flores, tanto de las reales como de las metafóricas, de aquellas que se forman con pétalos y de las que cobran vida en la cocina. Las flores nos alegran la vista, el tacto, el olfato y el alma, con su color, textura, perfume, y simbolismo. El poema Flor de México que da título a este poemario a través de trovas clásicas, con él la autora busca recordarnos la dicha que nos brindan las tortillas para los sentidos. La compañía nutritiva de comidas mexicanas llenas de amor, es esa especie de flor; hecha de maíz que sabe a cultura mexicana. This book tells us about the magic of flowers, both real and metaphorical, those that are formed from petals and those that are brought to life in the kitchen. Flowers bring joy to our sight, touch, smell and soul with their color, texture, perfume and symbolism. The poem, Flor de México (Flower of Mexico), lends its title to this collection of poems (employing the classic ballad style), with which the author seeks to remind us of the joy that tortillas bring to the senses. The nourishing company of Mexican food, full of love, is that kind of flower; made of corn, it tastes like Mexican culture.
