*Around the Year, in the Garden* Frederick Frye Rockwell,2015-06-12 Excerpt from *Around the Year, in the Garden: A Seasonable Guide and Reminder for Work With Vegetables, Fruits, and Flowers, and Under Glass* Invitation In golden April weather, In sun and wind and rain, Let us fare forth and follow Beneath

the spring's first swallow By budding break and heather To the good brown soil again! With rake and seeds and sower, And hoe and line and reel, When the meadows shrill with peeping And the old world wakes from sleeping, Who wouldn't be a grower That has any heart to feel? Delve in! The year's before us; Spring's promise fills the air. Descendants of Antæus, The brown earth's touch can free us, Renew us and restore us, From the hand o' carking care. Work, through the summer golden, And through the autumn's glow. Till the months lay down their burden In the full garden's guerdon, And earth, once more enfolden, Sleeps warm beneath the snow. And for our work - though showers And autumn frosts destroy - Our greatest pay's not measured In fruit and flower we've treasured, But in the golden hours That brought us health and joy! **Birthday Reminder Book** Emily Grace, 2020-05-12 Book Description When we remember birthdays of someone, we become more special to them. They will feel that we care about them. What would we feel if someone come and say Hey, what is your plan next week? It's your birthday anniversary, isn't it? We feel surprised and happy about it, right?. If that the case, will it be great if

we can memorize dates of births of people closing to us, our friends and our family members, for example. However, most of us also have a problem about memorizing things. So, we will solve the problem by writing the dates down into a simple notebook. Well, it could be an efficiently solution. But will it be better if our notebook is more organized? If the notebook we use is organized by month and date orderly, it will be easy to record information and easy to find such info in the future. Many times, we will also need to check about next month birthdays in advance, so we will not miss a birthday of anybody. It is easy when we have a more organized notebook. This is why a date reminder notebook is more suitable when we are going to use it for recording birthdays of other people. Note that, we can use this type of notebooks (date reminder notebook) for recording a special event in our life. In this case, we will always know that when the exact date of such event anniversaries, such as wedding anniversary or graduation anniversary.
