**Jodhpur** Gitanjali Gurbaxani,2018-09-15 Cuisine from time immemorial has given a distinct identity to a region simultaneously echoing the culture of the same. A place where cooking food is considered an art form, one can only imagine what a lip-smacking treat is awaiting a man in love with authentic food. Jodhpur is one such city that offers sumptuous and simply irresistible delicacies, leaving you asking for more. Of all the cuisines in the world, this one is one of the most aromatic and colorful, one that has evolved from the kitchens of the Marwar kingdom, which was renowned for age-old traditions of hospitality and food. The city's cultural tapestry takes in simple folk to highly cultivated classical music and dance, in its own distinct style. Not everyone gets invited to the kitchen of the Royal family of Jodhpur to see how their food is custom made. This book showcases the ancestral recipes from the royal family of Jodhpur that have been made by the chefs of the royal family that are rich and luscious. It covers the interesting varieties of street food available on this side of the 'Land of the Kings' in what is truly a gourmet destination in India.

**Business on a Platter** Anoothi Vishal, 2019-10-30 Why do some restaurant brands succeed while most disappear even before the main course is served? Is there a market at all for luxury dining? Should you scale up your concept or limit your ambition? Should you seek private equity investment or is it better to grow slow and steady? How much does PR help? What alchemical andaz of location, food, service and financial planning makes for a perfect recipe? In India's cut-throat restaurant

industry, fame and fortune rest on a knife's edge. Over the past two decades, the sector has seen an unprecedented boom – with the introduction of experiential restaurants, global cuisines and modern Indian food, and chefs seeking to establish credible ventures to serve consumers more open to culinary diversity than ever before. But behind all the glamour, there lies a cautionary tale: restaurants are a tough business in a market characterized by high costs, an unclear regulatory framework and fickle consumers who often prize discounts over quality. And while the last few years have seen private equity investment enter the space, there have been few notable exits, and returns on investment remain nebulous even as restaurants struggle with slim profit margins and high mortality rates. In *Business on a Platter*, Anoothi Vishal dives deep into the complex business of restaurants and takes a hard look at where it's all headed. Building on her observations of the sector over two decades, she analyses stories of survival, failure and turnarounds, while also tracing the history of food retail from Mughal India to the newest brands pushing the envelope. Incisive and perceptive, this book is the ultimate guide to the business of food in India.

**A TASTE OF TIME-A FOOD HISTORY OF CALCUTTA** Mohona Kanjilal, 2021-06 Description Calcutta, once the nucleus of the Raj, was at the heart of a thriving economy and unparalleled administration. Over the centuries, this teeming, cosmopolitan metropolis has become home to people from various communities who have lent its food and culture their distinctive tastes and culinary rituals. The heady romance of palates and flavours in the 'Royal Capital' has fostered diversity in food and culture all the while adhering to the city's Bengali roots. A Taste of Time is an insightful journey through the ever-changing landscape of Calcutta's food and cultural milieu, from its decades-old cutlet, jhal muri, and puchka stalls to its iconic continental restaurants like Firpo's and Flurys; from its oldest tea shop, Favourite Cabin, set up in 1924, to the 21st-century fine-dining restaurant threesixtythreeo. Mohona Kanjilal, through her immaculate research, deftly captures the stories behind the city's endearing culture of 'bikel chaar-ter cha' (tea at 4 p.m.); its renowned bakeries like Nahoum's; and the invention of rasogollas and samosas (or shingara). Diving into Calcutta's dazzling history, she explores how the food habits of early European settlers, Jewish, Armenian, Chinese, Parsi and other expats, and the

city's next-door neighbours like Darjeeling and Odisha, have made the culinary fabric of Calcutta immensely rich and layered. This delightful and comprehensive history of food in Calcutta, peppered with mouthwatering nuggets, recipes and intriguing accounts of some revolutionary personalities of Bengal will appeal to the mind and tastebuds alike.
