The Mark and the Void Paul Murray, 2015-10-20 What links the Investment Bank of Torabundo, www.myhotswaitress.com (yes, with an s, don't ask), an art heist, a novel called *For the Love of a Clown*, a six-year-old boy with the unfortunate name of Remington Steele, a lonely French banker, a tiny Pacific island, and a pest control business run by an ex-KGB agent? *The Mark and the Void* is Paul Murray's madcap new novel of institutional folly, following the success of his wildly original breakout hit, *Skippy Dies*. While marooned at his banking job in the bewilderingly damp and insular realm known as Ireland, Claude Martingale is approached by a down-on-his-luck author, Paul, looking for his next great subject. Claude finds that his life gets steadily more exciting under Paul's fictionalizing influence; he even falls in love with a beautiful waitress. But Paul's plan is not what it seems—and neither is Claude's employer, the Investment Bank of Torabundo, which swells through dodgy takeovers and derivatives trading until—well, you can probably guess how that shakes out. *The Mark and the Void* is the funniest novel ever written about the recent financial crisis, and a stirring examination of the deceptions carried out in the names of art and commerce.

But Caroline’s world is forever changed when Hitler’s army invades Poland in September 1939—and then sets its sights on France. Anxious People Fredrik Backman, 2020-09-08 Instant #1 New York Times Bestseller A People Book

of the Week, Book of the Month Club selection, and Best of Fall in Good Housekeeping, PopSugar, The Washington Post, New York Post, Shondaland, CNN, and more! “[A] quirky, big-hearted novel...Wry, wise, and often laugh-out-loud funny, it’s a wholly original story that delivers pure pleasure.” —People

From the #1 New York Times bestselling author of *A Man Called Ove* comes a charming, poignant novel about a crime that never took place, a would-be bank robber who disappears into thin air, and eight extremely anxious strangers who find they have more in common than they ever imagined. Looking at real estate isn’t usually a life-or-death situation, but an apartment open house becomes just that when a failed bank robber bursts in and takes a group of strangers hostage. The captives include a recently retired couple who relentlessly hunt down fixer-uppers to avoid the painful truth that they can’t fix their own marriage. There’s a wealthy bank director who has been too busy to care about anyone else and a young couple who are about to have their first child but can’t seem to agree on anything, from where they want to live to how they met in the first place. Add to the mix an eighty-seven-year-old woman who has lived long enough not to be afraid of someone waving a gun in her face, a flustered but still-ready-to-make-a-deal real estate agent, and a mystery man who has locked himself in the apartment’s only bathroom, and you’ve got the worst group of hostages in the world. Each of them carries a lifetime of grievances, hurts, secrets, and passions that are ready to boil over. None of them is entirely who they appear to be. And all of them—the bank robber included—desperately crave some sort of rescue. As the authorities and the media surround the premises these reluctant allies will reveal surprising truths about themselves and set in motion a chain of events so unexpected that even they can hardly explain what happens next. Rich with Fredrik Backman’s “pitch-perfect dialogue and an unparalleled understanding of human nature” (Shelf Awareness), *Anxious People* is an ingeniously constructed story about the enduring power of friendship, forgiveness, and hope—the things that save us, even in the most anxious times.

When You Can't Believe Your Eyes Hannah Fairbairn, 2019-07-05 This book was first projected in 2004, when Author Hannah Fairbairn was teaching interpersonal skills at the Carroll Center for the Blind in Newton, Massachusetts. The experiences of her adult students—and her own experience of sight lost—convinced her that everyone losing vision needs access to good information about the process of adjustment to losing sight and practical ways to use assertive speech. When You Can't Believe Your Eyes is intended for anyone going through vision loss, their friends, and families. It will inform readers how to get expert professional help, face the trauma of loss, and navigate the world using speech more than sight. Each of the twelve chapters in the book contain many short sections and bullet-point lists, intended to facilitate access to the right information. It begins where you begin—at the doctor's office or the hospital. Since vision loss takes many forms, there are suggestions for questions you might ask to get a clear diagnosis and the best treatment. Part One also has a description of legal blindness and possible prevention, advice about your job, and tips for life at home. Part Two is about believing in yourself as you deal with the loss, the anger, and the fear before you come up for air and consider training. Parts Three and Four describe using assertive speech and action in all kinds of settings as your independence and confidence increase. Part Five gives detailed information about everything from dating, and caring for babies to senior living, volunteering, and retaining your job. It is hoped that by reading and trying out the suggestions, the reader will recover full confidence, become a positive, assertive communicator, and lead a satisfying life. Because vision loss happens mostly in older years, the book is written with seniors particularly in mind. Professionals will also find it to be a useful resource for their patients.

The Emotionally Intelligent Manager David R. Caruso,Peter Salovey,2004-03-15 We have long been taught that emotions should be felt and expressed in carefully controlled ways, and then only in certain environments and at certain times. This is especially true when at work, particularly when managing others. It is considered terribly unprofessional to express emotion while on the job, and many of us believe that our biggest mistakes and regrets are due to our reactions at those times when our emotions get the better of us. David R. Caruso and Peter Salovey believe that this view of

emotion is not correct. The emotion centers of the brain, they argue, are not relegated to a secondary place in our thinking and reasoning, but instead are an integral part of what it means to think, reason, and to be intelligent. In *The Emotionally Intelligent Manager*, they show that emotion is not just important, but absolutely necessary for us to make good decisions, take action to solve problems, cope with change, and succeed. The authors detail a practical four-part hierarchy of emotional skills: identifying emotions, using emotions to facilitate thinking, understanding emotions, and managing emotions—and show how we can measure, learn, and develop each skill and employ them in an integrated way to solve our most difficult work-related problems.
