The Secret Teachings of Gemcutting Justin

Prim,2021-07 The Secret Teachings of Gemcutting is a collection of classic gemstone designs spanning 500 years. The designs are presented with full color photos, historical information, cutting advice, and design information. These are industry standard designs for the gem and jewelry trade for all the major gemstone cutting centers around the world. This collection marks the first time the designs have been compiled for public consumption. This volume will prove useful to both gemcutters who want to cut these essential designs and to jewelers who would like a visual aid to present different gemstone styles to their customers. Aside from the designs, the introductory chapters of the book contain invaluable information about gemstone design, optics, gem physics, modifying designs, pairing rough gems with an appropriate design, and more.

Gem's Story - A Spiritual Journey Joost

Boekhoven,2013-05-31 Gem is a girl who feels that everything in life has a deeper meaning, but she doesn't know how to find it. Gem and the monk have many adventures together, some dangerous, some humorous and all of them deeply spiritual. But who is the teacher and who is the student? Gem's story is a heartwarming novel about personal growth and two peoples' search for the infinite. ,

The Techniques of Master Gem Polishing Gerald L. Wykoff,1994-01-01

Managing Events, Festivals and the Visitor Economy

Michael B. Duignan, 2021-12-14 This edited text, intended to support a research-informed approach to learning and teaching, presents an array of concepts, collaborations and in-depth cases related to managing events, festivals and the visitor economy. Authors offer an array of philosophical, political, cultural, and ethical perspectives on how to achieve this across a range of contexts, from Cambodia, China, Egypt to the British cathedral city of Lincoln. Though recognising individual difference, each chapter unites in their common pursuit of supporting the United Nations Sustainable Development Goals (UNSDGs). This is significant as utilising the UNSDGs as a normative organising framework for how we all think about, plan, and manage a 'good' visitor economy is increasingly ubiquitous. It is with this in mind that each chapter provides explicit links to the UNSDGs and policy and/or practical implications, along with a series of critical self-assessment questions to reflect on the chapter's key arguments. This collection aims to satiate what appears to be an increasing appetite of readers and students alike who seek exposure to rigorous debate in and out of the classroom.

Master Assassins Robert V.S. Redick, 2018-03-06 2018 BookNest Fantasy Awards Finalist for Best Novel "This book has everything I love: Clean, crisp worldbuilding. Characters that live and breathe. A story that teases and surprises me. I like Master Assassins so much I wish I'd written it, but deep down, I know I couldn't have written it this well."—#1 New York Times bestselling author Patrick Rothfuss Two village boys mistaken for assassins become the decisive figures in the battle for a continent in the thrilling new desert-based epic fantasy by the author of The Red Wolf Conspiracy. Kandri Hinjuman was never meant to be a soldier. His brother Mektu was never meant for this world.

Rivals since childhood, they are drafted into a horrific war led by a madwoman-Prophet, and survive each day only by hiding their disbelief. Kandri is good at blending in, but Mektu is hopeless: impulsive, erratic—and certain that a demon is stalking him. Is this madness or a second sense? Either way, Kandri knows that Mektu's antics will land them both in early graves. But all bets are off when the brothers' simmering feud explodes into violence, and holy blood is spilled. Kandri and Mektu are taken for contract killers and must flee for their lives—to the one place where they can hope to disappear: the sprawling desert known as the Land that Eats Men. In this eerie wilderness, the terrain is as deadly as the monsters, ghouls, and traffickers in human flesh. Here the brothers find strange allies: an aging warlord, a desert nomad searching for her family, a lethal child-soldier still in her teens. They also find themselves in possession of a secret that could bring peace to the continent of Urrath. Or unthinkable carnage. On their heels are the Prophet's death squads. Ahead lie warring armies, sandstorms, evil spirits and the deeper evil of human greed. But hope beckons as well—if the “Master Assassins” can expose the lie that has made them the world's most wanted men.
