Going Places Julie Fry,Hayden Glass,2016-03-15 Migration and the movement of people is one of the critical issues confronting the world's nations in the twenty-first-century. This book is about the economic contribution of migration to and from New Zealand, one of the most frequently discussed aspects of the debate. Can immigration, in economic terms, be more than a gap filler for the labour market and help as well with national economic transformation? And what is the evidence on the effect of migration not just on house prices but also on jobs, trade or broader economic performance? Building on Sir Paul Callaghan's vision of New Zealand as a place 'where talent wants to live', this book explores how we can attract skilled, creative and entrepreneurial people born in other countries, and whether our 'seventeenth region' – the more than 600,000 New Zealanders living abroad – can be a greater national asset.

Going Places E.D. Hill, 2012-09-11 What one piece of advice has made all the difference in your life? That was the question longtime journalist and Fox & Friends cohost E.D. Hill asked of scores of the most famous and successful figures in America—from President George W. Bush to supermodel Carol Alt. The result is *Going Places*, a collection of moving and instructive profiles that reveal exactly what inspires and drives our nation's best and brightest to survive and thrive. In the pages of *Going Places*, you'll discover how Donald Trump approaches the competition, what makes NFL star Tiki Barber a smart player on and off the field, and what life lesson television star Doris Roberts learned on a trip to Napa Valley. You'll follow country music star Trace Adkins's journey from working on a rig in the oil fields of Texas to signing a deal with Capitol Records in Nashville, and Donna de Varona's path to becoming the youngest member of the U.S. Olympic swim team at age thirteen. Sometimes heart wrenching, sometimes humorous, and always captivating, these portraits are sure to inform, entertain, and, most important, inspire. Sarah Ferguson, the Duchess of York, on searching for her soul in Tibet Champion bull rider Justin McBride on what it means to get a good night's sleep Senate Majority Leader Dr. William Frist on medicine as a currency of peace Dolly Parton on her father's horse-sense advice Dean Cain on rejection, perseverance, and lessons he learned from his son Sharing these stories in these figures' own voices, *Going Places* reflects a vast and diverse America in which anything is possible. It is my hope that you'll have this book by your bedside table and turn to it, alone or with your children, to find inspiration from wonderful people. After all, as these real-life stories illustrate, great advice can come from anyone, at any time.

Going Places with God Wayne Stiles, 2011-08-26 Where does God want me to walk? What path do I take? These 90 devotional readings, each based on a specific biblical place, invite readers to embark on their own spiritual journey. As the spectacular backdrop of biblical lands unfolds, readers gain insights on how the lives of those in the Bible were shaped and influenced by the contours of the

countries they lived in. Pertinent Scripture, historical quotes, and a prayer for each day further help the reader apply the truths of the devotion to their own journey of faith. Quality maps lend context to each reading. Through visiting these holy places through the pages of this book, the reader is invited to reshape his or her own life. They will also discover anew how God teaches us to trust in his love, protection, and provision for our lives.

Going Places in the Spirit Joshua Bvudzijena Maponga, 2017-10-25 Christianity & Spirituality The advent and introduction of Christianity to the African continent in the form of missionaries took away the Spiritual Connection with God and replaced it with empty forms of worship which they called Christianity. Christianity as read and understood from the book of Acts, is a 'Spirit-Filled' movement that is contrary to the Christianity of the missionaries, which put emphasis on the physical appearance, forms, and schedules, protocols, and manuals, at the expense of the core of a human being, his spirit. This mechanical form of Christianity by missionaries starves the Spirit and feeds the flesh. Reconnect, and relive the book of Acts in the present day. This book seeks to address among other interesting issues that are hardly addressed on your church pulpits. 'Going Places in the Spirit' will set you on a course correction that will connect you with God not in religious protocol but in a divine relationship with your creator. 'Going Places in the Spirit' will help you re-discover the 'Christ' in Christianity and the Spirit of God in 'Man' as he was created in His image to have dominion on 'Earth as it is in Heaven'.

'Going Places in the Spirit' will redefine your identity at the root of your creation both in the 'Physical' and the 'Spiritual'. Going Places in the Spirit is about 'Decolonizing Christianity'

We're Going Places John Broadley,Mick Jackson,2021-09-09 The second children's book from the wonderful illustrator John Broadley, working with Booker-shortlisted novelist Mick Jackson, following their glorious debut picture book *While You're Sleeping*. Mick Jackson's poetic prose and John Broadley's detailed and unique illustrations make this a special book to read again and again, and treasure for years to come. Beautifully illustrated in a limited colour palette, the winding, lyrical text follows a child's growth through travel – from crawling to walking, skating to biking and then on to trains, boats and planes. It also looks at the 'journey of life', how children grow and develop, how they choose their own routes through life, and make lasting memories as they go. Starting with the first time a baby comes home with its parents and ending with a grandparent reflecting on their life, it's a beautiful evocation of the journeys we all take through our lives.
