Grab the Devil's Tail Bev Christensen; Laura Zielke,2008-03-20 This is a first-person account of Patrick Michael Mooney's life of crime and his failed attempts to redeem himself by becoming a police informant. With unusual honesty and a quirky sense of humour he relates how his father's harshness and his teenaged rebelliousness led him into heavy drug use and bizarre drug-induced behaviour. A judge sends him to a Massachusetts psychiatric assessment unit from which he escapes repeatedly until he is placed in a secure ward housing seriously psychotic patients. His heavy drug use and drug results in him being confined in some of the harshest prisons in the U.S. and Canada. His romance with a beautiful model ends tragically when a Toronto Metro policeman shoots her 'accidentally'. Upon his release Patrick launches into a crime spree that ends with him being charged with multiple crimes. He skips bail and hides in a remote work camp north-eastern British Columbia. He is recaptured and while awaiting a court hearing in Calgary he masterminds a daring escape, steals a car and begins a cross-Canada crime spree with an increasingly dangerous fellow escapee. They are recaptured and both sent to Dorchester Penitentiary where his

dangerous fellow escapee plots to have him killed. Upon his release from prison he finds it difficult to adjust to life outside prison until he undertakes dangerous assignments as a police informant. His story ends with him being pursued by those seeking to claim contract money from the same criminals that he worked to put into prison.

How To Make Money FAST ARX Reads, Let's face it. Most of us, at one point or another, have been faced with a financial emergency, or a plain, old-fashioned cash crunch. It's definitely not a fun spot to be in. While there are steps we can take to avoid such situations (more on that later), that's often the last thing on our minds when we need to come up with the money — quick. To assist, I've compiled the following list of money-making ideas. While some of the items included are more lucrative than others (you'll never get rich taking surveys, for example), they all share a common theme: making money fast. Ready? Let's grab the book and dive in.

Sneaky Kid and Its Aftermath Harry F. Wolcott, 2002-08-15 Brad—a schizophrenic school dropout and 'sneaky kid'—first appeared as a squatter near Harry Wolcott's forest home. He becomes Wolcott's subject in a long-term life history on how the educational system can fail students. Wolcott's trilogy of articles based on their years of interviews were well-received...until he admitted to an intimate relationship with the young man who, two years after leaving his shack, returned and attempted to murder the anthropologist. The Brad Trilogy then became the focus of heated academic discussions of research ethics, validity, intimacy, and the limitations of qualitative research. Here, Wolcott presents the full story of the Sneaky Kid and the firestorm it caused. Written in Wolcott's masterful style, the case offers an ideal starting point for discussing the complex public and personal dimensions of qualitative research with students. Included as an Appendix is the complete script of Johnny Saldana's ethnodrama recounting the story in play form.

Isn't It Their Turn to Pick Up the Check? Jeanne Fleming, Leonard Schwarz, 2010-05-11 Your next-door neighbor's two-year-old broke your most expensive vase, and your neighbor hasn't offered to replace it. Your best friend expects you to shop at the boutique she just opened, though her very pricey clothes look terrible on you. And your sister says she needs \$1,500 to send her child to creativity camp, but you think what your sister needs is a job. What do you do? Such tricky and emotionally charged dilemmas involving money are ubiquitous. Yet few of us know how to handle them. In *Isn't It Their Turn to Pick Up the Check?* Jeanne Fleming and Leonard Schwarz - the authors of the enormously popular *Do the Right Thing* column in *Money* magazine and the blog of the same name on CNNMoney.com - dissect a host of thorny, sometimes comic, inevitably awkward, and frequently infuriating money-and-ethics problems that arise among friends, relatives and neighbors. Here's just a sample of the situations they respond to: Who gets Grandma's jewelry? I lent money to my niece, and now my brother wants a loan. My rich friend keeps encouraging me to do things I can't afford. Our brother is stealing our inheritance. Our freeloading friends are driving us crazy. I just made a bundle of money, and I don't want my family to know. Fleming and Schwarz also report on the results of two groundbreaking surveys designed to illuminate the money-and-ethics problems we confront every day. The surveys reveal, for example, just how many of us have a friend or relative who's a freeloader or a deadbeat; how common we believe it is for someone to lie, cheat, or pretend to be loving in order to be in someone else's will; and the percentage of men - compared with women - who say you should never marry someone who is deeply in debt, no matter how much you love them. *Isn't It Their Turn to Pick Up the Check?* offers a fascinating tour of the secret life of other people's money disputes and delivers witty, down-to-earth money advice for dealing with all the maddening problems any one of us could confront at any time.

The Dunes Hotel and Casino: The Mob, the connections, the stories Geno Munari,2022-04-07 The intent behind this book is to record classic Las Vegas history that would be lost forever if not memorialized. The Dunes operation was a spectrum of information that is intricate and mysterious at times, protected by a shroud of secrecy and intrigue that is virtually impossible to decipher. It featured different operators and Mob characters who, at various times in the history of the hotel, were involved in various ventures, including gambling, bookmaking, real estate investment, and many other business arrangements. There are more than 390 footnotes and an index. I have been working on this book for almost four years, which included many hours of research and the development of a timeline. My research helped bring forth answers to questions regarding notable gambling operators, Mafia chiefs, U.S. Senators, Governors, and memorable events. One such event solves a mystery of a bomb assassination plot and a shooting; politicians were compromised, Hoffa pulled strings, and there are heretofore undisclosed facts that involve President Kennedy's assassination. I never dreamed these details would ever be uncovered.

Sober For The Health Of It Pauline Gray,2007-12-06 Sober For The Health Of It is a self-help/recovery book which examines the disease of alcoholism. This book addresses the total person: mental, physical and emotional. It highlights biochemical rebalancing through proper nutrition, versus pharmacology and hospital diets. It shows the development and delivery of services rendered to alcoholics and focuses on nutritional education for the treatment of alcoholism. Within the pages of this book are reports compiled on the authors' personal experience with alcoholics, reports cited by the medical profession, interviews with former inmates of New York correctional facilities and long-time members of Alcoholics Anonymous. The book contains information for teens by teens, special problems to women, schizophrenia and alcohol, and alcohol abuse among the elderly. Included is a chapter entitled, The Road Back - A whole foods approach. Sober For The Health Of It contains guidelines for The Optimal Nutritional Program, an extensive look at vitamins and minerals, the historical uses of herbs and finally, Can Alcoholism Be Prevented. After compiling all of this information, the author felt justified to use the techniques described within the pages because all other programs had approached the alcoholic as either having a physical and/or mental problem and never took into consideration that they are the sum total of all their parts.

The Contested Murder of Latasha Harlins Brenda Stevenson, 2013-06-24 Helicopters patrolled low over the city, filming blocks of burning cars and buildings, mobs breaking into storefronts, and the vicious beating of truck driver Reginald Denny. For a week in April 1992, Los Angeles transformed into a cityscape of rage, purportedly due to the exoneration of four policemen who had beaten Rodney King. It should be no surprise that such intense anger erupted from something deeper than a single incident. In *The Contested Murder of Latasha Harlins*, Brenda Stevenson tells the dramatic story of an earlier trial, a turning point on the road to the 1992 riot. On March 16, 1991, fifteen-year-old Latasha Harlins, an African American who lived locally, entered the Empire Liquor Market at 9172 South Figueroa Street in South Central Los Angeles. Behind the counter was a Korean woman named Soon Ja Du. Latasha walked to the refrigerator cases in the back, took a bottle of orange juice, put it in her backpack, and approached the cash register with two dollar bills in her hand—the price of the juice. Moments later she was face-down on the floor with a bullet hole in the back of her head, shot dead by Du. Joyce Karlin, a Jewish Superior Court judge appointed by Republican Governor Pete Wilson, presided over the resulting manslaughter trial. A jury convicted Du, but Karlin sentenced her only to probation, community service, and a \$500 fine. The author meticulously reconstructs these events and their aftermath, showing how they set the stage for the explosion in 1992. An accomplished historian at UCLA, Stevenson explores the lives of each of these three women—Harlins, Du, and Karlin—and their very different worlds in rich detail. Through the three women, she not only reveals the human reality and social repercussions of this triangular collision, she also provides a deep history of immigration, ethnicity, and gender in modern America. Massively researched, deftly written, *The Contested Murder of Latasha Harlins* will reshape our understanding of race, ethnicity, gender, and—above all—justice in modern America.
