Steven K. Scott

Grab the Fed Johannes Malero,

Fields of Gold Madeleine Fairbairn, 2020-07-15 *Fields of Gold* critically examines the history, ideas, and political struggles surrounding the financialization of farmland. In particular, Madeleine Fairbairn focuses on developments in two of the most popular investment locations, the US and Brazil, looking at the implications of financiers' acquisition of land and control over resources for rural livelihoods and economic justice. At the heart of *Fields of Gold* is a tension between efforts to transform farmland into a new financial asset class, and land's physical and social properties, which frequently obstruct that transformation. But what makes the book unique among the growing body of work on the global land grab is Fairbairn's interest in those acquiring land, rather than those affected by land acquisitions. Fairbairn's work sheds ethnographic light on the actors and relationships—from Iowa to Manhattan to São Paulo—that have helped to turn land into an attractive financial asset class. Thanks to generous funding from UC Santa Cruz, the ebook editions of this book are available as Open Access volumes from Cornell Open (cornellpress.cornell.edu/cornell-open) and other repositories.

Hot Buttered Gold Edward A. Visser, 2009-02-10 Once upon a time, \$50,000,000 in gold bars got stockpiled at a mine up in the mountains—and that's when the party started. Apprised of the stockpiled shipment of bullion, a crooked police chief conspires with a couple of male strippers to snatch this great fortune, with the aid of a crew of professional armed robbers. Intrigue abounds, however, as the strippers enlist the aid of a group of hillbilly gangsters, to pull a double-cross and grab the gold away from their cohorts. In less time than it takes to tell, the entire town is abuzz with a beehive of criminal activity, leading up to the final showdown between all the greedy crooks. Readers will be sure to enjoy the unique blend of humor, drama and action in *Hot Buttered Gold*.

Gold Chris Cleave, 2012-07-03 Building on the tradition of *Little Bee*, Chris Cleave again writes with elegance, humor, and passion about friendship, marriage, parenthood, tragedy, and redemption. What would you sacrifice for the people you love? KATE AND ZOE met at nineteen when they both made the cut for the national training program in track cycling—a sport that demands intense focus, blinding exertion, and unwavering commitment. They are built to exploit the barest physical and psychological edge over equally skilled rivals, all of whom are fighting for the last one tenth of a second that separates triumph from despair. Now at thirty-two, the women are facing their last and biggest race: the 2012 Olympics. Each wants desperately to win gold, and each has more than a medal to lose. Kate is the more naturally gifted, but the demands of her life have a tendency to slow her down. Her eight-year-old daughter Sophie dreams of the Death Star and of battling alongside the Rebels as evil white blood cells ravage her personal galaxy—she is fighting a recurrence of the leukemia that nearly killed her three years ago. Sophie doesn't want to stand in the way of her mum's Olympic dreams, but each day the dark forces of the universe seem to be massing against her. Devoted and self-sacrificing Kate knows her daughter is fragile, but at the height of her last frenzied months of training, might she be blind to the most terrible prognosis? Intense, aloof Zoe has always hovered on the periphery of real human companionship, and her compulsive need to win at any cost has more than once threatened her friendship with Kate—and her own sanity. Will she allow her obsession, and the advantage she has over a harried, anguished mother, to sever the bond they have shared for more than a decade? Echoing the adrenaline-fueled rush of a race around the Velodrome track, *Gold* is a triumph of superbly paced, heart-in-throat storytelling. With great humanity and glorious prose, Chris Cleave examines the values that lie at the heart of our most intimate relationships, and the choices we make when lives are at stake and everything is on the line.

The Gold Machine Iain Sinclair, 2021-09-02 A New Statesman Book of the Year, 2021 'Follow Iain Sinclair into the cloud jungles of Peru and emerge questioning all that seemed so solid and immutable.' Barry Miles 'The Gold Machine is a trip, a psychoactive expedition in compelling company.' TLS From the award-winning author of *The Last London* and *Lights Out for the Territory*,

a journey in the footsteps of our ancestors. In *The Gold Machine*, Iain Sinclair and his daughter travel through Peru, guided by – and in reaction to – an ill-fated colonial expedition led by his great-grandfather, Arthur Sinclair. The incursions of Catholic bounty hunters and Adventist missionaries are contrasted with today's ecotourists and short-cut vision seekers. The family history of a displaced Scottish highlander fades into the brutal reality of a major land grab. The historic thirst for gold and the establishment of sprawling coffee plantations leave terrible wounds on virgin territory. What might once have been portrayed as an intrepid adventure is transformed into a shocking tale of the violated rights of indigenous people, secret dealings between London finance and Peruvian government, and the collusion of the church in colonial expansion. In Sinclair's haunting prose, no place escapes its past, and nor can we.

On the long trail from high adventure and romance to atonement, readers will meet some delightful, complex, and sometimes malicious characters. Carpenter's latest novel is a quest for more than one kind of gold.

Towers of Gold Frances Dinkelspiel, 2010-01-05 Isaias Hellman, a Jewish immigrant, arrived in California in 1859 with very little money in his pocket and his brother Herman by his side. By the time he died, he had effectively transformed Los Angeles into the modern metropolis we see today. In Frances Dinkelspiel's groundbreaking history, the early days of California are seen through the life of a man who started out as a simple store owner only to become California's premier money-man of the late 19th and early 20th century. Growing up as a young immigrant, Hellman quickly learned the use to which capital could be put, founding LA's Farmers and Merchants Bank, that city's first successful bank, and transforming Wells Fargo into one of the West's biggest financial institutions. He invested money with Henry Huntington to build trolley lines, lent Edward Doheney the funds that led him to discover California's huge oil reserves, and assisted Harrison Gary Otis in acquiring full ownership of the Los Angeles Times. Hellman led the building of Los Angeles' first synagogue, the Wilshire Boulevard Temple, helped start the University of Southern California and served as Regent of the University of California. His influence, however, was not limited to Los Angeles. He controlled the California wine industry for almost twenty years and, after San Francisco's devastating 1906 earthquake and fire, calmed the financial markets there in order to help that great city rise from the ashes. With all of these accomplishments, Isaias Hellman almost single-handedly brought California into modernity. Ripe with great historical events that filled the early days of California such as the Gold Rush and the San Francisco earthquake, *Towers of Gold*

brings to life the transformation of California from a frontier society whose economy was driven by the barter of hides and exchange of gold dust into a vibrant state with the strongest economy in the nation.

Alligator Gold Janet Post,2009 Cracker Westerns are rip-roarin, action-packed, can't-put-'em-down tales set in the frontier days of Florida. They are full of adventure, real heroes, and vivid, authentic details that bring Florida's history to life. With enough shoot-outs and stampedes for any good Western story, *Alligator Gold* adds its unique Florida twist with an alligator in a deep blue spring. The Civil War is over and Caleb Hawkins is finally on his way home from a Northern prisoner-of-war camp. Hawk's been trying to get his mind off giving the rotten Snake Barber part of the secret to finding his family's hidden cache of gold when he was delirious with malaria at the camp. Now he's focused on getting back to the D-Wing, his Florida cattle ranch, and Travis, his only son. But his code of honor intervenes when he encounters a very pregnant Madeline Wilkes along the trail. Hawk is duty-bound to help her, which comes to include taking her home with him. What he learns about the father of her baby tarnishes his clear attraction to her. Maddy Wilkes has her own code of honor, which gets in the way of her strong attraction to Hawk. And Snake Barber's singular lack of moral code gets in the way of any normal life on the D-Wing. See all of the books in this series

The Gold Mind Khali Raymond,savage writer,2022-03-14 It has been some time since I last put out a project. I managed to branch out into film and music with much success, but I haven't forgotten my roots. I could never because the books have made me into the artist that I am today. Everything I learned from authoring I applied to many facets of my life beyond the arts. I remember in 2019 I said I wanted to quit writing because I felt like I wasn't receiving the support that I deserved. I realized I didn't need it from individuals who weren't willing to give me any. I feel like a new savage writer now. Made my way into the yonder so I could create blinding light amid the paralyzing darkness. Understand I would never let the ways of this world get me down, I could care less if there is a global pandemic or new world order. That ain't stopping me!

Schumacher Louise Nightingale Smith,2002 *Schumacher: Voices in the Gold Fields* reveals life in the mining community that grew up in the midst of the Big Three gold producers, the McIntyre, the Hollinger and the Dome mines, in northern Ontario, Canada, one of North America's premier gold-producing areas. Wealthy Columbus, Ohio investor Frederick W. Schumacher gave a fledgling settlement his name and aided its growth. He was a benefactor to the community and Santa Claus to the school children, and his Christmas legacy has continued uninterrupted since 1923.--pub. desc.

Gold Asha King, 2016-05-27 It's his last chance at a life of freedom. Gabe Ross has never not been in trouble. The principal's office led to juvie, juvie led to jail. Getting probation on good behavior was difficult enough, but he did it and now he's home with a job lined up and a shot at staying out of prison if he keeps on the straight and narrow. As the small town of Midsummer settles into spring, Ross prepares to open the cabins his family owns for the seasonal vacationers. Late one night he finds a girl curled up in his bed and assumes his ex has figured out he's back in town and is looking for a little fun. The criminal underworld's golden girl wants a way out. Kryssie Locke is known in criminal circles for spinning nothing into virtual gold, a reputation she built to save her life. She's escaped at last with enough knowledge that her former employers are hunting her, and hiding out in a cabin in the woods seems like it'll give her time to figure things out. She doesn't realize the cabin is owned by the Ross family, nor is she expecting their youngest son to crawl into bed with her. The attraction between them is electric and immediate. But Ross is trying to stick to his probation and Kryssie is tempting him to break just that. Because as he's starting to fall for her, he knows he'll do anything to keep her safe from those hunting her. Even kill.
