A Token of My Affection Barry Shank, 2004 For more than 150 years, greeting cards have tapped into and organized a shared language of love, affection, and kinship, becoming an integral part of American life and culture. Sumptuously illustrated, *A Token of My Affection* follows the evolution of the modern greeting card industry from a traditional printing and stationery business in the mid-nineteenth century to the multibillion-dollar industry it is today. Blending archival research in business history with a study of surviving artifacts and a literary analysis of a range of relevant texts and primary sources, Barry Shank demonstrates how greeting cards have affected and defined experiences of status, longing, desire, social connectedness, and love. Fascinating and surprising, *A Token of My Affection* shows what an industry devoted to emotional sincerity means for the lives of all Americans.

The Greeting Card Handbook Edward J. Hohman, Norma E. Leary, 1981

Christmas Cards & Their Chief Designers Gleeson White, 1894

1,000 Greetings Peter King & Co., 2008-09-01 New miniature version! With designers constantly working for clients and having a limited amount of freedom in much of their work, the chance to strike out on their own and do something truly original and personal is a real luxury. The cards included represent some of the most creative design available so are a wonderful source of inspiration for all types of projects. All designers and design firms, whether in-house or freelance, create their own greeting cards which serve not only as a greeting card, but as an opportunity to show off their work in a totally unique and uninhibited light. In addition, they are the perfect project because they are small enough so they are not incredibly time consuming nor are they very expensive to produce -- even with unique materials or treatments.
