The Ashgate Research Companion to Fan Cultures Linda Duits,Koos Zwaan,Stijn Reijnders,2016-04-22 Fans constitute a very special kind of audience. They have been marginalized, ridiculed and stigmatized, yet at the same time they seem to represent the vanguard of new relationships with and within the media. 'Participatory culture' has become the new normative standard. Concepts derived from early fan studies, such as transmedial storytelling and co-creation, are now the standard fare of journalism and marketing text books alike. Indeed, usage of the word fan has become ubiquitous. The Ashgate Research Companion to Fan Cultures problematizes this exaltation of fans and offers a comprehensive examination of the current state of the field. Bringing together the latest international research, it explores the conceptualization of 'the fan' and the significance of relationships between fans and producers, with particular attention to the intersection between online spaces and offline places. The twenty-two chapters of this volume elucidate the key themes of the fan studies vernacular. As the contributing authors draw from recent empirical work around the globe, the book provides fresh insights and innovative angles on the latest developments within fan cultures, both online and offline. Because the volume is specifically set up as companion for researchers, the chapters include recommendations for the further study of fan cultures. As such, it represents an essential reference volume for researchers and scholars in the fields of cultural and media studies, communication, cultural geography and the sociology of culture.

Floodlights and Touchlines: A History of Spectator Sport Rob Steen, 2014-06-26 SHORTLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR AWARD 2014 Spectator sport is living, breathing, non-stop theatre for all. Focusing on spectator sports and their accompanying issues, tracing their origins, evolution and impact, inside the lines and beyond the boundary, this book offers a thematic history of professional sport and the ingredients that magnetise millions around the globe. It tells the stories that matter: from the gladiators of Rome to the runners of Rift Valley via the innovator-missionaries of Rugby School; from multi-faceted British exports to the Americanisation of professionalism and the Indianisation of cricket. Rob Steen traces the development of these sports which captivate the turnstile millions and the mouse-clicking masses, addressing their key themes and commonalities, from creation myths to match fixing via race, politics, sexuality and internationalism. Insightful and revelatory, this is an entertaining exploration of spectator sports' intrinsic place in culture and how sport imitates life – and life imitates sport.

The Greater Game Clive Harris, Julian Whippy, 2008-09-22 This fascinating book examines the deadly impact of The Great War on a number of leading professional sportsmen of the age. Their untimely deaths pressed home how even the fittest and most gifted were vulnerable and their loss was felt by far more than their families and friends. Among those featured in this well illustrated book are: Donald Bell - the only professional football player to win the Victoria Cross; Anthony Wilder - the glamorous Wimbledon champion who fell in May 1915; Francois Faber - the Tour de France star; Percy Poulton Palmer - England Rugby Captain; and numerous others. Also covered are those sports-orientated units such as 16 Battalion Royal Scots (formed around Heart of Midlothian FC) and 11 King's Royal Rifle Corps (professional golfers). We learn of their formation, training and war service. Finally the authors study the effect of the conflict on the world of sport - canceling of fixture, use of facilities etc.

Confessions of a Political Maverick Austin Mitchell, 2018-07-10 Shortlisted for the Political Books Awards 'Best Parliamentary Memoir 2018' Austin Mitchell is a political maverick. For thirty-eight years he was a fly in the parliamentary ointment, a recurring itch on the body politic. A maverick may annoy the whips, threaten party discipline and challenge the solemnities of Parliament. Troublemakers they may well be, but the Commons would certainly be a duller place without them. However Mitchell's dissidence wasn't all bitterness without volume control. Rattling the cage, swimming against the tide, pursuing honourable causes and, of course, fighting for his constituency, Grimsby, proved a rewarding career in itself. *Confessions of a Political Maverick* succeeds in uncovering the realities behind the pretentious parliamentary facade of tradition and the stuffy complacency of Britain's failing political class. Dissenting from the peculiar and highly particular conformity of career politicians dedicated to climbing the greasy pole can be a lonely role, but it can also be fun. It certainly was for Austin Mitchell.

Don't Go There! Colin Plinth, 2009-03-12 Get to know 'Not-so Great Britain' in this crackingly acerbic collection of insulting and downright offensive quotations about cities, towns and other locations in the British Isles. Towns, cities, counties and constituent countries all come in for a lambasting in this bad-tempered and thoroughly entertaining journey round the British Isles (or, as the Irish insist on calling them, the Hibernian Archipelago), from the nauseatingly Nordic Shetlands to the suspiciously Froggy Channel Islands, from 'the arse end of the world' (Wigan) to the 'heaving Sodom of the south coast' (Brighton). And it's not just the places that come in

for a hammering - the people too are mocked and reviled, from the imbecilic, dimwitted folk of County Kerry to the inbred, turkey-fancying natives of Norfolk, from the tight-fistedness of the inhabitants of Aberdeen to the light-fingeredness and incessant whinings of the Scouser. And - unlike Boris Johnson of The Spectator - Mr Plinth will not be saying 'Oops. Sorry!'

The Mariners Charles Ekberg, Sid Woodhead, 1983

Supporter Ownership in English Football Chris Porter, 2019-02-07 This book presents a fresh perspective on football fandom in England, going beyond existing debates surrounding the structural transformations English football has seen in recent decades, to consider the contested cultural ground upon which football fandom exists. Supporter Ownership in English Football connects cultural conflict experienced across society associated with negotiating structural changes such as globalisation, commodification and social exclusion, with supporter ownership in football - which is in itself an expression and reflection of broader social and political shifts in class-consciousness. Discourses of identity, authenticity, loyalty, ownership and above all, the possibilities and limitations for ordinary people to influence change, play a decisive role in how fans come to decide whether they could, or should, have a meaningful say in the future of their club and the game itself. While celebrating the achievements, progress and potential of the supporter ownership movement, the book is also careful to take account of the various setbacks, contradictions and limiting tendencies that continue to shape its developmental trajectory. Porter's relation of football supporter ownership to the political and social class dynamics of contemporary society will be of interest to scholars of sport studies, sociology, cultural studies and politics, and those interested in social movements, consumerism, identity, authenticity and community.

York City Football Club ,

Because it's Saturday Gavin Bell, 2020-08-10 Because it's Saturday is a compelling portrait of life in the professional grass roots of football, far from the glitz and glamour of Premier League superstars. Why does anyone travel from Grimsby to Accrington on a wet Tuesday night in November to watch players battling on a muddy pitch with more gusto than grace? How do teams survive in half-empty stadia, and how does a Cotswolds village side owned by an ex-hippy challenge the likes of Luton for promotion? Award-winning writer Gavin Bell spoke to the owners, managers, players and supporters of eight lower-league sides, over the course of a season, to discover the fierce passions and loyalties that sustain clubs unlikely to win anything other than the devotion of their fans. Going beyond the fields of dreams, Bell explores the communities for whom these clubs are more than football teams. From gritty northern towns blighted by post-industrial decline, to ivory towers of academia and a seaside resort riven by a fans' civil war - it's a rollercoaster ride of a season.

Looking for the Toffees Brian Viner, 2014-08-14 In 1977-78, Brian Viner was a season ticket-holder in the Gwladys Street End at Goodison Park, home to his beloved Everton. In front of him were the stars of the day: striker Bob Latchford, creative midfielder Duncan McKenzie and goalkeeping hero George Wood. There were no airs and graces then: Viner would regularly see Latchford in the local pub, and even once saw Wood mowing the field at his school, so asked him to come and join his classmates for a kickabout, which he did. It would never happen now. But as well as nostalgia for that period, Viner reveals how this was a time when so much was on the cusp of change: in football the first wave of foreign players would arrive the next season, with Ossie Ardiles and Arnold Muhren among them; on Merseyside, the era of punk would soon give way to Thatcherism; and even Viner himself, at 16, was on the verge of adulthood. But little of what happened next could ever have been predicted. Viner's investigation of that year in the 1970s, based on many interviews

with the players of the time, not only reveals a vanished era, but also shows how football often fails to look after its own, as the life stories of what happened to the players afterwards shows, but how the spirit of the sport will always shine through.
