Lise Herzog

Guess the Sketch Nigel Wilson,2007-10-29 Tired of waiting? Regardless of where you are, be it in a traffic jam, waiting room etc this is what you've been waiting for. Why not test the old grey matter with this exclusive cartoon based quiz book? Whether alone or with loved ones, this is the book for you! With pop culture and history there's something for everyone. Ideal original party gift. While away the hours travelling or at home with the subtle sketches to test your memory. It should prove an entertaining light-hearted distraction and has been proved to keep the kids occupied! Each sketch is at the top of the page and hence leaves plenty of space for family and friends to all write down their answers. There is a clue section but as the answers are shortly thereafter, it might be an idea to bulldog clip the answer pages or simply place a sizeable bookmark to obscure them.

Let's Make Comics! Jess Smart Smiley,2018-06-05 A light-hearted interactive guide to comics and cartoon-making that uses an activity book format and creatively stimulating prompts to teach the fundamentals of cartooning in a fun and easy-to-follow fashion. From a working cartoonist and comic book making instructor, this all-ages activity book uses humorous and informative one-page comics and exercise prompts to guide young readers (and readers who are young at heart) through easy-to-master lessons on the skills needed to make comics. The activities cover a range of essential comics-making tasks from creating expressions for characters to filling in blank panels to creating original characters and placing them in adventures of their own. Each exercise can stand on its own or work together with others in the book to stimulate creativity via the comics medium. In the end, readers who complete the activities inside the book itself will have created several comics of their own, and will have generated many ideas for more sequential art creations. Praise for *Let's Make Comics!* "At once playful and complex, this book is a perfect introduction to cartooning, as well as a lovely (and lovingly crafted) tribute to the comics form and a timely reminder that artmaking can be fun."—Roman Muradov, creator of *Vanishing Act* and *On Doing Nothing* "Let's Make Comics is a book I wish I had when I was 9, but 29 works too! It's so fun and brilliant and packed with oodles of awesome activities. Great book for learning to make comics or for a seasoned cartoonist to find some new inspiration."—Ben Clanton, creator of the *Narwhal* and *Jelly* books "It's fantastic! This book will make you a better writer and a better artist and show you how to think like a comic star."—Charise Harper, creator of the *Fashion Kitty* and *Crafty Cat* books "Warning! This book will make you make comics, and it will be fun!"—Greg Pizzoli, creator of *The Watermelon Seed*, *Number One Sam*, and *The Book Hog* "If only we'd had this book! Our comics would be much better."—Elizabeth Pich and Jonathan Kunz, creators of *War and Peas*

Guess Who? Sketch Book #6 M. Schottenbauer,Elizabeth Jacoby Schottenbauer,2013-04-29 This art book consists of sketches drawn by my grandmother, Elizabeth (Beth or Betty) Jacoby Schottenbauer (August 31, 1901-2003), a gifted artist who lived her entire life in rural Minnesota. The granddaughter of ambassadors from the German state of Prussia who arrived in the United States (New York) during the Civil War, my grandmother was born and raised in a tiny farmhouse on a land grant from the Louisiana Purchase. She attended Mankato State Teacher's College and was a schoolteacher until she married my grandfather. She was devoted to an appreciation of knowledge, education, art, and music, particularly the piano. "Guess Who?" is grandmother's own title for this sketchbook, which includes many United States Presidents and generals, Caroline and Jackie Kennedy, famous movie stars from the mid-1900's, and international figures, including Pope Paul VI, Winston Churchill, and Queen Elizabeth II. In context, these sketches are a tribute to civil rights and humanitarian efforts in the mid-1900's. Some of the figures which may not be as familiar to contemporary audiences, such as Senator Dirksen, Haile Selassie, and Jawaharlal Nehru, were instrumental in passing humanitarian legislation. This sketchbook was my grandmother's political statement.

Multivariable Calculus Rolland Trapp,2019-10-10 In this modern treatment of the topic, Rolland Trapp presents an accessible introduction to the topic of multivariable calculus, supplemented by the use of fully interactive three-dimensional graphics throughout the text. Multivariable Calculus opens with an introduction to points, curves and surfaces, easing student transitions from two- to three-dimensions, and concludes with the main theorems of vector calculus. All standard topics of multivariable calculus are covered in between, including a variety of applications within the physical sciences. The exposition combines rigor and intuition, resulting in a well-rounded resource for students of the subject. In addition, the interactive three-dimensional graphics, accessible through the electronic text or via the companion website, enhance student understanding while improving their acuity. The style of composition, sequencing of subjects, and interactive graphics combine to form a useful text that appeals to a broad audience: students in the sciences, technology, engineering, and mathematics alike.
