Watch Me Play! A Self-guided Music Course for Children Helen Winter, 2023-12-06 This book is for kids or adults who are absolute beginners in music. I tried to write it as simply as possible. That is why I use an easy-to-play visual aid so any beginner can play music quickly. Neither kids nor their parents have to read sheet music or have a musical background. No previous knowledge is necessary. None at all. Every song has a large and simple, color and letter-coded visual, along with traditional sheet music. The instruction is designed so that children begin with simple circles and gradually advance to reading notes using sheet music. I try to make this transition as easy as a game, where children advance to higher levels themselves. There is a total of 22 songs and 3 options to help children to begin to play right away. **Super Easy Keyboard for Kids. Learn How to Transpose: Learn to Play 22 Simple Songs in Different Keys** Helen Winter, This book is for kids or adults who are absolute beginners in music. We tried to write it as simply as possible. We use an "easy-to-play" visual aid so any beginner can play music quickly. Neither kids nor their parents have to read sheet music or have a musical background. No previous knowledge is necessary. Every song has a large and simple, letter-coded visual, along with traditional sheet music. The instruction is designed so that children begin with simple circles and gradually advance to reading notes using sheet music. We try to make this transition as easy as a game, where children advance to

higher levels themselves. There is a total of 22 songs and 2 options to help children to begin to play right away. PLAYING BY LETTER CIRCLE PLAY WITH THE MUSICAL STAFF The player can first follow the circles and then repeat with the classic note symbols and staff. The helpful letters are always above the notes. There are 3 parts in this book. They are equal to 3 levels. Level 1. Songs that are played in one octave. All songs here appear twice: once written with circles and the next time with classic music notes. This will help kids remember the staff notes. For example: Mary Had a Little Lamb - Ver 1 - CIRCLES Mary Had a Little Lamb - Ver 1 - NOTES Level 2 In this part, you will find one version with both circles and notes and a more advanced version of the song with notes and musical notation. For example: Hot Cross Buns - Version 1 - CIRCLES Hot Cross Buns - Version 1 - NOTES Hot Cross Buns - Version 2 - NOTES (Here the player will play songs in a different key and learn how to transpose.) Generally, the version of the song written with sheet music is a little bit more complex than a letter-coded version. Such versions already have music notations such as rests or beams, etc. You can find an illustrated explanation of the notation at the end of this book. Level 3 Here, the first two songs are versions of the same melody (different combinations of notes) written with circles and notes. This is important so that the beginner can see how the same melody can be played in different keys. First of all, this book is addressed to newcomers to any keyboard instrument (such as Piano or Synthesizer). We offer 22 one-hand piano

songs. Also, it is a perfect self-training guide for children and beginner adults to mastering the challenges of percussion instruments such as xylophone, glockenspiel, melodica, or recorder. Additionally, you find funny riddles with engaging activities to teach musical notes and symbols. Table of contents Level 1 Mary Had a Little Lamb Ode to Joy The Whills on the Bus Jolly Old Saint Nicholas Ten Little Fingers London Bridge Do You Know the Muffin Man? we Wish You a Merry Christmas The First Noel Brahms Lullaby Row Row Your Boat Itsy Bitsy Spider Silent Night Oh Susannah Level 2 Hot Cross Buns Are You Sleeping? *30 Easy Play Songs every parent/grandparent can play for kids even if they've never played music before* Helen Winter, 30 Songs you can play for your baby immediately on any instrument you may have at home without any musical background. Hi. Now you are parents. Or grandparents. The second is much easier but does not free you from the duty

of singing lullabies and other funny kids' songs to your little ones. Do you feel forced to sing them? It's not easy, is it? Especially if you're tone-deaf. Did your schoolmates study violin while you were playing hooky from music class? Now with the kids, you're stuck and everyone expects you to be a lullaby singer. Well, we have a solution for you. If your only singing has been in the shower, let us help you become a real musician. And you can do it with any instrument. Even a toy piano, if it is tuned. If you are a musician, this book is not for you. You can go play your instrument in an orchestra. Kids like simple music. We offer you a guaranteed time-tested set of cool kids' songs. These are famous kids' songs (which you'll recognize) and also some musical nursery rhymes threw in. What do you need for your musical success? Equipment for starters. Your instrument can even be jars with water. But for most songs, it'll be better if they are somewhat tuned. It could be any key instrument like a piano, melodica, kalimba, marimba, synthesizer, xylophone, glockenspiel, or a color bell set with 8 bells or more. Drums, tambourines, castanets, and music rattles are also welcome. The main argument for the idea of not being able to play in a band with your child immediately is I CANNOT READ MUSIC SHEET. Don't worry! You don't have to! We made our pictures large and as simple as possible. You'll easily play by circles. No musical staff or notes. Your listeners are not very critical and won't know the difference. Kids are the best listeners in the world. The sheet music book has 2 parts: Part 1. No musical staff

or notes. Simply follow the circles with letters. To show the rhythm, we grouped the circles together. Every song in this section was adapted for the newbie - you - just 8 notes (one octave). Part 2. Here you'll see traditional musical notes and staff added. But don't worry - the helpful letters are still there. Important! You will be able to begin to play right away if the keys of your instrument have letter notations on the keys (like kalimba or xylophone). For other instruments, you just need to get and apply stickers with letter-notations. Just 8 stickers will be enough. Write the notes with a marker - A B C D E F G and C8. Easy play songs were adapted especially for beginners. Attention: Songs have been transposed for a DIATONIC range. Some melodies might be changed and simplified. If you have flat keys on your instrument, please use the classic music score for the piano. Songs: 1. Hot Cross Buns 2. Are you sleeping? 3. Mary had a Little Lamb 4. The wheels on the Bus 5. Twinkle. Twinkle Little Star 6. Old MacDonald had a farm 7. Do you know the Muffin Man? 8. London Bridge is Falling Down 9. Jingle Bells 10. We wish you a Merry Christmas 11. Brahm's Lullaby 12. Ode to Joy 13. Happy Birthday 14. Le Cucaracha 15. Oh! Susannah 16. Itsy Bitsy Spider 17. The First Noel 18. Yankee Doodle 19. Row, row, row your Boat 20. Jolly Old Saint Nicholas 21. Amazing Grace 22. Silent Night 23. Beethoven. For Elise 24. Rain, rain, go away 25. Alphabet Song 26. A Ram Sam Sam 27. Little Jack Horner 28. It's Raining 29. Baa-Baa Black Sheep 30. Ring around the Rosie.

*Kalpa Imperial* Angélica Gorodischer, 2003 This is

the first of Argentinean writer Angelica Gorodischer's nineteen award-winning books to be translated into English. In eleven chapters, Kalpa Imperial's multiple storytellers relate the story of a fabled nameless empire which has risen and fallen innumerable times. Fairy tales, oral histories and political commentaries are all woven tapestry-style into Kalpa Imperial: beggars become emperors, democracies become dictatorships, and history becomes legends and stories. But this is much more than a simple political allegory or fable. It is also a celebration of the power of storytelling. Gorodischer and translator Ursula K. Le Guin are a well-matched, sly and delightful team of magician-storytellers. Rarely have author and translator been such an effortless pairing. Kalpa Imperial is a powerful introduction to the writing of Angelica Gorodischer, a novel which will enthrall readers already familiar with the worlds of Le Guin. Selected for the New York Times Summer Reading list. \* The dreamy, ancient voice is not unlike Le Guin's, and this collection should appeal to her fans as well as to those of literary fantasy and Latin American fiction. -- Library Journal (Starred Review) There's a very modern undercurrent to the Kalpa empire, with tales focusing on power (in a political sense) rather than generic moral lessons. Her mythology is consistent--wide in scope, yet not overwhelming. The myriad names of places and people can be confusing, almost Tolkeinesque in their linguistic originality. But the stories constantly move and keep the book from becoming overwhelming. Gorodischer has a sizeable body of

work to be discovered, with eighteen books yet to reach English readers, and this is an impressive introduction. --Review of Contemporary Fiction Borges and Cortazar are alive and well. --Bridge Magazine Those looking for offbeat literary fantasy will welcome Kalpa Imperial: The Greatest Empire That Never Was, by Argentinean writer Angelica Gorodischer. Translated from the Spanish by Ursula Le Guin, this is the first appearance in English of this prize-winning South American fantasist. --Publishers Weekly It's always difficult to wrap up a rave review without babbling redundant praises. This time I'll simply say Buy this Book --Locus The elaborate history of an imaginary country...is Nabokovian in its accretion of strange and rich detail, making the story seem at once scientific and dreamlike. --Time Out New York Kalpa Imperial has been awarded the Prize Mas Alla (1984), the Prize Sigfrido Radaelli (1985) and also the Prize Poblet (1986). It has had four editions in Spanish: Minotauro (Buenos Aires), Alcor (Barcelona), Gigamesh (Barcelona), and Planeta Emece Editions (Buenos Aires). Praise for the Spanish-language editions of Kalpa Imperial Angelica Gorodischer, both from without and within the novel, accomplishes the indispensable function Salman Rushdie says the storyteller must have: not to let the old tales die out; to constantly renew them. And she well knows, as does that one who met the Great Empress, that storytellers are nothing more and nothing less than free men and women. And even though their freedom might be dangerous, they have to get the total attention of their listeners and,

therefore, put the proper value on the art of storytelling, an art that usually gets in the way of those who foster a forceful oblivion and prevent the winds of change. --Carmen Perilli, La Gaceta, Tucuman At a time when books are conceived and published to be read quickly, with divided attention in the din of the subway or the car, this novel is to be tasted with relish, in peace, in moderation, chewing slowly each and every one of the stories that make it up, and digesting it equally slowly so as to properly assimilate it all. --Rodo
