The Happy Running Habit Holly Robertson,2020-12-28 In The Happy Running Habit, you'll discover a step by step guide to embracing the dirt, sunshine, and smiles in every mile. Shift your mindset. If you're a running veteran who just isn't having fun anymore, you might be interested in starting with Part II: Happy Running Habit Philosophies, with strategies for turning your run into a source of joy. From finding green trails, to cloud gazing, to gamifying your runs, prioritizing these activities and concepts will help running feel intrinsically rewarding, and keep you coming back for more. Build your tools. If you're new to running and are itching to know everything you need to get started, Part III: The Happy Runner's Toolkit provides some beginner's advice, as well as unconventional tools that can help you stay positive and motivated at any experience level. Or, maybe you're interested in tackling a big, exciting (maybe even a little intimidating?) goal. Part IV: The Happy Running Habit Journal has everything you'll need to create a plan and work towards it through journaling. With scientifically-proven goal setting practices, we'll think about why you want to run, what you'd like to achieve, and how you'll get there. I'll even include a printable journal to guide you in reflecting on your runs and tracking your progress. Grab a friend. Find a trail. See where it takes you. Running is a challenge, but it doesn't have to be a chore. There is glory in the dirt, and miles of sweaty conversations ahead. Run Like a Girl Mina Samuels,2011-03-01 Run Like A Girl is about the impact that participating in sports has on women, how the confidence and strength that it helps to build makes us stronger and better prepared for life's many challenges. In this inspiring book, Mina Samuels uses the personal stories of women and girls of all ages and backgrounds, as well as her own, to take a broad look at the power sports have to help us overcome obstacles in all arenas of life. Run Like A Girl includes the stories of a US-ranked amateur triathlete who's raising an autistic son, a thirteen-year-old girl who falls in love with cross-country running, a woman who runs her first marathon at age sixty, an investment banker who quit her job to become a yoga teacher and adopt a daughter on her own, a young mother with scoliosis who cycled her way back to health and became a jewelry designer along the way, and countless other women, including Kathrine Switzer, Rebecca Rusch, and Molly Barker, who have been changed by their experiences with sports. Run Like A Girl argues that physical strength lends itself to psychological strength, and that for many women, participating in sports translates into leading a happier, more fulfilling life.

Running with Purpose Jim Weber,2022-04-26 Discover how Brooks Running Company CEO Jim Weber transformed a failing business into a billion-dollar brand in the ultracompetitive global running market. Running with Purpose is a leadership memoir with insights, inspirational stories, and tangible takeaways for current and aspiring leaders, entrepreneurs, and the 150+ million runners worldwide and those in the broader running community who continually invest in themselves. This leadership memoir starts with Jim Weber's seventh-grade dream to run a successful company that delivered something people passionately valued. Fast forward to 2001, Jim became the CEO of Brooks and, as the struggling brand's fourth CEO in two years, he faced strong headwinds. A lifelong competitor, Jim devised a one-page strategy that he believed would not only save the company but would also lay the foundation for Brooks to become a leading brand in the athletic, fitness, and outdoor categories. To succeed, he had to get his team to first believe it was possible and then employ the conviction, fortitude, and constancy of purpose to outperform larger brands. Brooks' success was validated when Warren Buffett made it a standalone Berkshire Hathaway subsidiary in 2012. In the pages of Running with Purpose, you will find: Brooks' bold strategy and unique brand positioning that fueled its move from the back of the pack to lead. The key to building a purpose-driven brand that is oriented around customer obsession, building trust, competing with heart, and having fun along the way. The six clear leadership lessons Jim has learned along his path and applies at Brooks to develop staff into authentic leaders. How Berkshire Hathaway's support and influence provided a tailwind for Brooks' business and brand to surge. An inside

look at the ups and downs of Jim's personal journey, which led to his conviction that life is too short not to enjoy what you do and the people by your side.

Run for Your Life William Pullen,2017-01-05 **As heard on Dr Rangan Chatterjee's 'Feel Better, Live More' Podcast** We all know how a long walk, a slow jog or a brisk run can free our minds to wander, and give us a powerful uplifting feeling. William Pullen is a psychotherapist who helps people dealing with anxiety, lack of motivation and addition, to work through their issues using his revolutionary method, Dynamic Running Therapy. He believes that we need a radical new approach to mindfulness: an approach that originates in the body itself. Whether you are looking for strategies to cope with anxiety, change or decision-making, or simply want to focus your mind while pounding the streets, Run for Your Life offers a series of simple mental routines that unleash the meditative, restorative powers of exercise.

That'll Work Vern Alford,2008-06 How many men can relate to Mitch (Billy Crystal) in the movie City Slickers, riding across the vast frontier searching for that one thing but having no idea what that means? They seek prosperity as the world defines it (wealth, power and short-term satisfaction) rather than prosperity as our Creator designed it (influence, significance and everlasting joy). One Thing - Player's Manual for Men redirects men's efforts from self-glory to living their life for God's glory. Using scripture, personal examples and the counsel of other wise men, the reader will learn how each area of his life - relationships, career, finances, health and recreation - can be lived in prosperity, all to God's glory.

Finding My Happy Pace Heather Wardell,2012-05-10 If thirty-year-old Megan were any more of a doormat, she'd have footprints on her back. She helps anyone and everyone, no matter the cost to herself, and she's always been that way. Even the thought of withholding her assistance makes her feel sick. Worse, it makes her feel like she's a bad person, selfish and unkind. She takes up running purely to avoid gaining weight, but as she trains with her cute but heartbroken coach Andrew she becomes more able to do things she'd never thought she could, both physically and emotionally. The day before she runs her first marathon, though, her best friend's demands result in the biggest challenge yet to her developing assertiveness and Megan must decide: cave in as she always has before or stick to her new-found 'happy pace' in running and life.

In the Long Run Jim Axelrod,2011-05-10 It's 2008. Jim Axelrod—once among the most watched correspondents on network news and the first television reporter to broadcast from Saddam International Airport in 2003—is covering the final stages of the race for the Democratic presidential nomination. He's forty-five years old and thirty pounds overweight. He's drinking too much, sleeping too little, and scarcely seeing his family. He's just figured out that the industry that pulled him up the corporate ladder is imploding as he's reaching for its final rungs. Then, out of the blue, Jim discovers his late father's decades-old New York Marathon finish times. At forty-six, Bob Axelrod ran a 3:29:58. With everything else going on in his life, Jim sets himself a defining challenge: Can I beat him? So begins a deeply felt, often hilarious, quixotic effort to run the 2009 New York Marathon. Along the way, Jim confronts

his listing marriage, a career upset by the seismic changes going on throughout the television news industry, excruciatingly painful shin splints, and the worst-timed kidney stone possible. Looming over it all is the shadow of a loving father, who repeatedly lost his way in life but still has a lesson to impart. This is a book about a dead father's challenge to a son at a crossroads, but, more than that, it is about the personal costs paid when ambition and talent are not enough to ensure success. Most fundamentally, though, it is a book about learning what it takes to be happy in your own skin.
