But the mermaids get the toys wet. The fairies leave glitter everywhere. The gnomes think brussels sprouts make great presents. And the wizards have turned Santa into a frog! Just when things are looking desperate, the elves arrive to save the day! A companion book to *Who Will Guide My Sleigh Tonight?*, this humorous peek behind the scenes at the North Pole is told in Jerry Pallotta's kid-friendly style and beautifully illustrated by David Biedrzycki.

Secret Santa Claus Club Jeff Janke, 2021-11-18 Why do we spend so much time and effort creating a fairytale world for our children, just to take it away from them? Author Jeff Janke faced that dilemma three years ago when his daughter started questioning her belief in Santa Claus. Like most parents, he had two problems to solve--how to gently teach his child the true meaning of Christmas, and how to prevent her from spoiling the fairytale for other children. Out of this problem, Secret Santa Claus Club was born. Secret Santa Claus Club is a beautifully illustrated story about a little girl thinking back on the magic of each Christmas. She remembers meeting Santa at the mall and seeing her first bike under the tree on Christmas morning. As time goes on, she starts to wonder if it's all real. When she decides she's ready to know the truth--her parents help guide her to the true meaning of the holiday. Secret Santa Claus Club was written to be a tool for parents during these challenging moments. Combined with love, patience, and compassion, SSCC will help transition the reader from believing to

becoming. At the end of the story, your child will be invited to join Secret Santa Claus Club. They'll understand the importance of keeping the secret, creating the magic for believers, and helping other members of the club.

Now Santa needs a bit of help from his beloved children. Help Santa!!! includes a magical key with a very special magic stone to hang on your door on Christmas Eve. A Very Responsible Chore!

Santa's World, Introducing Santa's Elf Series

Joe Moore, 2015-01-08 Santa's World, Introducing Santa's Elf Series What if I told you Santa Claus needed a great deal of help all year? Almost every person has heard the stories and legends about his famous Christmas Eve journeys. But few know about his helpers and what they do all year long. Santa has a great many elves who make the things he accomplishes possible. Santa, with the help of the North Pole, developed a series to teach young and old alike about some of his best elves. This series explains what they do at the North Pole through rhyme and beautiful illustrations. Beginning with this book, Santa's World, he talks about how it would be impossible to do his job without help. More importantly, Santa's World explains the genuine reason why Santa brings gifts. It is because he wants to demonstrate God's love, and remind them of the greatest gift of all time. That is, and always has been, the real reason of Christmas. The author also added a special message from Santa Claus about showing respect by saying please, thank you, and excuse me when interrupting or bumping into someone.

Something all children should learn and practice everyday. About Santa's Elf Series© by the author, Joe Moore: Even as I was writing the first novel in the Santa Claus Trilogy, I envisioned an entire world at the top of the globe. I knew the most die-hard believer in Santa Claus would realize that this magical gift-giver would need assistance in achieving his task at Christmas. So I began to think about who these helpers were, and what their responsibilities to Santa might be. Then I started writing. And to my surprise, as I wrote, the stories came out of me in rhyme! The cadence and beat of the verses were lyrical. As I spoke to others, including a good many teachers and librarians, they told me this was the easiest way for children to learn and that I should keep the verses coming. I also heard from parents about their frustrations trying to instruct their children in the primary lessons of life; such as picking up after themselves, being polite, sharing, brushing their teeth, and so on. So I put a special message from Santa Claus at the end of each story about each of these lessons. Even complex problems like bullying, showing gratitude, and listening to elders gets addressed in these books. It never hurts to learn these lessons throughout the year. I wrote nearly 20 books in this series, each focusing on a particular elf and their role to Santa. My wife and illustrator, Mary, is doing her best to get these magical tales drawn and into your child's hands. Since she works so hard fully illustrating every page and includes elements like shapes, colors, and even geography, it takes her a little while to complete each book.

We have a half dozen released and more "in the works." I have already heard about new traditions started during Christmas with my Santa Claus Trilogy and families. I am hoping that these will also become part of your celebrations. Make Santa's Elf Series© a new tradition for your family and collect the entire series. The following is a list of the currently published books in the series: Santa's World, Introducing Santa's Elf Series Jamie Hardrock, Chief Mining Elf Shelley Wrapitup, Master Design Elf Keeney Eagleye, Naughty/Nice List Manager Sarah Buttons, Master Dollmaker Ford MacHarley, Master Wheelsmith Learning can be fun! As this book proves, while reading the rhyming verses, they can learn about Santa Claus and his wonderful elves while looking at the beautiful illustrations. They also learn the real meaning of Christmas and how to stay on Santa's nice list.

School in the top menu. The goal of this book and the North Pole Santa School is to help you become a GREAT Santa who knows how to create a fun, memorable experience for children and their families. You may not agree with me 100% on everything and that is okay. We each must find our own way of portraying Santa Claus. But this guide will show you what I found that works best for me and just might help you. Many people think all it takes to be santa claus (with a small s and a small c) is to put on a red suit and a fake beard and say, ho ho ho. They are wrong! I can put on a green operating room outfit, complete with hair cover and shoe covers and a stethoscope but that doesn't make me a doctor and you sure don't want me taking out your appendix. Becoming a GREAT Santa Claus (large S and C) takes time to build up experience and training. Then there is the Performance Liability Insurance, annual background checks, good looking suits and more. If you are just beginning to wear the red suit, this school and book will help start you on your journey to becoming a GREAT Santa Claus. If you have been a Santa Claus for several years or more, this school and book may give you a new idea or two that will help you become a GREATER Santa Claus. So, welcome to the journey. I will be your mentor, guide and friend during this part of your trip. I hope we travel a long way together.
