Hocus Pocus in Focus Aaron Wallace,2016-09-06 In 1993, Walt Disney Pictures released a movie that would change a generation...but it took a while. Hocus Pocus flopped upon release, and critics everywhere scoffed at this oddball comedy about three wacky witches back from the dead. But then something changed. Far from the forgotten relic it was destined to become, Hocus Pocus has taken its place alongside The Wizard of Oz, Harry Potter, and Home Alone--a bona fide classic that's sure to stay alive for generations to come.--Back cover.

Fans will be spellbound by a fresh retelling of the original film, followed by the all-new sequel that continues the story with the next generation of Salem teens. Shortly after moving from California to Salem, Max Dennison finds himself in hot water when he accidentally releases a coven of witches from the afterlife. Max, his sister, and his new friends (human and otherwise) must find a way to stop the witches from carrying out their evil plan and remaining on Earth to torment Salem for all eternity. Twenty-five years later, Max and Allison's seventeen-year-old daughter, Poppy, finds herself face-to-face with the Sanderson sisters in all their sinister glory. When Halloween celebrations don't quite go as planned, it's a race against time as Poppy and her friends fight to save her family and all of Salem from the witches' latest death-defying scheme.

Undiluted Hocus-Pocus Martin Gardner, 2015-11-03 The autobiography of the beloved writer who inspired a generation to study math and science Martin Gardner wrote the *Mathematical Games* column for *Scientific American* for twenty-five years and published more than seventy books on topics as diverse as magic, religion, and *Alice in Wonderland*. Gardner's illuminating autobiography is a candid self-portrait by the man evolutionary theorist Stephen Jay Gould called our single brightest beacon for the defense of rationality and good science against mysticism and anti-intellectualism. Gardner takes readers from his childhood in Oklahoma to his varied and wide-ranging professional pursuits. He shares colorful anecdotes about the many fascinating people he met and mentored, and voices strong opinions on the subjects that matter to him most, from his love of mathematics to his uncompromising stance against pseudoscience. For Gardner, our mathematically structured universe is undiluted hocus-pocus—a marvelous enigma, in other

words. Undiluted Hocus-Pocus offers a rare, intimate look at Gardner's life and work, and the experiences that shaped both.

A Lullaby for Witches Hester Fox, 2022-02-01 Two women. A history of witchcraft. And a deep-rooted female power that sings across the centuries. Once there was a young woman from a well-to-do New England family who never quite fit with the drawing rooms and parlors of her kin. Called instead to the tangled woods and wild cliffs surrounding her family's estate, Margaret Harlowe grew both stranger and more beautiful as she cultivated her uncanny power. Soon, whispers of "witch" dogged her footsteps, and Margaret's power began to wind itself with the tendrils of something darker. One hundred and fifty years later, Augusta Podos takes a dream job at Harlowe House, the historic home of a wealthy New England family that has been turned into a small museum in Tynemouth, Massachusetts. When Augusta stumbles across an oblique reference to a daughter of the Harlowes who has nearly been expunged from the historical record, the mystery is too intriguing to ignore. But as she digs deeper, something sinister unfurls from its sleep, a dark power that binds one woman to the other across lines of blood and time. If Augusta can't resist its allure, everything she knows and loves—including her very life—could be lost forever. Don't miss Hester Fox's next novel, *THE BOOK OF THORNS*, where two sisters who never knew the other existed meet on opposite sides during the Napoleonic Wars and must use the magic of flowers to solve the mystery of their mother's death—while surviving the war raging around them... Look for these other gothic mysteries from Hester Fox: *The Last Heir* *to Blackwood Library* *The Witch of Willow Hall* *The Widow of Pale Harbor* *The Orphan of Cemetery Hill*
