Astrology Made Easy Jane Dallas,2020-12-06 Long ago, in the ancient world, a group of wise men and women unlocked the secrets to eternal wisdom, and gained unprecedented insight into the future.Over the years, mankind has sought to recover a bit of that wisdom. With attempts like conventional astrology, zodiac signs, moon runes,

coffee grounds, tarot card readings, divination, and shamanism, we have tried to foretell the future accurately. But it has been difficult to recapture all of that ancient Magick and wisdom in the present day. Until this book. This book brings together three very powerful things in order to give you the prediction that most closely approaches your actual future. First, the power of choice; your own perception of where your headspace is at, on a given day. Second, the power of numerology, that translates the space of infinite futures that swirl before you to a tightly defined set of options. Third, the dual blended wisdom of astrology - that takes what the heavens are trying to tell us, and matches it to the options revealed by numerology. You have the best of all possible worlds: the ancient Eastern science of numerology, and the core of the Western theories of astrology, working together to give you the best possible prediction for every single day of the next year. The book is very very easy to use. It starts with a simple exercise, one which takes as its seed your free, sovereign choice, and converts this expression of your body, mind, and spirit, into a numerological variable - the Magick Number that will form the basis for every horoscope calculated in this book. Next, you will use the numerological Magick Number (it changes every day!) to select the unique prediction that will determine the course of your threads of destiny depending on the day (every one of the 365 days in the coming year has its own prediction set). When you end up with the horoscope for the day, you can be sure that it represents the power trinity of fortune telling: you, the numbers that govern your fates in the short term, and the planets as they swirl and spark far above the world that we know and love. The one thing that sets this book apart from all others of its ilk is its usage of the Power of Positivity. It is easy to focus on things that could go wrong, but that's not what the book you have in your hands right now is about. Instead, I spend time on helping you use your will power to Magick success into existence, by talking about everything positive that could go right for you today. Of course, it's not all roses; there are also warnings for things that you should be careful of in the near future. This will ensure that every prediction leaves you with a sense of purpose, and a sense of high energy, rather than a horoscope that leaves you with a sense of dread or of impending doom. You will not need much context, or much previous experience with astrology, to derive every benefit that this book has to offer. All you will need are an open mind, the discipline to spend ten minutes every day on focusing your energies towards identifying the correct horoscope prediction that fits you, and the sensitivity to possibilities to correctly identify the numerological choices that determine your short term future. Each day's prediction set has, before it, the instructions on how to use your Magick Number (that you calculate every day anew) to match it with the prediction made just for you, on that day. I wish you luck on your journey of self-discovery. The future is lovely.
