

Hunter And The Fox

Philippa Ballantine

The Fox Was Ever the Hunter Herta Müller, 2016-05-10 An early masterpiece from the winner of the Nobel Prize hailed as the laureate of life under totalitarianism Romania-the last months of the Ceausescu regime. Adina is a young schoolteacher. Paul is a musician. Clara works in a wire factory. Pavel is Clara's lover. But one of them works for the secret police and is reporting on all of the group. One day Adina returns home to discover that her fox fur rug has had its tail cut off. On another occasion it's the hindleg. Then a foreleg. The mutilated fur is a sign that she is being tracked by the secret police-the fox was ever the hunter. Images of photographic precision combine into a kaleidoscope of terror as Adina and her friends struggle to keep mind and body intact in a world pervaded by complicity and permeated with fear, where it's hard to tell victim from perpetrator. In *The Fox Was Always a Hunter*, Herta Müller once again uses language that displays the concentration of poetry and the frankness of prose-as the Swedish Academy noted upon awarding her the Nobel Prize-to create a hauntingly cinematic portrayal of the corruption of the soul under totalitarianism.

Hunter and Fox Philippa Ballantine, 2012 The world of Conhaero is in constant flux; mountains can change to plains and then to lakes in a matter of weeks. It is a place where only the most adaptable can survive, but also a refuge to people from other worlds seeking peace—but nothing is as it should be. The native protectors of the realm, the Vaerli are scattered and cursed. The Kindred, the spirits of the land, who once held a pact with them, have disappeared. Now the Caisah, and his own alien magic rule the land, controlling the peoples and hunting the Vaerli. He also holds the leash of Talyn. With the promise of freedom for her people, Talyn has become his hunter. She seeks out her enemies because she thinks it is the only way to save the remainder of the Vaerli, but she is a wreck of a once-proud person. When she is given the task of hunting down Finn, she

cannot know the changes that will follow. As teller of tales, Finn carries his own dreadful secret and has his own mission. For the Kindred are finally moving, and the Vaerli have a chance at redemption and freedom. If Talyn and Finn can find a way back through the past, and into the very heart of this shifting land, then perhaps old wounds can be healed, and the Caisah defeated. Maybe Conhaero and its people can find a new kind of peace.

Savage Girl Jean Zimmerman, 2014-03-06 "An over-the-top romp through 1870s America . . . compulsively readable."

—Oprah.com Jean Zimmerman's spectacular follow-up to The

Orphanmaster has it all: Gilded Age romance, robber baron excess, detective story suspense, and a compelling female protagonist whom readers will fall in love with. In 1875, the Delegates, an outlandishly wealthy Manhattan couple on a tour of the American West, seek out a sideshow attraction called "Savage Girl." Her handlers avow that the wild, seemingly mute Bronwyn has been raised by wolves. Presented with the perfect blank slate to explore the power of civilized nurture, the Delegates take her back east to be introduced into high society. Cleaned up, Bronwyn is blazingly smart and darkly beautiful; as she takes steps toward her grand debut, a series of suitors find her irresistible—and begin to turn up murdered.

The Fox and The Heir Peggy Hunter,2007-12-01 Jayne Foxton likes her uncomplicated life. In fact, she'd detour several miles to avoid complications of any sort. And then Jacob insists she do what she can to bring his grandson to him before his death. David Strand knows his grandfather is using his personal assistant to lure him back to run the family empire. David has no intention of giving in to the old man but certainly doesn't mind entertaining the sweet Jayne for a while. Little Jaynie's not nearly as plain as he thought. Laptop from Hell Miranda Devine, 2021-11-30 As seen on Tucker Carlson Tonight! USA Today and Wall Street Journal Bestseller! The inside story of the laptop that exposed the president's dirtiest secret. When a drug-addled Hunter Biden abandoned his waterlogged computer at a Mac repair shop in Delaware in the spring of 2019, just six days before his father announced his candidacy for the United States presidency, it became the ticking time bomb in the shadows of Joe Biden's campaign. The dirty secrets contained in Hunter's laptop almost derailed his father's presidential campaign and ignited one of the greatest media coverups in American history. This is the unvarnished story of what's really inside the laptop and what China knows about the Bidens, by the New York Post journalist who brought it into the open. It exposes the coordinated censorship operation by Big Tech, the media establishment, and former intelligence operatives to stifle the New York Post's coverage, in a chilling exercise of raw political power three weeks before the 2020 election. A treasure trove of corporate documents, emails, text messages, photographs, and voice recordings, spanning a decade, the laptop provided the first evidence that President Joe Biden was involved in his son's ventures in China, Ukraine, and beyond, despite his repeated denials. This intimate insight into Hunter's dissolute lifestyle shows he was incapable of holding down a job, let alone being paid tens of millions of dollars in high-powered international

business deals by foreign interests, unless he had something else of value to sell—which of course he did. He was the son of the vice president who would go on to become the leader of the free world.

Traveling on One Leg Herta Müller,1998-11-11 The protagonist of Herta Muller's *Traveling on One Leg* is Irene, a fragile woman born to a German family in Romania, who has recently emigrated from Romania to Germany. The novel focuses on Irene's relationship with three men: Franz, whom she met in Romania and who was unwilling to respond to her love for him; Stefan, a friend of Franz's; and Thomas, a bisexual bookseller in perpetual crisis. Despite being born to a German family, Irene's place in Germany is as a recent emigre and an unassimilated Romanian German. She feels neither longing for Romania nor any comfort in her newly adopted Germany. Politically and socially isolated, Irene moves within the emotional orbit of these three men, while at the same time moving between West Berlin, Marburg, and Frankfurt, taking a dissonant journey within strange yet familiar territory. Characterized by the same sense of profound isolation found in Muller's *The Land of Green Plums* (see page 20), *Traveling on One Leg* is a poignant exploration of exile, homeland, and identity.

Memoirs of a Fox-hunting Man Siegfried Sassoon,2024-01-02T00:00:00Z First published in 1928, now public domain in the United States and Canada. British army officer on the Western Front during WW1 recalls his youth as a rural gentry lad interested only in horses, cricket matches and fox-hunting. A delightful tale of Victorian England which received the prestigious Huntington Prize.

Horse Show Boyfriend Austin Bell,2017-03-30 I always knew my girlfriend was into riding, but it wasn't until we moved near Wellington, FL that I was unknowingly pulled into the vortex

of the A-circuit hunter/jumper equestrian world. By the end of the Winter Equestrian Festival there, she had quit her job to visit horse shows all over the east coast and blog about them. I made the decision to go along and logged over 20 weeks at horse shows in 6 states, observing everything from FEI 5* Grand Prix events to Cleveland Bay classes. I realized eventually to justify it all, especially Pony Finals, I would need to write about my trip. This is an account of the places, horse shows, and the people I observed and experienced. It is written for those who want to know more about the sport, as well as for seasoned riders to read and give to friends and loved ones who think that they race horses.

The Unquiet Dead Ausma Zehanat Khan, 2015-01-13 “Khan is a refreshing original, and *The Unquiet Dead* blazes what one hopes will be a new path guided by the author's keen understanding of the intersection of faith and core Muslim values, complex human nature and evil done by seemingly ordinary people. It is these qualities that make this a debut to remember and one that even those who eschew the [mystery] genre will devour in one breathtaking sitting.” —The LA Times Despite their many differences, Detective Rachel Getty trusts her boss, Esa Khattak, implicitly. But she's still uneasy at Khattak's tight-lipped secrecy when he asks her to look into Christopher Drayton's death. Drayton's apparently accidental fall from a cliff doesn't seem to warrant a police investigation, particularly not from Rachel and Khattak's team, which handles minority-sensitive cases. But when she learns that Drayton may have been living under an assumed name, Rachel begins to understand why Khattak is tip-toeing around this case. It soon comes to light that Drayton may have been a war criminal with ties to the Srebrenica massacre of 1995. If that's true, any number of people might have had reason to help Drayton to his death, and a murder investigation could have far-reaching ripples throughout the community. But as Rachel and Khattak dig deeper into the life

and death of Christopher Drayton, every question seems to lead only to more questions, with no easy answers. Had the specters of Srebrenica returned to haunt Drayton at the end, or had he been keeping secrets of an entirely different nature? Or, after all, did a man just fall to his death from the Bluffs? In her spellbinding debut, Ausma Zehanat Khan has written a complex and provocative story of loss, redemption, and the cost of justice that will linger with readers long after turning the final page.

Scatterlings Martin Shaw, 2016 In Scatterlings Martin Shaw

walks the myth-lines of seven stories based in and around his homeland of Dartmoor, England. Rather than the commentaries on such tales being primarily balanced against other literary sources, Shaw uses what actually occurs on these walks as the main source of information on the tales. The swoop of raven, the swamp, the thinking that moves through him, all form a knot of

relationship between the land and the story. As he walks he tells the story of the place back to itself. This is a highly unusual move for a mythologist, an aspiration to use speech as form of animistic relationship, of binding, of praise to a place. In a time of rapid migrations and climatic movement, Shaw asks: how could we be not just from a place but of a place? When did we trade shelter for comfort? what was the cost of that trade? What are the stories the west tells itself in private? *Scatterlings* also takes us on a wonder through the wild edges of British culture, a story of secret histories: from the ancient storytelling of the bardic schools to medieval dream poetry, from the cunning man to animal call words, to Arabian and steppe Iranian influence on English dialect. Through its astonishing journey, Shaw reveals to us that when you gaze deep enough into the local you find the nomad, and when you look deep enough into the nomad you find the local. *Scatterlings* is a rebel keen, a rising up, to bend your head to the stories and place that claim you.
