**Adventures In The Ice Age** Linda Bailey, 2004-09-01 The Binkerton twins and their little sister, while returning to the Good Times Travel Agency, are transported to the Ice Age, where they encounter a large woolly mammoth who shows them how to survive this frozen landscape.

**Thousand-Miler** Melanie Radzicki McManus, 2017-03-09 In thirty-six thrilling days, Melanie Radzicki McManus hiked 1,100 miles around Wisconsin, landing her in the elite group of Ice Age Trail thru-hikers known as the Thousand-Milers. In prose that's alternately harrowing and humorous, Thousand-Miler takes you with her through Wisconsin's forests, prairies, wetlands, and

farms, past the geologic wonders carved by long-ago glaciers, and into the neighborhood bars and gathering places of far-flung small towns. Follow along as she worries about wildlife encounters, wonders if her injured feet will ever recover, and searches for an elusive fellow hiker known as Papa Bear. Woven throughout her account are details of the history of the still-developing Ice Age Trail—one of just eleven National Scenic Trails—and helpful insight and strategies for undertaking a successful thru-hike. In addition to chronicling McManus's hike, Thousand-Miler also includes the little-told story of the Ice Age Trail's first-ever thru-hiker Jim Staudacher, an account of the record-breaking thru-run of ultrarunner Jason Dorgan, the experiences of a young combat veteran who embarked on her thru-hike as a way to ease back into civilian life, and other fascinating tales from the trail. Their collective experiences shed light on the motivations of thru-hikers and the different ways hikers accomplish this impressive feat, providing an entertaining and informative read for outdoors enthusiasts of all levels.

**Adventures of Ice Age** ,2013 Ice age, continental drift. Manny's big adventure: Manny, Sid, and Diego must fight to return home when the continents drift.

**Ice Age** Ruben Ygua,2023-07-04 Centuries before the first pharaohs, when the great kingdoms had not yet been born, primitive tribes constituted the first societies in the valleys of the great rivers Nile, Euphrates and Tigris, in Anatolia and on the edge of deserts and mountains. Sedentary villages existed millennia before agriculture and the domestication of animals, inhabited by hunter-gatherer clans, who practiced a nomadic life only when climatic changes affected the resources of their territory. These people organized communities that maintained an intense trade in the middle of the Stone Age, exchanging the most diverse products, transported more than two thousand

kilometers from their place of origin without the help of any animal, sometimes navigating rivers and seas. Before pottery, before the spread of the use of copper, before the domestication of the horse, before the plow... complex societies of hunters collected wild cereals to make wheat and barley flour, drank beer, consumed bread... and erected sanctuaries and temples, which archaeology has only just begun to discover. At the dawn of time, the first chapters of human history took place at a time when only one animal had been domesticated: the dog. However, mankind was not left to its own fate; powerful gods watched... and sometimes intervened.
