Perugia Guide, Umbria, Italy Ellis

Robertson, 2020-02-03 Perugia Guide, Umbria, Italy. The History, and Travel Information. Lifted by a hill above a valley patterned with fields, where the river Tiber runs swift and clear, Perugia is Umbria's petite and immediately likeable capital. Its historic center, rises in a helter-skelter of cobbled alleys, arched stairways and piazzas framed by magnificent palazzi (mansions). History seeps through every shadowy corner of these streets and an aimless wander through them can feel like time travel. The closest tourist destinations to Perugia are the lovely pilgrimage town of Assisi just 20 minutes away by train and Lake Trasimeno. A circular tour of the Umbria region could take in a range of pretty historic towns: Assisi, Spello, Spoleto, Orvieto, Lake Trasimeno and Gubbio. There are also plenty of smaller towns and villages where travelers can potter and pass a pleasant couple of hours. Deruta is famous for its ceramics and is a good place to view Italian majolica in a museum and to buy in local shops.

The Story of Perugia Margaret Symonds, 2012-01
Purchase of this book includes free trial access to www.million-books.com where you can read more than a million books for free. This is an OCR edition with typos. Excerpt from book: CHAPTER III The Baglioni. Paul III. and last years of the City CO after centuries of steady struggle fate had at last decreed that the nobles should have their way. Because the way of the Baglioni is the most picturesque point in all the annals of Perugia, because it was crowned by one of the most horrible domestic tragedies of Italian history, and because, moreover, it happens to have been so admirably and so vividly recorded, we are sometimes inclined to regard it as the most important fact about the town. We must, however, remember that it was only one of the infinite

points which make the city's history, and that the rule of the Baglioni covers a period of not more than fifty years. By a rare coincidence it happened that exactly at this period, i.e., during the ascendancy of the Baglioni, there was living in the city of Perugia a scholar by name Matarazzo or Maturanzio.¹ This scholar took upon himself to record day by day the extraordinary exploits of a family in whose good looks and deeds of violence, their jousts and subterfuges, he may be truly 1 The well-known scholar, Francesco Matarazzo, was born at Perugia in 1443, studied there, married, and died there in 1518. It has been doubted whether he really was the author of the marvellous chronicle of the deeds of the Baglioni, but there is nothing to disprove this; the dates coincide, and the chronicle is always included in the list of his life-works. said not only to have delighted but to have revelled. To understand the Baglioni and the fashion in which they were regarded by the men of their day: terror, hatred, fear, and a cringing admiration being pretty well mixed, one must study the chronicles of Matarazzo in the original.¹ But as it would be' impossible, and even impertinent for us to try and retell the...

The Story of Perugia Lina Duff Gordon, Margaret Symonds, 1912 WHEN but a little while ago we undertook to write a 'guide book' to one of the better known towns of Central Italy, we realised perhaps imperfectly how wide and full was the field of work which lay before us. The 'story' of Perugia is, like the story of nearly all Italian towns, as full and varied as the story of a nation. Every side-light of history is cast upon

it, and nearly every phase of man's policy and art reflected on its monuments. To do justice to so grand a pageant in a narrow space of time and binding was, we may fairly plead, no easy task; and now that the work is done, and the proofs returned to the printer, we are left with an inevitable regret; for it has been impossible for us to retain in shortened sentences and cramped description the charm of all the tales and chronicles which we ourselves found necessary reading for a full knowledge of so wide a subject. If this small book have any claim to merit it is greatly due to the faithful and ungrudging help rendered to its authors throughout their study, by one true guide; by many old friends; and by the inhabitants of the town whose name it bears for title. We can never adequately express our sense of gratitude to the people of Perugia, to whom we came as utter strangers, but who received us with such great courtesy and kindness as to make our stay and study in their midst a pleasure as well as an education. Our book is intended for the general traveller rather than for the student. We have offered no criticism, and have quoted whenever we could from the pages of contemporary chronicles. We have dealt with Perugia as with the heroine of a novel, describing her particular progress, and not confounding it with that of neighbour towns, equally important in their way, and each struggling, as perhaps only the cities of Italy knew how to struggle, towards an individual supremacy in a state lacerated by foreign wars and policies.
