Southern Italy in the Late Middle Ages Eleni Sakellariou,2011-12-09 This book combines economic history and theory to offer a positive reappraisal of the interaction between demographic forces, urbanization, commercialisation and the role of the state, and their impact on the late medieval economy of the kingdom of Naples.

The Ethics of Ornament in Early Modern Naples J.Nicholas Napoli,2017-07-05 The Carthusian monks at San Martino began a series of decorative campaigns in the 1580s that continued until 1757, transforming the church of their monastery, the Certosa di San Martino, into a jewel of marble revetment, painting, and sculpture. The aesthetics of the church generate a jarring moral conflict: few religious orders honored the ideals of poverty and simplicity so ardently yet decorated so sumptuously. In this study, Nick Napoli explores the terms of this conflict and of how it sought resolution amidst the social and economic realities and the political and religious culture of early modern Naples. Napoli mines the documentary record of the decorative campaigns at San Martino, revealing the rich testimony it provides relating to both the monks' and the artists' expectations of how practice and payment should transpire. From these documents, the author delivers insight into the ethical and economic foundations of artistic practice in early modern Naples. The first English-language study of a key monument in Naples and the first to situate the complex within the cultural history of the city, *The Ethics of Ornament in Early Modern Naples* sheds new light on the Neapolitan baroque, industries of art in the age before capitalism, and the relation of art, architecture, and ornament.

Vascular Emergencies Robert L. Rogers,Thomas Scalea,Lee Wallis,Heike Geduld,2013-04-04 Vascular emergencies are common in the practice of emergency medicine, and emergency care providers will no doubt encounter these entities on a day-to-day basis in the emergency department. Of all of the clinical entities in the house of medicine, vascular emergencies typically are the most time sensitive, and the patients with these conditions tend to be the sickest. Vascular emergencies by their very nature are limb and life threatening, and emergency physicians and other acute care providers should be expert in the care and disposition of this group of patients in order to ensure an optimal outcome. This book, developed by emergency physicians, vascular surgeons, and trauma surgeons who know what it is like to see patients day in and day out, will focus on the acute presentation of vascular emergencies in the emergency department. The overall aim of the book is to provide practical, useful information that will allow for the delivery of excellent medical care--Provided by publisher.

I centri minori italiani nel tardo Medioevo Centro di studi sulla civiltà del tardo medioevo (San Miniato, Italy). Convegno,2018-01-01 In the late Middle Ages, Italy was one of the most urbanized areas in Europe. Its coasts, the Apennines, the perialpine area and the plains were all home to a large number of smaller towns, lands, villages, castra, and 'quasi cites'. These settlements were all very diverse in terms of demographic consistency, social articulation and economic dynamism, but together they constituted a characteristic and constitutive element of the Italian historical identity: an 'original personality'. This volume, thanks to some framing essays and a mapping of individual cases involving most of the northern, central and southern regions, aims at investigating the active research on this topic over the last thirty to forty years.

Crusade of Charity Margherita Marchione,2006 During World War II a powerful system for prisoners of war to communicate with their loved ones, and for their loved ones to learn about their imprisonment, was developed through the Vatican Information Office, which was set up by Pope Pius XII immediately after the war began in 1939. Young and old appealed to Pius XII for help in locating missing sons, husbands, relatives, and friends. In turn, the office he set up to deal with such requests sought night and day to provide information and comfort. To help the effort, Vatican Radio broadcast 1.2 million shortwave messages asking for news about missing individuals. Not only are there hundreds of thousands of documents regarding this clearinghouse activity in the Vatican Secret Archives, but there are also 20 million letters with additional information on file cards for each of these individuals. *Crusade of Charity* reveals this untold story of grief and heroism, comfort and support, through documents, letters, telegrams, and reports of the apostolic delegates who visited war prisoners in camps around the world, as well as through the words of family and friends.--BOOK JACKET.

Europäische Musiker in Venedig, Rom und Neapel 1650-1750 Anne-Madeleine Goulet,Gesa zur Nieden,2018-11-07 Der Abschlussband des deutsch-französischen ANR-DFG-Projekts MUSICI widmet sich der Musikermigration im Europa der Frühen Neuzeit mit einem kultur- und musikgeschichtlichen Blick auf Venedig, Rom und Neapel als Reiseziele und Wirkungsorte von Instrumentalisten, Sängern, Komponisten und Instrumentenbauern, die nicht von der italienischen Halbinsel stammten. Im Sinne einer *histoire croisée* werden Netzwerke, Integrations- und Austauschprozesse aufgedeckt, mit denen fremde Musiker zwischen musikalischem Alltag und herausragenden Festlichkeiten konfrontiert waren. Auf dieser Grundlage wird eine systematische Betrachtung der frühneuzeitlichen Musikermigration sowie eine Untersuchung musikalischer Stile jenseits nationaler Forschungstraditionen möglich.
