Elegant Pie Karin Pfeiff-Boschek, 2019-10-29 A designer who's "turned pie crust decorating into an art form" shows how to embellish an ordinary crust—for a creation as beautiful as any cake (Martha Stewart). Everyone knows that serving a pie for dessert makes guests happy. And serving one with a beautifully designed crust that makes guests swoon is even better. Pies can be as stunningly attractive as the most decorative cakes with the use of some basic techniques and the appropriate care when working with pie dough. The recipes and techniques in this book give any home baker the tools to create breathtaking works of pie art. From preparation of the dough to the last moments of baking, all methods are clearly presented using step-by-step photographs. A flat surface, rolling pin, sharp knife, and cookie cutters of different sizes and shapes make embellishing an ordinary pie crust easy. The 25 designs in this book, arranged by three levels of difficulty, range from graphic art styles to seasonal-inspired florals—offering the first guide to creating these stunning works of edible art. "[A] gorgeous cookbook...As the book progresses, so do your skills." —Taste of Home

Being Mary Bennet J. C. Peterson, 2022-03-15 It is a truth universally acknowledged that every bookworm secretly wishes to be Lizzy Bennet from *Pride and Prejudice*. A less acknowledged truth is that Mary Bennet might be a better fit. For Marnie Barnes, realizing she's a Mary Bennet is devastating. But she's determined to reinvent herself, so she enlists the help of her bubbly roommate and opens up to the world. And between new friends, a very cute boy, and a rescue pup named Sir Pat, Marnie finds herself on a path to becoming a new person entirely. But she's no Lizzy, or even Mary—instead, she's someone even better: just plain Marnie. With a hilariously sharp voice, a sweet and fulfilling romance that features a meet-cute in an animal shelter, and a big family that revels in causing big problems, this charming comedy of errors about a girl who resolves to become the main character of her own story (at any and all costs), is perfect for fans of Jenny Han and Becky Albertalli...and Jane Austen, of course.

Overliked Rob Singleton, 2021-04-27 Wall Street Journal and USA Bestseller How to Connect with What's Most Important in a Hyperconnected World Social media has the power to do a lot of good, but it can also get in the way of authenticity and create a sense of disillusionment. In *Overliked*, pastor and author Rob Singleton asks readers to take a closer look at the optics in their lives and in the world around them. This is a book about understanding how to see “likes” and “selfie” culture for what they really are and how to connect with the heart of God to build out a new way of thinking about social image. We have technology and social tools all at our disposal, but when we recognize that so many in our culture now look for acceptance in how they're perceived, feel pressure to project something about themselves that isn't true, or take action based on facts that have been spun, that's a problem that runs deep. Singleton shows readers how to find their way through the complexities by pointing them to God, who created truth, genuine love, and meaningful relationships. Written for those who believe—for this generation and the next—that they need to get a better handle on what's real in this culture and in the lives of those they care about, this book brings authenticity and hope to the center of it all. Singleton offers powerful insights into how we can better leverage the information in the world around us without losing who we are. When we begin to see the real us behind the avatars, we gain the clarity we need to live better, love bigger, and become who we were always meant to be.

Simple Soulful Sacred Megan Dalla-Camina, 2019 A guidebook for the modern woman, who wants to create space in her life for more wellbeing, simplicity and joy. Simple Soulful Sacred is a guidebook for the modern woman who seeks clarity and guidance on how to live the life of her dreams, on her own terms. It's for the women of our time-the mothers, teachers, healers, light workers, dreamers, creators, leaders-who are ready to find their voice, speak their truth and own their power, whilst living life with less hustle and more flow. For modern women wanting more for their lives, it's the now age definition of having it all. Women are rising; ready to step out of the cloak of masculine traits that keep them striving for a version of success that is not their own. Ready to stop hiding their light and playing the comparison game. And ready to fully embody their feminine power. Because whilst the feminine may have been disowned and devalued for centuries, we are so done with that story now. But it's still a paradox. Because within this very rising, women are longing to step out of the noise and chaos, to live more simply. They want time and space for what's most important to them; and the comfort, consciousness and connection that often gets lost in the busyness and distractions of daily life. This book is the bridge women have been seeking. Written with the time-poor reader in mind, this book includes 200 short-form chapters, the perfect length for dipping into while commuting; during a lunch break or at the end of the day. The perfect gift, or self-gift, for women of all ages.
