artists and designers, with over 400 images from sources ranging from Greco-Roman art to Benjamin Franklin and Wes Anderson—Symbols offers a fresh approach to understanding symbolism in the visual arts. **Playing Around** Dorothy Rosencrans, 2003-10 Discover a new world, where you can bridge the gap from virtual to reality. The world of Internet Bridge. You will meet people from all over the world. Get to know them and their cultural differences. You will find they are nice, intelligent, interesting, and very humorous men and women who have enriched my life. Bridge brought us together, and many have become my friends. My partners have ranged in age from 14 to 94. I have played with doctors, lawyers, and an Indian Chief. There have also been teachers, writers, engineers, miners, ranchers, and scientists in every field. I have played with Bill Gates. People I would never have met within the boundaries of my real life. This is not an all-inclusive list. This is a book for bridge players and everyone else. Internet Bridge has some different rules, which are quickly explained, as are basic facts about the game. However, my focus is on the people. You will find yourself smiling, laughing, and touched by their stories. Variety is the spice of life and you will find it here. Bill Gates Finds Duplicate Bridge a 'Window' to Fun. --ACBL Bulletin, August 20, 2000

**The Hidden Lamp** Zenshin Florence Caplow, Reigetsu Susan Moon, 2013-10-21 *The Hidden Lamp* is a collection of one hundred koans and stories of Buddhist women from the time of the Buddha to the present day. This revolutionary book brings together many teaching stories that were hidden for centuries, unknown until this volume. These stories are extraordinary expressions of freedom and fearlessness, relevant for men and women of any time or place. In these pages

we meet nuns, laywomen practicing with their families, famous teachers honored by emperors, and old women selling tea on the side of the road. Each story is accompanied by a reflection by a contemporary woman teacher-- personal responses that help bring the old stories alive for readers today-- and concluded by a final meditation for the reader, a question from the editors meant to spark further rumination and inquiry. These are the voices of the women ancestors of every contemporary Buddhist.
