Bermuda Triangle, Massachusetts Julie Steimle,2018-02-21 Residents of Middleton Village, Massachusetts believed their town was under an ancient curse. Witches were rumored to live in the shadows while werewolves hunted in the woods. No one could move in and no one could move out without deadly consequences. But legends of witches and werewolves aside, any unsuspecting teenage boy who dared venture into the old public library really, truly, and honestly vanished. That is, until Jessica Mason's mother transferred in from the California branch of Deacon Enterprises to the main office in Middleton Village. Too eager to get away after a nasty divorce with her magician-by-trade and con-artist husband, they were unaware of what they were stepping into. Besides, what does a pair of big-city skeptics know about curses? But then, what's to know when destiny is at work?

**The 10 Triangles of Life** Robin Sacredfire, Our life is composed of a multitude of events that either bring us upwards or downwards. These events can be predicted by following certain very ancient laws that merge with everything else that we find in nature and within our spiritual evolution. It's for this reason, that we can, not only predict the future, while using them, but also recognize our state of awareness and improve our existence. The law of attraction, the law of cause and effect and the law of karma would not make any sense without a proper assimilation of how the law of the triangle of power operates. And it's for this reason that all secret societies study this topic and keep addressing it as one of the most important, from the individual that needs to improve his social life, to the organization that needs to acquire more power and wealth. The principles that guide us to power are the same for one person or a group. In this book, the reader is presented with ten types of triangles that lead to more success in life. Studying and applying them will certainly prove itself significantly accurate in the road that one travels towards bigger and better achievements in the fields of love and relationships, wealth and spirituality.

They form the Z Team to try to save their town before the zombies take over.

**THE LULWORTH TRIANGLE** Jim Warren,2013-12-24 These stories have been brought to you rocketing out of the past and into the future. It has been said that people are not ready for this, that these legends winging in from bygone times have arrived seriously ahead of schedule. In fairy-tales witches always wear those absurd black pointed hats, black cloaks, and ride on broomsticks, to a moon made up of green cheese. This is not a fairy tale; this book is about those extravagant, entrancing, and real witches of East Lulworth. Along with those extraordinary, enchanting druids from the realm of the Eggardon Hundreds; the most formidable and heavenly inspired celestial pilots of the light ages. Who with their discernment realized in a flash that the Lulworth Triangle is far more mysterious than the Bermuda Triangle ever has been or is ever likely to be. It's a complete and utter myth by comparison. ALTERNATIVE REVIEWS "I come from Siberia, it is a very cold there, I like this book, it is hot!"—Olya Smith, Firebird Studio, Wumpland

The Battle of Zombie Hill Nancy Osa,2015-07-07 Rob is on his way home from vacation when his plane goes down over the ocean biome. He eventually reaches shore, but where is he? And what new dangers lie ahead? His attempts at survival barely keep him alive until he allies with Frida, the sole inhabitant of a lonely stretch of beach. Rob learns enough from Frida to survive, but he misses life on his family's horse ranch. Determined to find his way home, he sets off to cross the Extreme Hills—and steps into the middle of an ongoing war. The evil Dr. Dirt has enchanted battalions of skeletons to invade every biome and hold every boundary in an attempt to rule the Overworld. Now peace-loving Rob and stealthy Frida must put together their own army and save humanity if Rob is ever to see his home and family again. Using his skills in taming and training horses, Rob forms a cavalry and recruits the friends he makes along the way. Turner and Stormie are naturally brave and quick-witted. Jools and Kim need encouragement but have a way with animals and can unravel even the toughest problems. Unfortunately, Dr. Dirt has a surprise for the ragtag unit; he's mounted his skeleton soldiers on zombie horses, and the combination spells terror for Rob and company. Will they survive an all-out war for the Overworld? And what lies in store for them after the final zombie cavalry charge? This new young adult series is perfect for Minecrafters who want a real adventure story filled with great characters and intense battle scenes. Follow Rob, his trusty horse Saber, and the members of Battalion Zero over massive and deadly terrain in this first book in the Defenders of the Overworld series. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. *Gothic Invasions* Ailise Bulfin,2018-03-28 What do tales of stalking vampires, restless Egyptian mummies, foreign master criminals, barbarian Eastern hordes and stomping Prussian soldiers have in common? As *Gothic Invasions* explains, they may all be seen as instances of invasion fiction, a paranoid fin-de-siècle popular literary phenomenon that responded to prevalent societal fears of the invasion of Britain by an array of hostile foreign forces in the period before the First World War. *Gothic Invasions* traces the roots of invasion anxiety to concerns about the downside of Britain’s continuing imperial expansion: fears of growing inter-European rivalry and colonial wars and rebellion. It explores how these fears circulated across the British empire and were expressed in fictional narratives drawing strongly upon and reciprocally transforming the conventions and themes of gothic writing. *Gothic Invasions* enhances our understanding of the interchange between popular culture and politics at this crucial historical juncture, and demonstrates the instrumentality of the ever-versatile and politically-charged gothic mode in this process.

*Plants Vs. Zombies* Paul Tobin,2019 The Battle Extravagonzo is on as Zomboss and Crazy Dave compete to buy the same factory at the center of Neighborville.

**Gender and Sexuality in Latin American Horror Cinema** Gustavo Subero,2016-05-20 Gender and Sexuality in Latin American Horror Cinema explores the different mechanisms and strategies through which horror films attempt to reinforce or contest gender relations and issues of sexual identity in the continent. The book explores issues of machismo, marianismo, homosociality, bromance, among others through the lens of horror narratives and, especially, it offers an analysis of monstrosity and the figure of the monster as an outlet to play out socio-sexual anxieties in different societies or gender groups. The author looks at a wide range of films from countries such as Cuba, Peru, Mexico and Argentina and draws points of commonality, as well as comparing essential differences, between the way that horror fictions – considered by many as low-brow cinema – can be effective to delve into the way that sexuality and gender operates and circulates in the popular imaginary in these regions.

**Investigating Zombies and the Living Dead** Mary-Lane Kamberg,2015-01-01 For nearly a century, big-screen tales of zombies have fascinated viewers, shambling their way from horror films to action thrillers and comedies. In recent years, there have even been news reports of real zombie-like behavior. But few know the truth behind Haitian folklore’s biggest contribution to global imagination. These pages get to the bottom of the origins of the zombie legend and its changes and development over time. The possible sources of “zombification,” including tropical drugs and poisons, are examined, and real stories of zombies are debunked. Real or not, zombies have invaded pop culture and there’s no escape.
