The Cinema of Hockey Iri Cermak,2017-01-30 Ice hockey has featured in North American films since the early days. Hockey's sizable cinematic repertoire explores different views of the sport, including the role of aggression, the business of sports, race and gender, and the role of women in the game. This critical study focuses on hockey themes in more than 50 films and television movies from the U.S. and Canada spanning several decades. Depictions of historical games are discussed, including the 1980 Miracle on Ice and the 1972 Summit Series. National myths that inform ideas of the hockey player are examined. Production techniques that enhance hockey as on-screen spectacle are covered.

The Principles of Epistemology in Islamic Philosophy Mehdi Ha'iri Yazdi,1992-04-27 This book aims to present to western philosophers the most important theme in Islamic epistemology: knowledge by presence, the knowledge that results from immediate and intuitive awareness, advocated by the author as a viable modern philosophical position. Treating the subject in a thoroughly philosophical manner that is comprehensible to contemporary analytical philosophers, he remains faithful to the Islamic tradition.

The Next CEO Has Been All Over Me from the Moment We Reunited Vol.4 IRI

YUTA,2024-03-01 Finally, they're getting married! But Maiko and Kyouichi have their first fight... Maiko cries, feeling depressed and like she isn't needed because she didn't find out that Kyouichi would be going on an overseas business trip until the day before he left. But Kyouichi says that he didn't tell her because he didn't want to burden her when she's always trying too hard to balance work and chores. Just when Maiko is relieved that the misunderstanding created by their feelings for each other is resolved, Kyouichi's friend Nasu says something unbelievable to her!

YUTA,2024-02-07 "Just be mine..." Kyouichi left his mark on my pinky finger, and I left symbols that he was mine on his neck... Thanks to Kyouichi making their relationship public knowledge, Maiko's days are peaceful once more. One day, Kyouichi invites her to take part in a design competition for the company's new series, and she decides to take on the challenge. However, perhaps because Kyouichi mentioned that he made the product in her image, Maiko isn't able to grasp the product's image properly. In order to encourage Maiko, Kyouichi proposes a bet. But if she loses, she has to become Maiko Seo!

The Development of China's Information Resource Industry Huiling Feng,Guojun Zhao,Minghui Qian,2020-03-11 As an emerging strategic industry in China, the information resource industry (IRI) has had and will continue to have a growing impact on economic and social development. Focusing on the special characteristics of IRI policies in China, this book provides an in-depth discussion of the major directions, methods, and paths of development for IRI policies via a comprehensive analysis of the structural, organizational, promotional policies and policy instruments of China's IRI. Concentrating on policy instruments, this book, for the first time, provides a systematic, well-rounded review of China's IRI policies that have been released to date, and proposes a "China Information Resource Industry Policy Library" comprising six types of IRI policy documents: organizational, information, regulatory, incentives, market, and social. The whole contributes to a comprehensive understanding of the application of various IRI policies in China and also supports the building of industrial policies and the decision-making behind them.

Tablets from the Iri-sârig Archive Marcel Sigrist,Tohru Ozaki,2021-06-21 While each of the previously known archives from the Third Dynasty of Ur has provided distinct views of Sumerian society, those from Iri-Sârig present an extraordinary range of new sources, depicting a cosmopolitan Sumerian/Akkadian city unlike any other from this period. In this publication, Marcel

Sigrist and Tohru Ozaki present more than two thousand newly identified tablets, mostly from Iri-Saĝrig. This unique and extensive corpus elucidates the importance that Iri-Saĝrig represented politically, militarily, and culturally in Sumer. Although these tablets were not able to be cleaned, baked, or photographed, the authors' transliterations are based on the original tablets, often after repeated collations. Moreover, access to so many well-preserved tablets made it possible to improve upon the readings and interpretations offered in previous publications. Volume 1 contains a catalog and classification of the texts by provenance, a list of month names and year formulas, another of inscriptions, a chronological listing of the texts, and extensive indexes of personal names, deities, toponyms, and selected words and phrases. Volume 2 presents the texts in transliteration with substantial commentary. This two-volume publication preserves and makes available to the scholarly community a significant segment of Iraq's cultural legacy that otherwise might have been ignored or even lost. It will augment and enhance our understanding of the unique civilization of Mesopotamia in the late third millennium BCE.
