Drac Von Stoller

<u>Dracula: The Legend Lives</u> Drac Von Stoller, Nestled deep in the woods along a wooded path is an abandoned century-old crypt in an ancient castle that two girls will stumble upon, curiosity gets the best of them, but they will never live to tell about it. It all started when these two friends Alicia and Mary Beth accepted a dare to see if the legend of Drac Von Stoller the prince of darkness was fiction or fantasy. The two girls thought it was a joke and laughed all the way out the door off to what they thought was a waste of time to a night of terror. There was one stipulation about the dare and if they didn't abide by it they would be humiliated at school the next day. The stipulation was that they had to go at sundown and take nothing with them but themselves and a flashlight. Just to make sure the two girls arrived at their destination at sundown the other girls that made the dare drove them to their destination and spent the night in the car to await their arrival with the news of their findings. Alicia and Mary Beth peered out their passenger windows in the back seat of the car and the fear of the unknown was starting to set in as the sun was dropping rapidly off in the distance but they made a dare and they were not about to back out now and be the laughing stock of their classmates the next morning. The car arrived at the right moment as darkness filled the sky. Alicia and Mary Beth looked at each other with fear in their eyes but suppressed their fear and turned to the other girls in the front seat of the car and gave their best performance of courage grabbed their flashlights and said let us go check out this fictitious legend and put it to rest once and for all and have the last laugh. One of the girls in the car yelled out as Alicia and Mary Beth headed off into the woods, "You just might want to take a cross and a stake with you in case you see a vampire?" the girls in the car laughed hysterically as Alicia and Mary Beth entered the woods with the unknown just moments away. As Alicia and Mary Beth got deeper into the woods the wind was picking up and thunder could be heard off in the distance. These two girls were on a mission and just kept pressing forward and hurried in hopes this would all be over soon and they could get back home and never come back to these woods again whether or not it was all made up. As the girls were walking more in-depth into the woods, Alicia said, "Do you see what I'm seeing?" Mary Beth replied, "Yes, I do, It's an ancient castle. Why don't we go back and get the girls and investigate a little further. Before Alicia could get off the ground, a tall, dark figure appeared out of nowhere. As the figure stood in front of her, he said, Are you looking for me?

A Beginner's Guide to iPhone 6 and iPhone 6 Plus Katie Morris,2014-10-06 The latest iPhone models were released on September 19th in the United States and the United Kingdom, and according to Apple, are the "biggest advancements in iPhone history." It's a clever play on words, as the new models both sport much larger screens than the iPhones of yesteryear. Faced with stiff competition from Android flagships that have long featured big screens, the iPhone 6 and 6 Plus are Apple's authoritative answer to the growing number of iOS fans restlessly awaiting their own big phones. The new phones are powered behind the scenes by Apple's latest software release, iOS 8, which also brings many features and changes with it. This guide is designed to walk you through the most important parts of the phone, from the basics and learning how to navigate through the phone, to more advanced features like setting up email accounts and understanding what the cloud really is.
