**YY/T 1233-2014 Translated English of Chinese Standard. (YYT 1233-2014, YY/T1233-2014, YYT1233-2014)** <https://www.chinesestandard.net>,2015-02-15 This Standard specifies the terms and definitions, requirements, test methods, marking, labeling, instructions, packaging, transportation, and storage of cardiac troponin-I (cTnI) quantitative detection reagent (kit) (chemiluminescent immunoassay). This Standard applies to the quantitative detection of human cardiac troponin-I (cTnI) quantitative detection reagent (kit) by the principal of chemiluminescent immunoassay, including the enzymatic and non-enzymatic chemiluminescent immunoassay detection reagent (kit) with carriers such as microplates, tubes, and magnetic particles. This Standard does not apply to the requirements for the calibrator and control materials in reagent (kit).

*The Early History of the House of Savoy (1000-1233)* Charles William Previt -Orton,1912 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

**The Early History of the House of Savoy** C. W. Previt -Orton,2017-10-11 Excerpt from *The Early History of the House of Savoy: 1000-1233* The reign of Count Thomas, however, which is far more fully known to us, gives greater opportunities for selection than the preceding period. The lines of social development are becoming specialized, and in particular the Count's gifts to religious foundations, mainly to the recluse Carthusians, have only an occasional interest for his history. I have therefore made no attempt at a complete commentary on these unpolitical documents of his. In like manner, since the narrative sources become here and there quite lengthy, a full transcript of the texts concerning Savoy has not been given for his reign. They are easy to find and no longer absolutely buried in other matter. Still even with these deductions I trust that everything essential to enable the reader to test the history has been provided. The history of a country like Savoy, which owed its importance to its being on a border and traversed by two European highroads, is naturally in frequent connection with the general history of the Holy Roman Empire. Consequently, I have been obliged from time to time to insert fragments of the imperial annals; but I have done so only when they coincided with those of Savoy, as seemed most advisable in a study with such a definite object as this. In fact, the history of surrounding lands has been introduced but in so far as it explains the events and conditions of Savoy. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Executive Order 12333 And Its Prohibition On Assassinations Major Kimberly A. Cowen,2014-08-15 Through an executive order, the United States forfeited assassination as an instrument of foreign policy. Many Americans believe that the prohibition limits our flexibility in dealing with national security threats, specifically asymmetric threats from rogue leaders. This thesis is an examination of Executive Order 12333 and its prohibition on assassination. This paper further details both legal and moral arguments, for and against assassination. The legal provisions of Executive Order 12333, the Hague and Geneva Conventions, and United Nations Charter will be reviewed. The moral dilemma of assassination will also be discussed. This thesis will address the question of whether the United States can assassinate an individual who poses a threat to its national security and interests. The author concludes that the United States should reserve the option of assassination of its threats as a tool of foreign policy.
