Five-Finger Discount Helene Stapinski,2002-03-12 Now a PBS documentary, this astonishing memoir of growing up in rough-and-tumble Jersey City “will steal your heart” (People) With deadpan humor and obvious affection, Five-Finger Discount recounts the story of an unforgettable New Jersey family of swindlers, bookies, embezzlers, and mobster-wannabes. In the memoir Mary Karr calls “a page-turner,” Helene Stapinski ingeniously weaves the checkered history of her hometown of Jersey City—a place known for its political corruption and industrial blight—with the tales that have swirled around her relatives for decades. Navigating a childhood of toxic waste and tough love, Stapinski tells an extraordinary tale at once heartbreaking and hysterically funny. Praise for Five-Finger Discount “By turns hilarious and alarming, [Helene Stapinski’s] book reads on the surface like something by Damon Runyon and Elmore Leonard, with a dark undertow of real-life pain and disillusion.”—Michiko Kakutani, The New York Times “It’s a brilliant book, a darling book. It is the blessedly modest chronicle of a magical consciousness that seems to have been born pulling diamonds out of the muck, hearing angels’ voices in the fiercest thunder. . . . I adored every word of this wondrous book. Get it. Read it.”—Michael Pakenham, The Baltimore Sun “In the tradition of . . . Rita Mae Brown and Amy Tan, Ms. Stapinski is an exciting writer, unabashedly candid, and at the same time unashamedly self-contained. Five-Finger Discount is a must-read.”—Victoria Gotti, The New York Observer “What [Frank] McCourt did for Limerick, Ireland, Helene Stapinski does for Jersey City.”—The Star-Ledger “Hugely entertaining.”—The Sunday Times (London)

Railroads of Hoboken and Jersey City Kenneth French,2002 With over two hundred historical photographs, Railroads of Hoboken and Jersey City explores the cultural and commercial effects of railway travel in two important New Jersey cities. Because of their unique location directly across the Hudson River from Manhattan, Hoboken and Jersey City have long been centers of transportation activity. When the railway industry was booming in the early twentieth century, four major passenger terminals dotted the left bank of the Hudson from the Jersey Central to the Pennsylvania to the Erie to the Lackawanna. Thousands of people streamed through these terminals every day to the ferries that then took them across the river to New York City. Additionally, tons of freight were brought through the vast train yards along the waterfront. Railroads of Hoboken and Jersey City tells the history of the railroads between the mid-1800s and the 1970s. It also explores how the once vibrant waterfronts of Hoboken and Jersey City went through tremendous decline and how, over time, the waterfront has been restored and redeveloped. New residential and commercial buildings have sprouted along the old Pennsylvania and Erie properties, the Lackawanna Terminal has been restored, and the Central Railroad Terminal is now part of Liberty State Park, one of New Jersey's most popular tourist destinations.

Jersey City of To-Day Walter Gregory Muirheid,2018-02-08 Excerpt from Jersey City of to-Day: Its History, People, Trades, Commerce, Institutions and Industries There were people in Jersey City in 1870. To-day there is, therefore, an increase of about 200 per cent. At this rate of growth Jersey City will be a city of in 1936, but there are none who will not admit that she will have reached the million mark by that time. There are factors of progress to-day that never existed before, and these factors will so materially increase the ratio of increase that the most Optimistic prophet of to-day will be unable to tell what will be the population of Jersey City in 1936. The figures as given above are most conservative, and are based upon the percentage of increase during the past twenty-nine years. They do not take into account the subways, river tunnels and other factors of progress, whose influence is now beginning to be felt. Those agencies, it is believed, will increase the rate of growth so that Jersey City will in all probability have a population of long before 1936. Jersey City is the county seat of Hudson County, the smallest county in point of area yet the most densely populated in the state, the population of the county numbering and comprising thirteen municipalities, divided into two sections of ten and three municipalities each, separated by the Hackensack meadows. The smaller of these two groups comprises what is known as West Hudson and, because of its distance from the county 'seat, forms a locality of its own. The larger group is one great city, the border line separating the various municipalities being the centre of a street, so that the average outsider would not be aware of the fact that he had passed from one municipality to another. This group of municipalities comprises a population of and it is only a question of a few years when it will become a greater Jersey City. Efforts in the direction of consolidation have been under way for some time, but thus far the actual result has not been accomplished, though both commercial and topographic conditions all tend towards the eventful merger of Jersey City, Bayonne, Hoboken, West Hoboken, Union Hill, Weehawken, North Bergen and the smaller towns of Guttenberg, West New York and Secaucus as one great municipality. Left Bank of the Hudson David J. Goodwin,2017-10-03 In the late 1980s, a handful of artists priced out of Manhattan and desperately needing affordable studio space discovered 111 1st Street, a former P. Lorillard Tobacco Company warehouse. Over the next two decades, an eclectic collection of painters, sculptors, musicians, photographers, filmmakers, and writers dreamt and toiled within the building’s labyrinthine halls. The local arts scene flourished, igniting hope that Jersey City would emerge as the next grassroots center of the art world. However, a rising real estate market coupled with a provincial political establishment threatened the community at 111 1st Street. The artists found themselves entangled in a long, complicated, and vicious fight for their place in the building and for the physical survival of 111 1st Street itself, a site that held so much potential, so much promise for Jersey City. Left Bank of the Hudson offers a window into the demographic, political, and socio-economic changes experienced by Jersey City during the last thirty years.

Documenting the narrative of 111 1st Street as an act of cultural preservation, author David J. Goodwin’s well-researched and significant contribution addresses the question of the role of artists in economically improving cities. As a Jersey City resident, Goodwin applies his knowledge of the city’s rich history of political malfeasance and corruption, including how auspicious plans for a waterfront arts enclave were repeatedly bungled by a provincial-minded city administration. In writing this story, Goodwin interviewed thirteen artists and residents, two businesses, three government officials, and five non-profits, civic organizations, and community activists. The book chronologically explores the history and business of the P. Lorillard Tobacco Company, its evolution into a bustling arts community, the battle to preserve the warehouse as a historic structure, and the lessons to be drawn from the loss and ultimate demolition of the building in 2007, as well as the present state of the neighborhood. Setting the facts straight for future generations, Left Bank of the Hudson provides an illustrative lesson to government officials, scholars, students, activists, and everyday citizens attempting to navigate the “rediscovery” of American cities.

Jersey City to Escobar's Colombia Gerard Horning,2021-10-15 It was more than shock waves that went through downtown Jersey City in the sixties and early seventies, the Vietnam era. Forty or more people I was familiar with succumbed to alcohol and drugs. No one seemed to give any advice, only do as I say. No hugging, no loving, only surviving. Parents that talk more to themselves than to us. Fear, despair, and insecurities on my mind. Never had thoughts of my future, only to find out years later how things would change... Colombia, South America in the early nineties. Was introduced to Os, who changed much of Colombia, and the reward for the deeds I accomplished were the most beautiful women in the world. Os was a ruthless man, no nonsense, and on a mission to eliminate the drug lords. You will not learn compassion here, no pity, little love I was told, but my biggest mistake was love with a daughter of a right-hand man of Escobar who was called El. The table was always full of profiles of beautiful women. I went through hundreds, sometimes three a day, until she came along. This is not a love story. This is the hardcore truth from the streets to the moto girls killers...
